tales of gay sex

express
yourself

I can't believe my luck...
he's gorgeous...

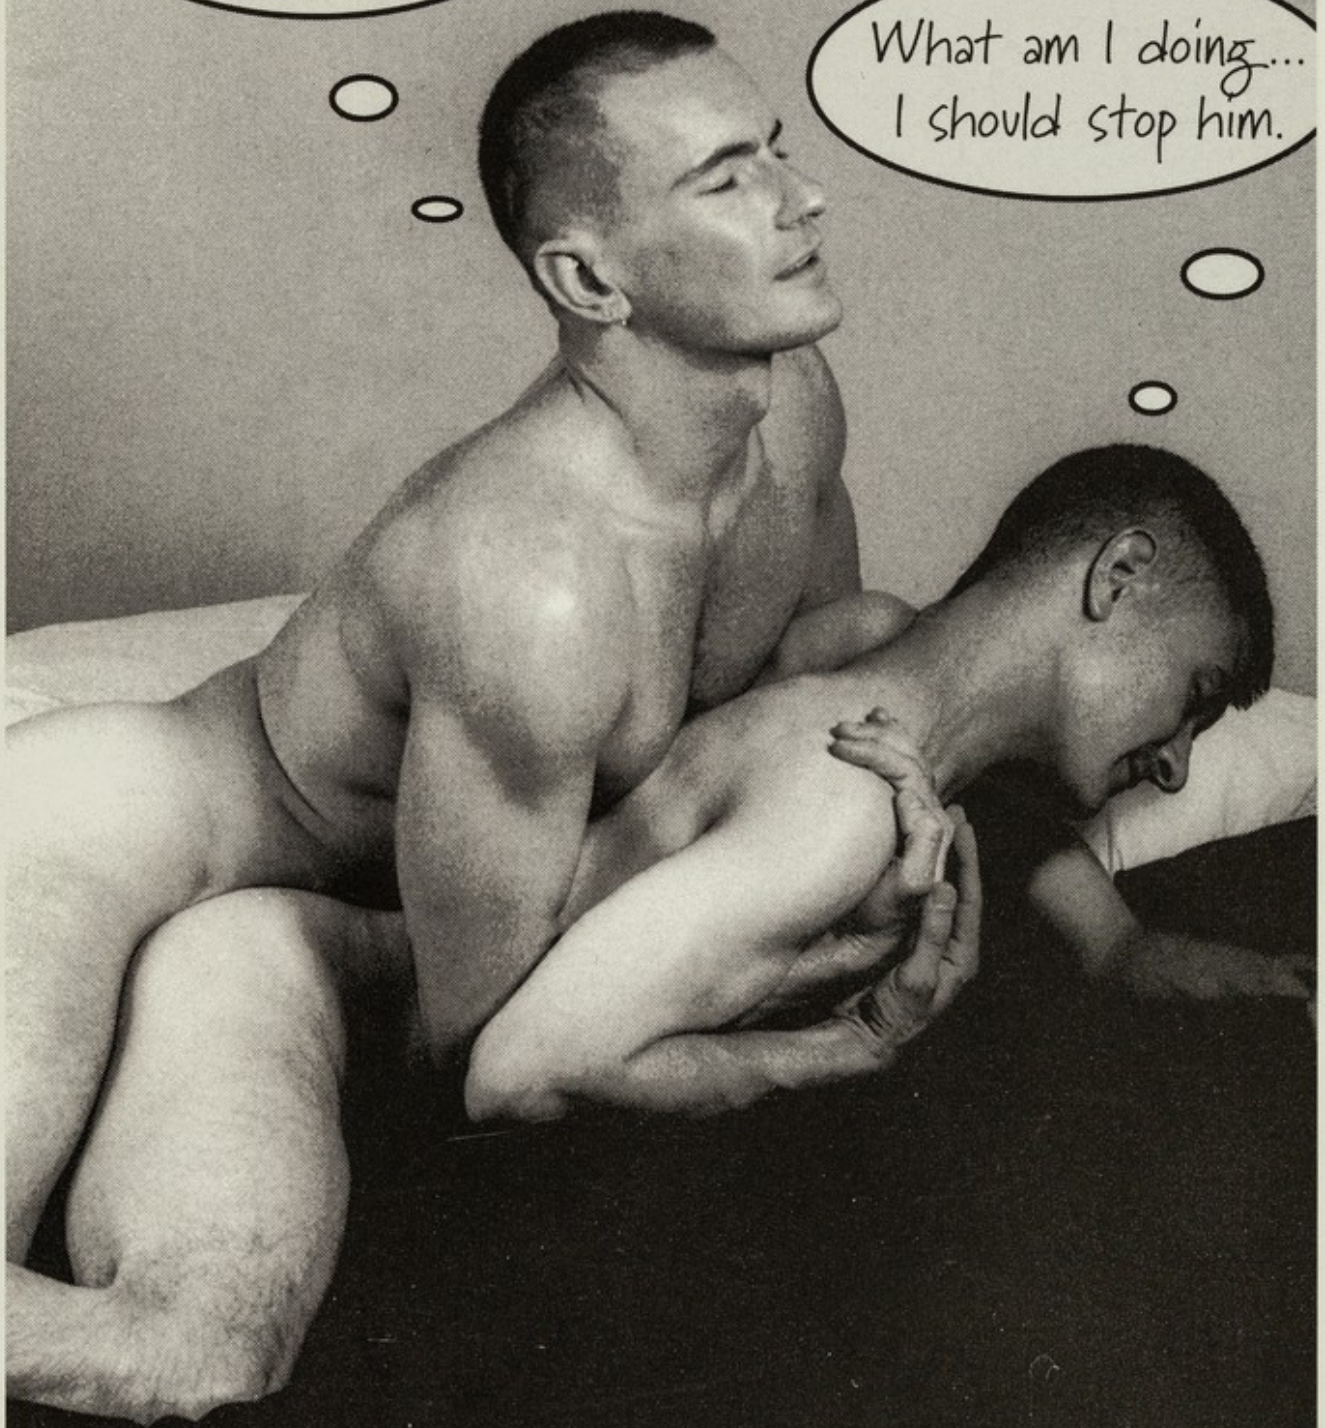

back at the flat

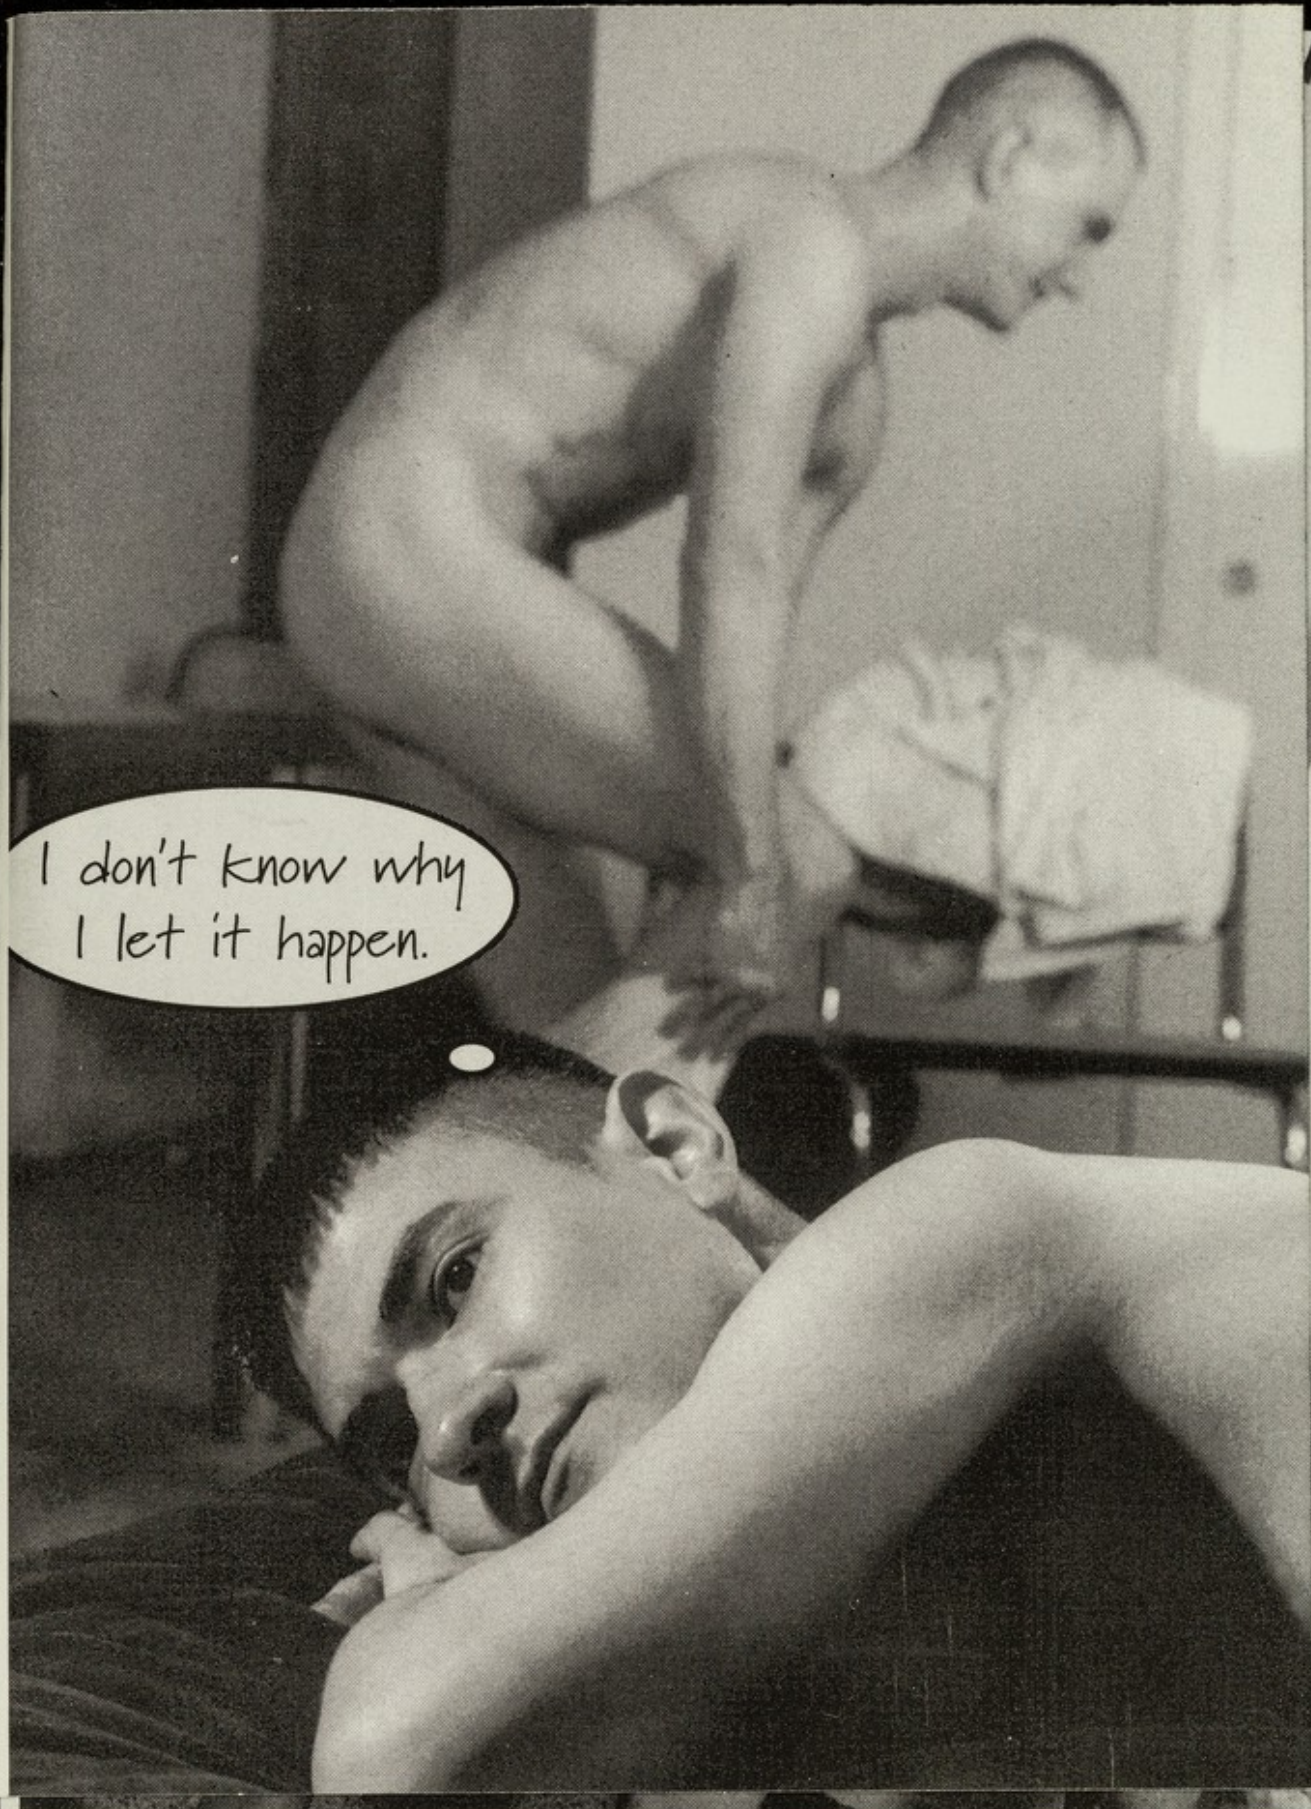

He wants to fuck me...
I'm not really into it but as
long as he uses a condom.

He'd have said if
we needed to use
condoms.

What am I doing...
I should stop him.

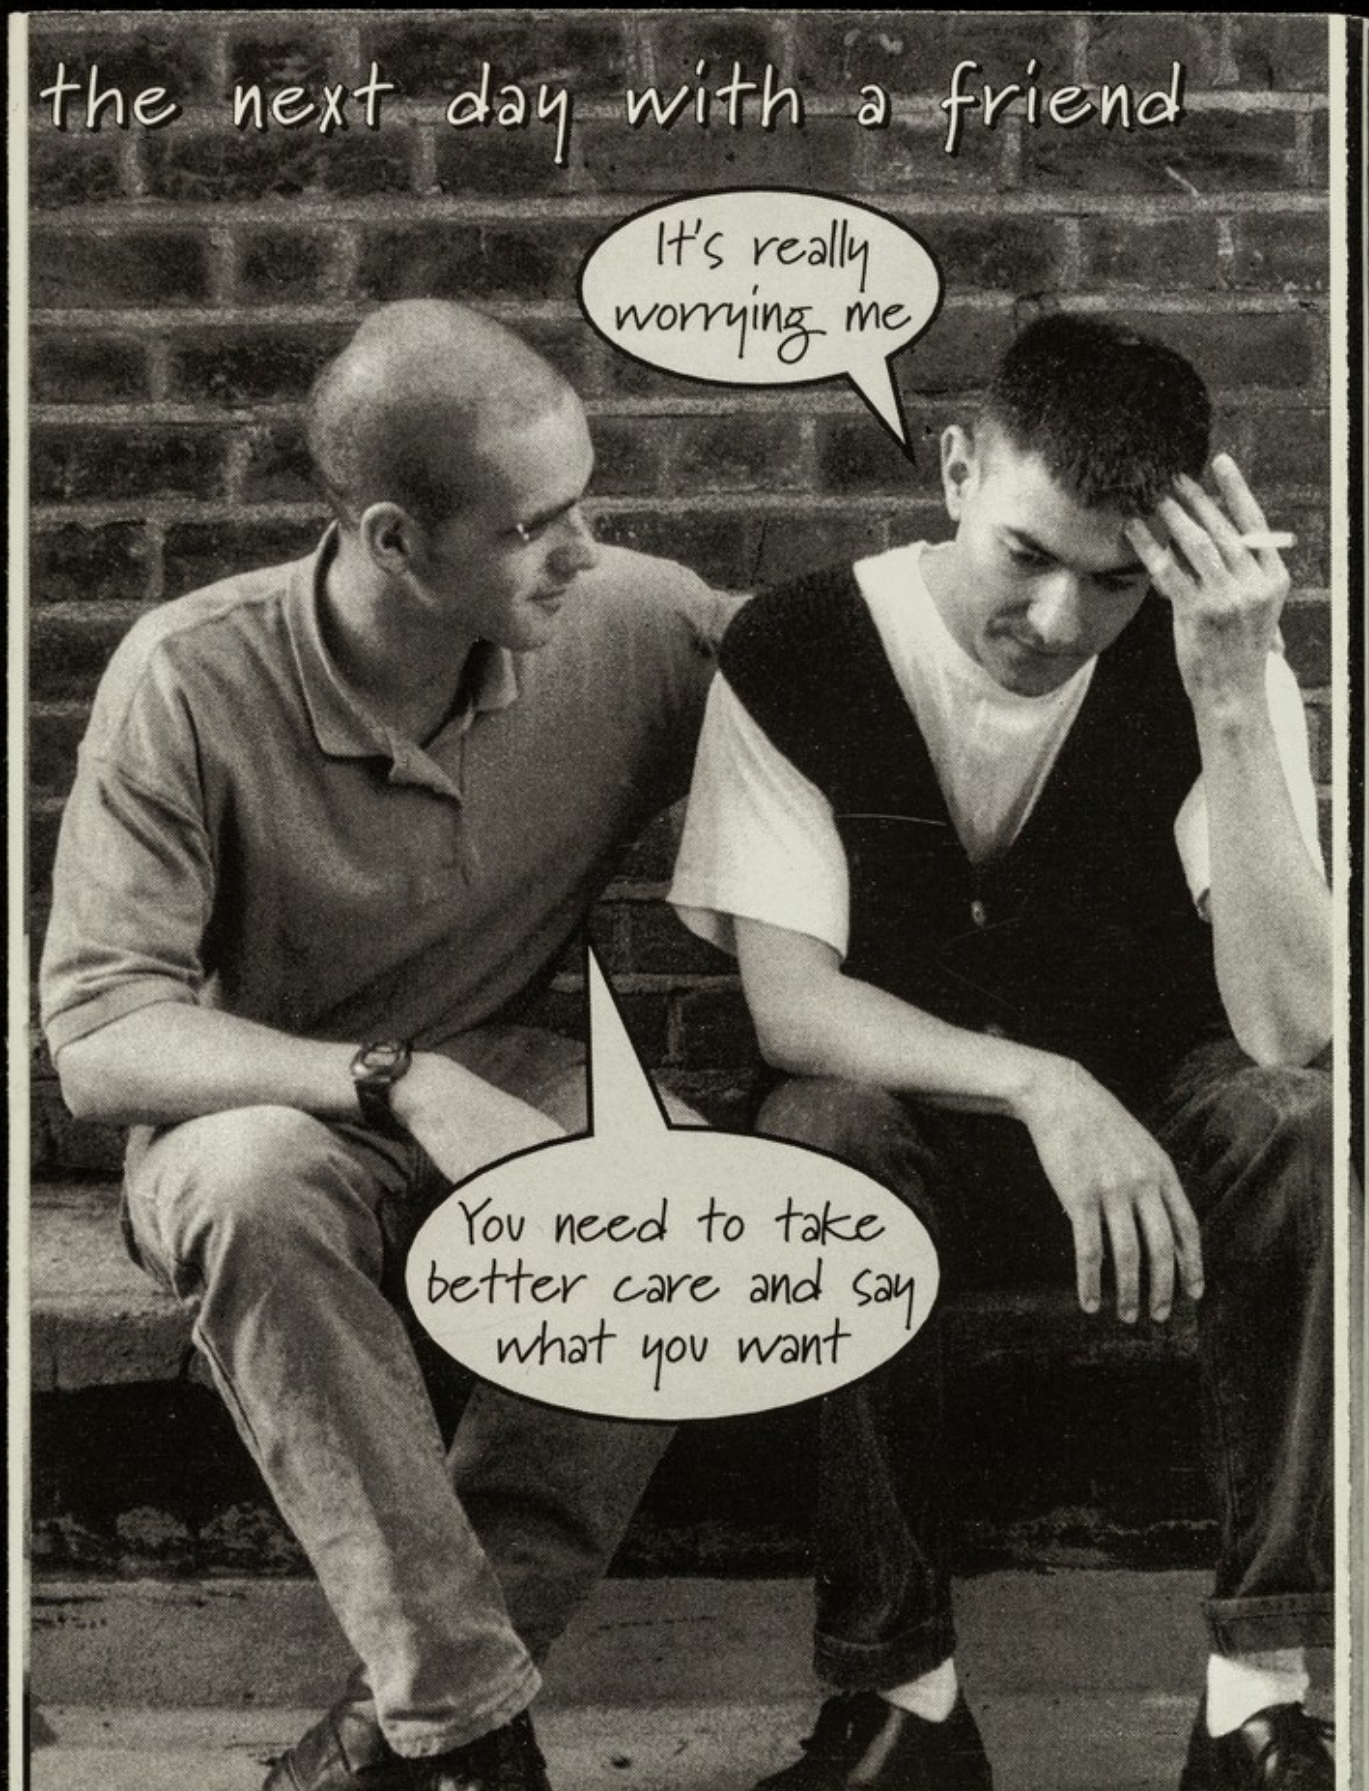

I don't know why
I let it happen.

the next day with a friend

It's really
worrying me

You need to take
better care and say
what you want

I'm not into
getting fucked
- but there's a
lot of other
things we can
do that I like!

OK, so there's going to be some give and take in sex, but that doesn't mean anyone should be doing anything they don't want to.

Some men find it very hard to say what they want (even with boyfriends). It may be just nerves or out of fear of what will happen if they say no.

A lot of gay men aren't into fucking and a lot are. If it's not for you, say so. Making guesses about someone's HIV status is very risky; the only way to be safe is to use condoms and lots of lube.
