Hello, Big Up. How can I help you? ... Hello? ...
Yes? ... I want some advice ... Yes? ... I had this
friend and he wanted some booty and he had no condoms
and I said no and he said well if I ain't got it and he ain't got
it what was I worrying about... and you want to know
if you did the right thing? ... Yes ... Well fuck-
ing, screwing, grinding, doing the do, fooping,
whether you give or take or you're top or bot-
tom - without a condom is just plain stupid...
So I was right? ... Yes. Doing it without a condom
is one of the main ways by which HIV (Human
Immunodeficiency Virus) is transmitted. It's all
about exchanging bodily fluids ... Oh, right...
Look, while we're at it, there are some other
basics you should remember ... Like? ... Like,
most condoms are unsuitable for anal sex so
you use extra strong condoms like DUREX
ULTRA STRONG, HT SPECIAL, GAYSAFE or MATES
SUPER STRONG with plenty of water based lube.
No vaseline. No cocoa butter. No baby oils as
they all destroy condoms ... Really? ... Yes...
How do I? ... put it on, simple ... 1 take one hard
cock. if foreskin, pull it back carefully 2 take
one unopened condom pack, noting sell by date
... I never thought of that... and open carefully. put
condom on his hood or yours if you prefer ...
Oh... 3 roll condom carefully down the cock. 4
apply lots of water-based lube onto condom and
butt hole remembering ... no oils... good, and
then some more. it makes it easier to enter
and helps avoid tearing the condom 5 Now you
can fuck but remember no condom is 100% fail-
safe so it helps to be careful. If it feels wrong
stop and repeat steps 1-4 with a new condom 6
when you've finished pull out holding onto the
condom at base 7 throw condom away. DO NOT
RE-USE. always carry condoms and lubes with
you cos you never know. Remember ... if it doesn't
feel right don't. Thanks ... My pleasure ... Click
