tales of gay sex 9

Hurry up Joe -  
we'll miss the plane

I'm just packing  
some lube and  
condoms - we  
might not be able  
to get strong  
ones there

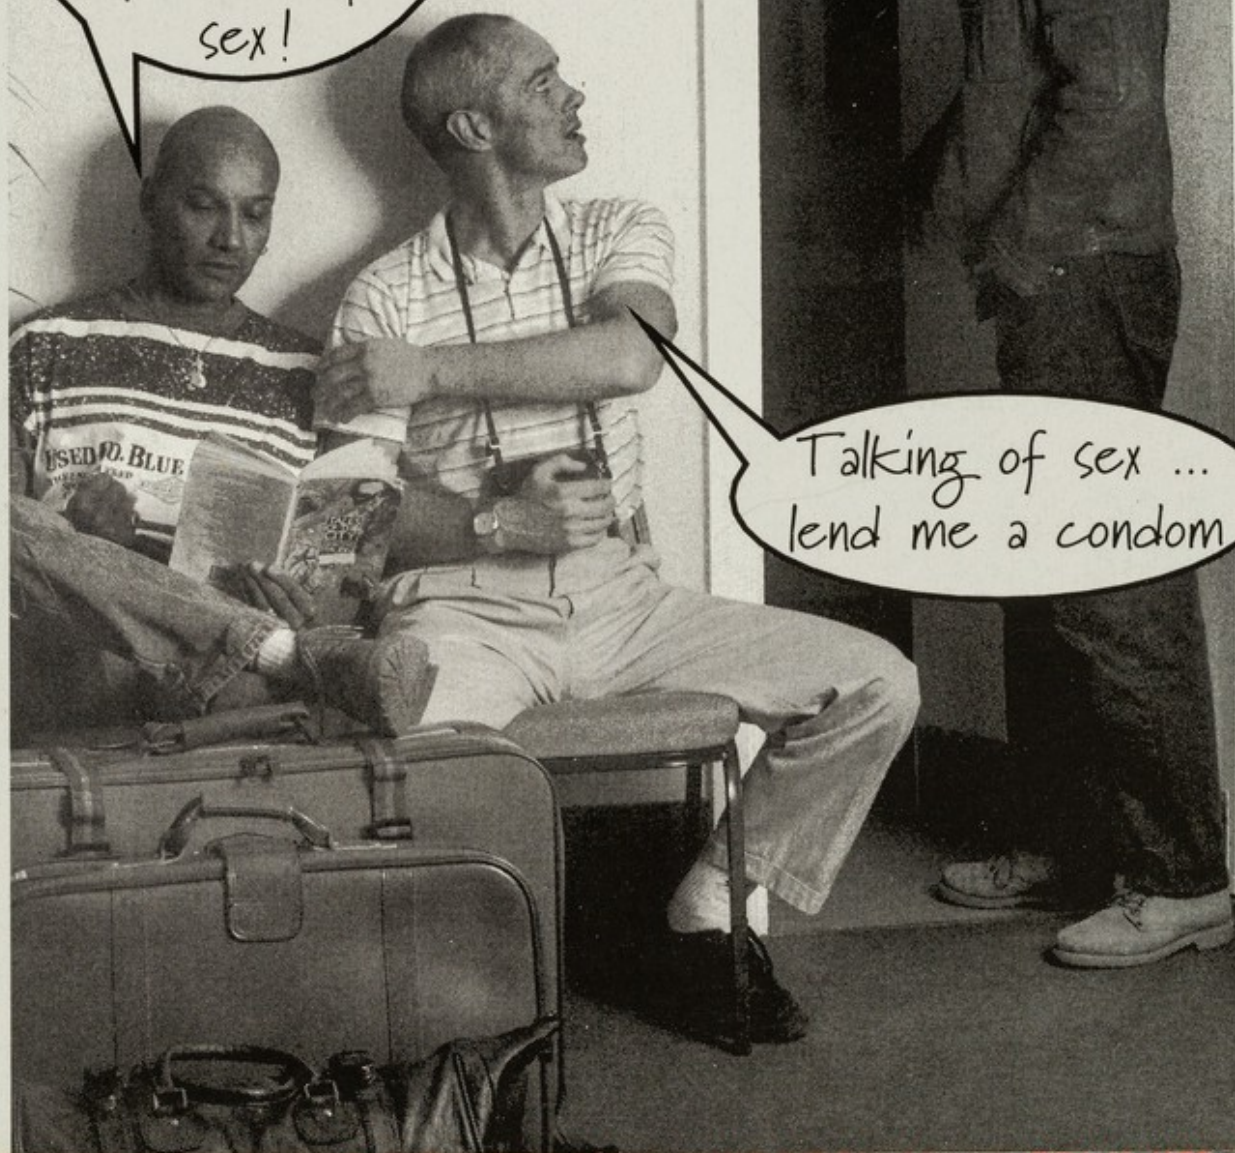

# at the airport

INTERNATIONAL  
DEPARTURES

I can't  
wait, soon we'll  
be soaked in sun,  
surf and rampant  
sex!

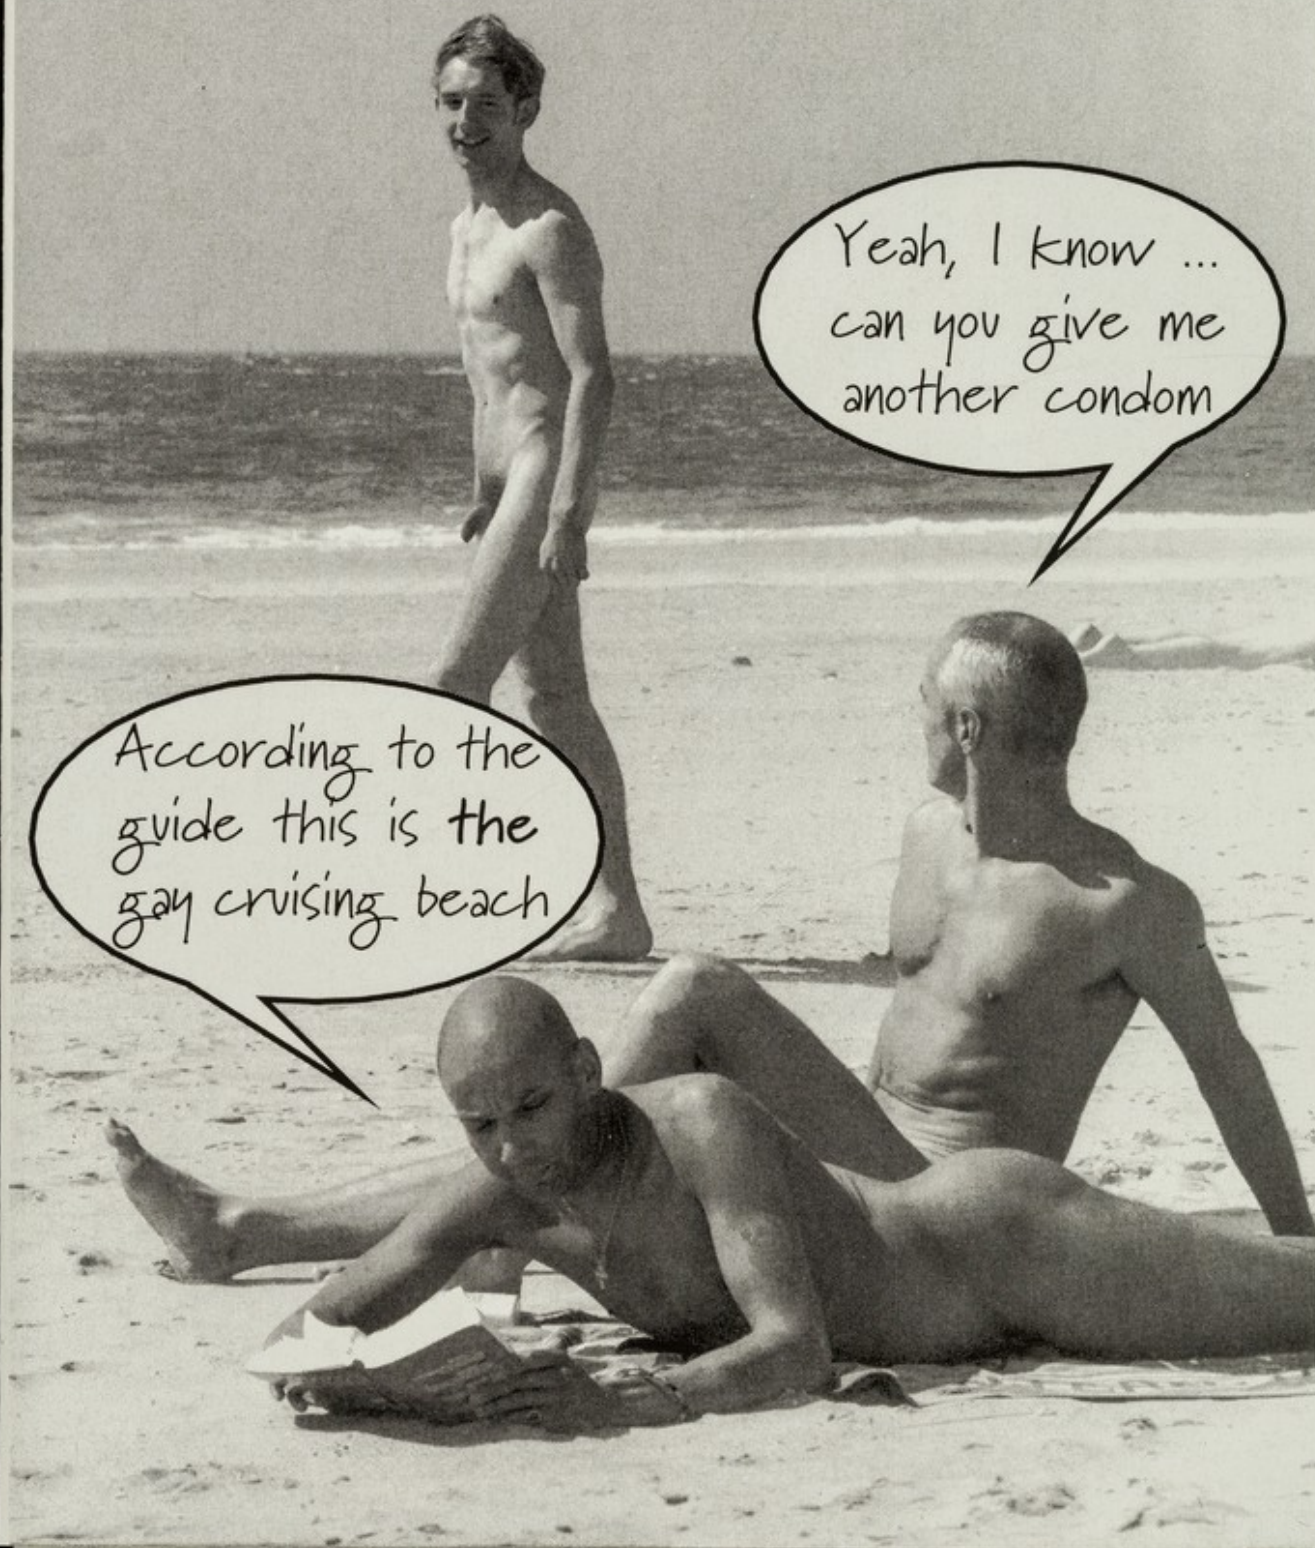

Talking of sex ...  
lend me a condom

GENTS

the next day

and the next day

Three condoms down -  
I'm glad Joe came prepared

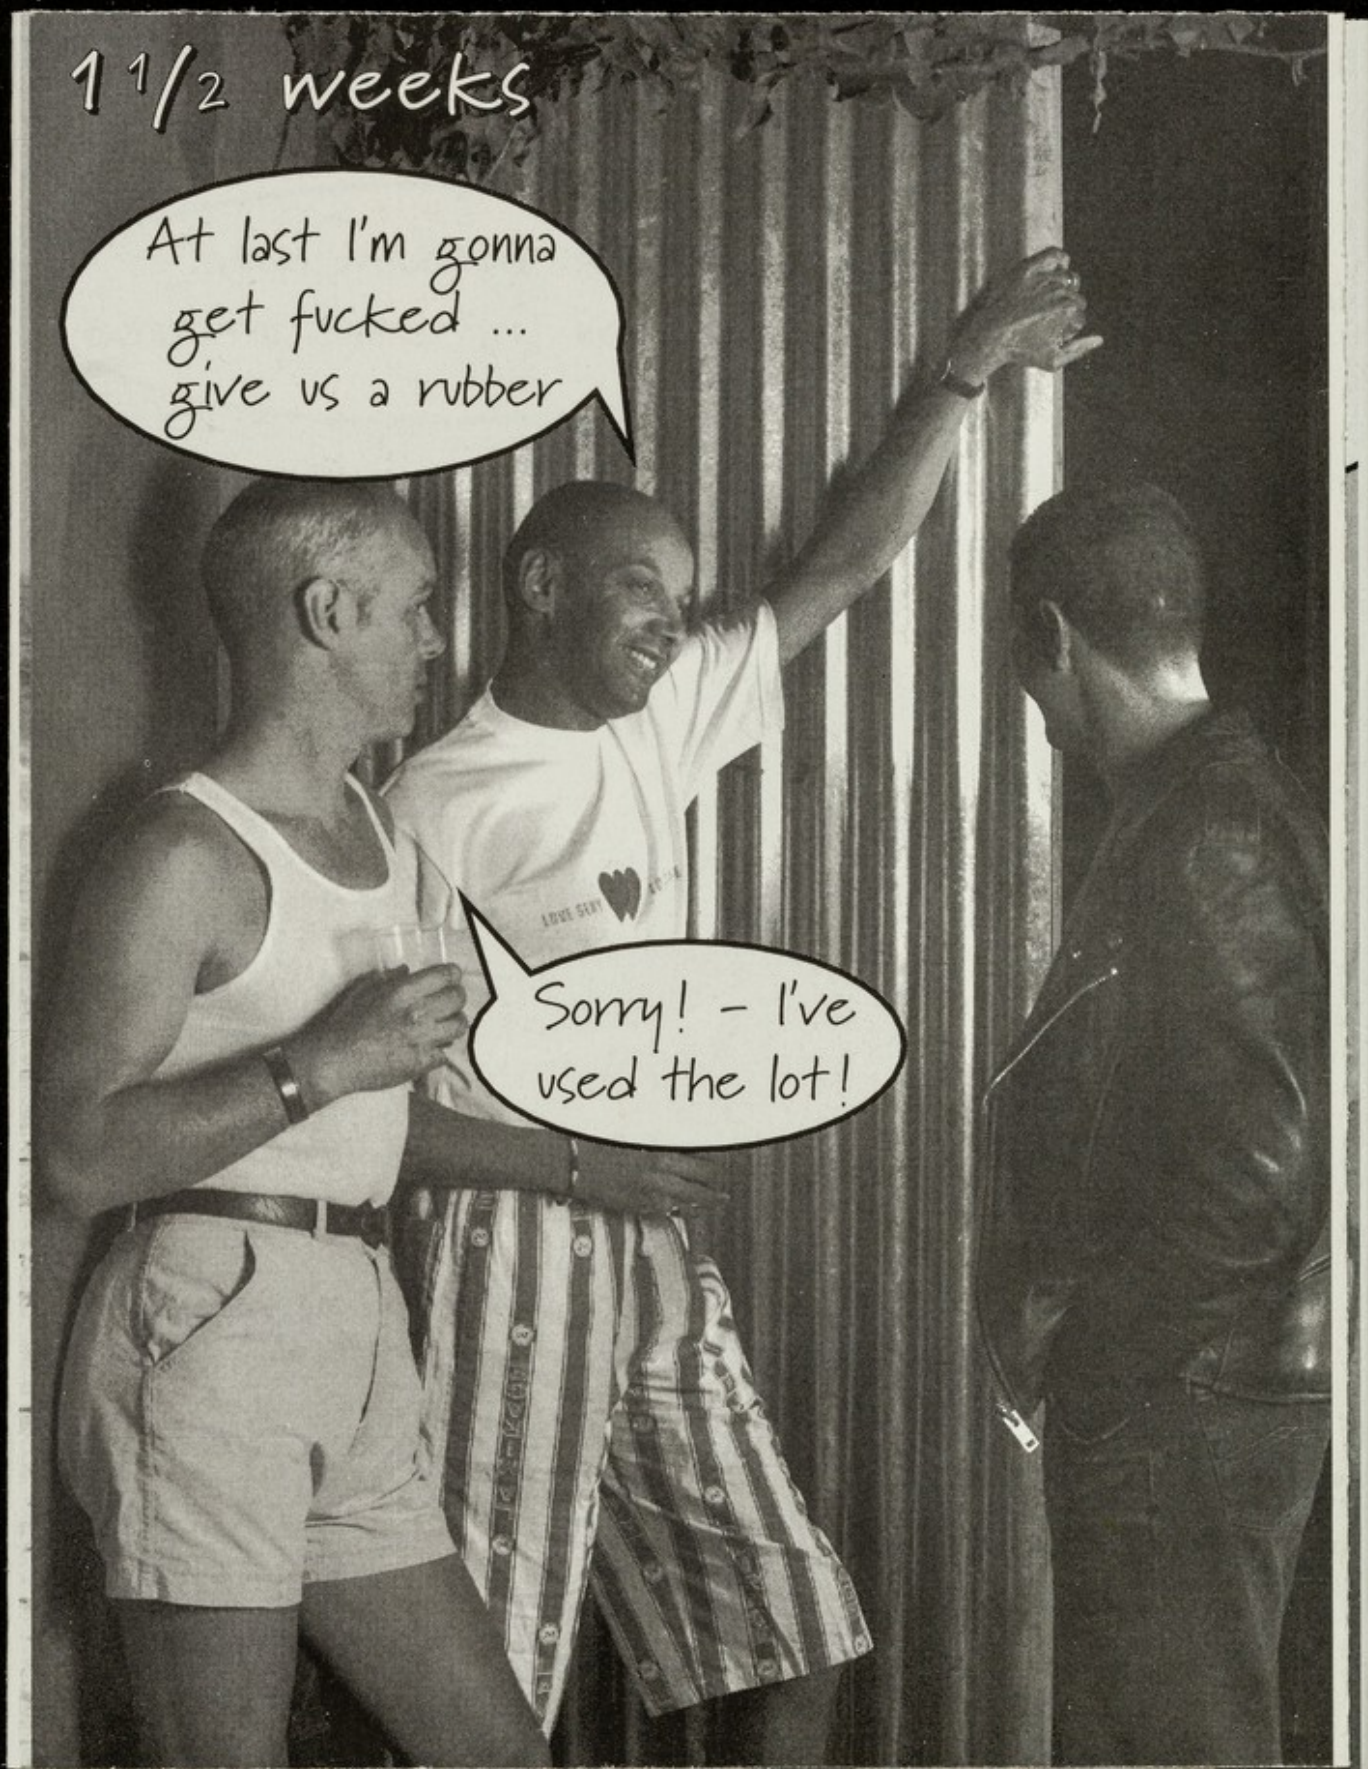

1 1/2 weeks

At last I'm gonna  
get fucked ...  
give us a rubber

Sorry! - I've  
used the lot!

Ah well,  
I prefer sucking  
without condoms

# The Terrence Higgins Trust

*For the safest fucking use only the strongest condoms and lots of water-based lube, like KY. Don't take chances with weaker condoms or oily lubes that rot rubber.*

*What about sucking?*

*There have been rare reports where it appears that individuals have been infected through oral sex. However large studies of gay men over the past ten years strongly suggest that sucking without a condom isn't a problem – so you shouldn't worry about it, but if unsure there are some precautions which make sense:*

- *not coming in the mouth*
- *if cum gets in your mouth, swallow it straight away*
- *rather than brushing your teeth, use a mouth wash*
- *don't suck if you have any cuts, sores or ulcers in the mouth*
- *use flavoured condoms*
