tales of gay sex

it ain't
who you do..

The Terrence Higgins Trust

**HOT
SEX
NOW**

MIKE, SANDIP
AND STEVE ARE
ALL HIV+...

SHOULD I TELL
MY PARTNERS
THAT I'M
POSITIVE?

MIKE ALWAYS TELLS HIS PARTNERS ...

... SO
THAT'S HOW
IT IS

DOESN'T
WORRY ME
...

I HAVEN'T
BEEN
TESTED
...

SANDIP PREFERS NOT TO TELL ...

I'M ONLY INTO
SAFER SEX

THAT'S GREAT,
SO AM I

I CAN'T WAIT
TO GET HIM
HOME...

... AND IT'S ALL
THE MORE FUN
BECAUSE IT'S
SAFER!

SAFER SEX MEANS
THAT IT DOESN'T
MATTER WHETHER
OR NOT YOU'VE
BEEN TESTED

..it's the way that you do him

There are two main ways in which you can give or get HIV :

- by getting infected blood or cum into the bloodstream (for example, through sharing needles)
- by getting infected blood or cum up the arse or down the opening of the dick (by fucking or getting fucked)

Getting cum in your mouth is thought to be very low risk.

Telephone the Terrence Higgins Trust Helpline on 071-242 1010 (3pm -10pm daily), for confidential advice, counselling or information.
