1997

He wants to fuck you and he doesn't want to use a rubber. . . we've all been there. . .

YOU'RE THINKING...

He's gorgeous and I've already seen his dick. It's one of those dicks you just want . . .

He's probably negative . . .

But a little won't hurt, I mean just an inch . . .

I'm too pissed to think about it now. I can worry about this tomorrow . . .

Who wants to live forever . . .

BUT YOU'RE ALSO THINKING...

Just because he's gorgeous doesn't make me a dog's arse, I believe I'm worth looking after. Besides, if he's asking me for unsafe sex, how many other guys has he spun this line to.

Yeah, most guys are negative, BUT. . . 1 in 5 gay men in London are positive, and only half of them have had an HIV test, so he may not even know if he is positive.

Get real. Give me an inch and I know I'll take the lot, and once we get started, I won't want to stop.

I'll hate myself tomorrow, just like I did the last time, and the time before...

If I'm not happy with my life now then being HIV positive isn't going to make it any better. . . Maybe I need to look at why I'm unhappy but one thing's for sure, fucking without condoms isn't the answer.
