how to use a condom...

1. Check the expiry date. Open carefully. Don't bite the packet.

2. Hold condom by test or closed end. Pull back foreskin. Roll condom over cock head, squeezing air out of test end to make room for cum.

3. Unroll condom to the base of your cock. Add extra lube to the outside of the condom and up his arse. Check condom is in place while fucking.

4. After you cum, hold condom and pull out while still hard. Bin it, don't flush it.

freedoms

When you're out and you need condoms and lube in a hurry, Freedoms packs are provided free for you. Please buy your own regular supplies and only take Freedoms packs when you really need them.

Our online shop, www.freedoms-shop.com, offers a wide range of condoms and lubricants at the lowest prices you'll find anywhere.

Using condoms when you fuck not only prevents the transmission of HIV, it also reduces the chance that sexually transmitted infections will be passed on.

Enjoy a healthy sex life – use condoms when you fuck.

For more information, read 'Condoms – Everything a gay man needs to know', available free in gay bars alongside our other booklets. The booklets can also be read at www.metromate.co.uk, a website which carries information on a wide range of health services available to gay men in London.

The Freedoms free condom scheme is funded through the London Gay Men's HIV Prevention Partnership and managed by Camden and Islington Gay Men's Team, THT and CLASH.
