Sanjay's
cute

Let's go somewhere
quieter, your place?

I can't take
you back as I
live with my
family.

That's ok!
Let's go to mine.

I'm glad I
bought those
condoms & lube
today

I'd really like
to fuck this
guy...

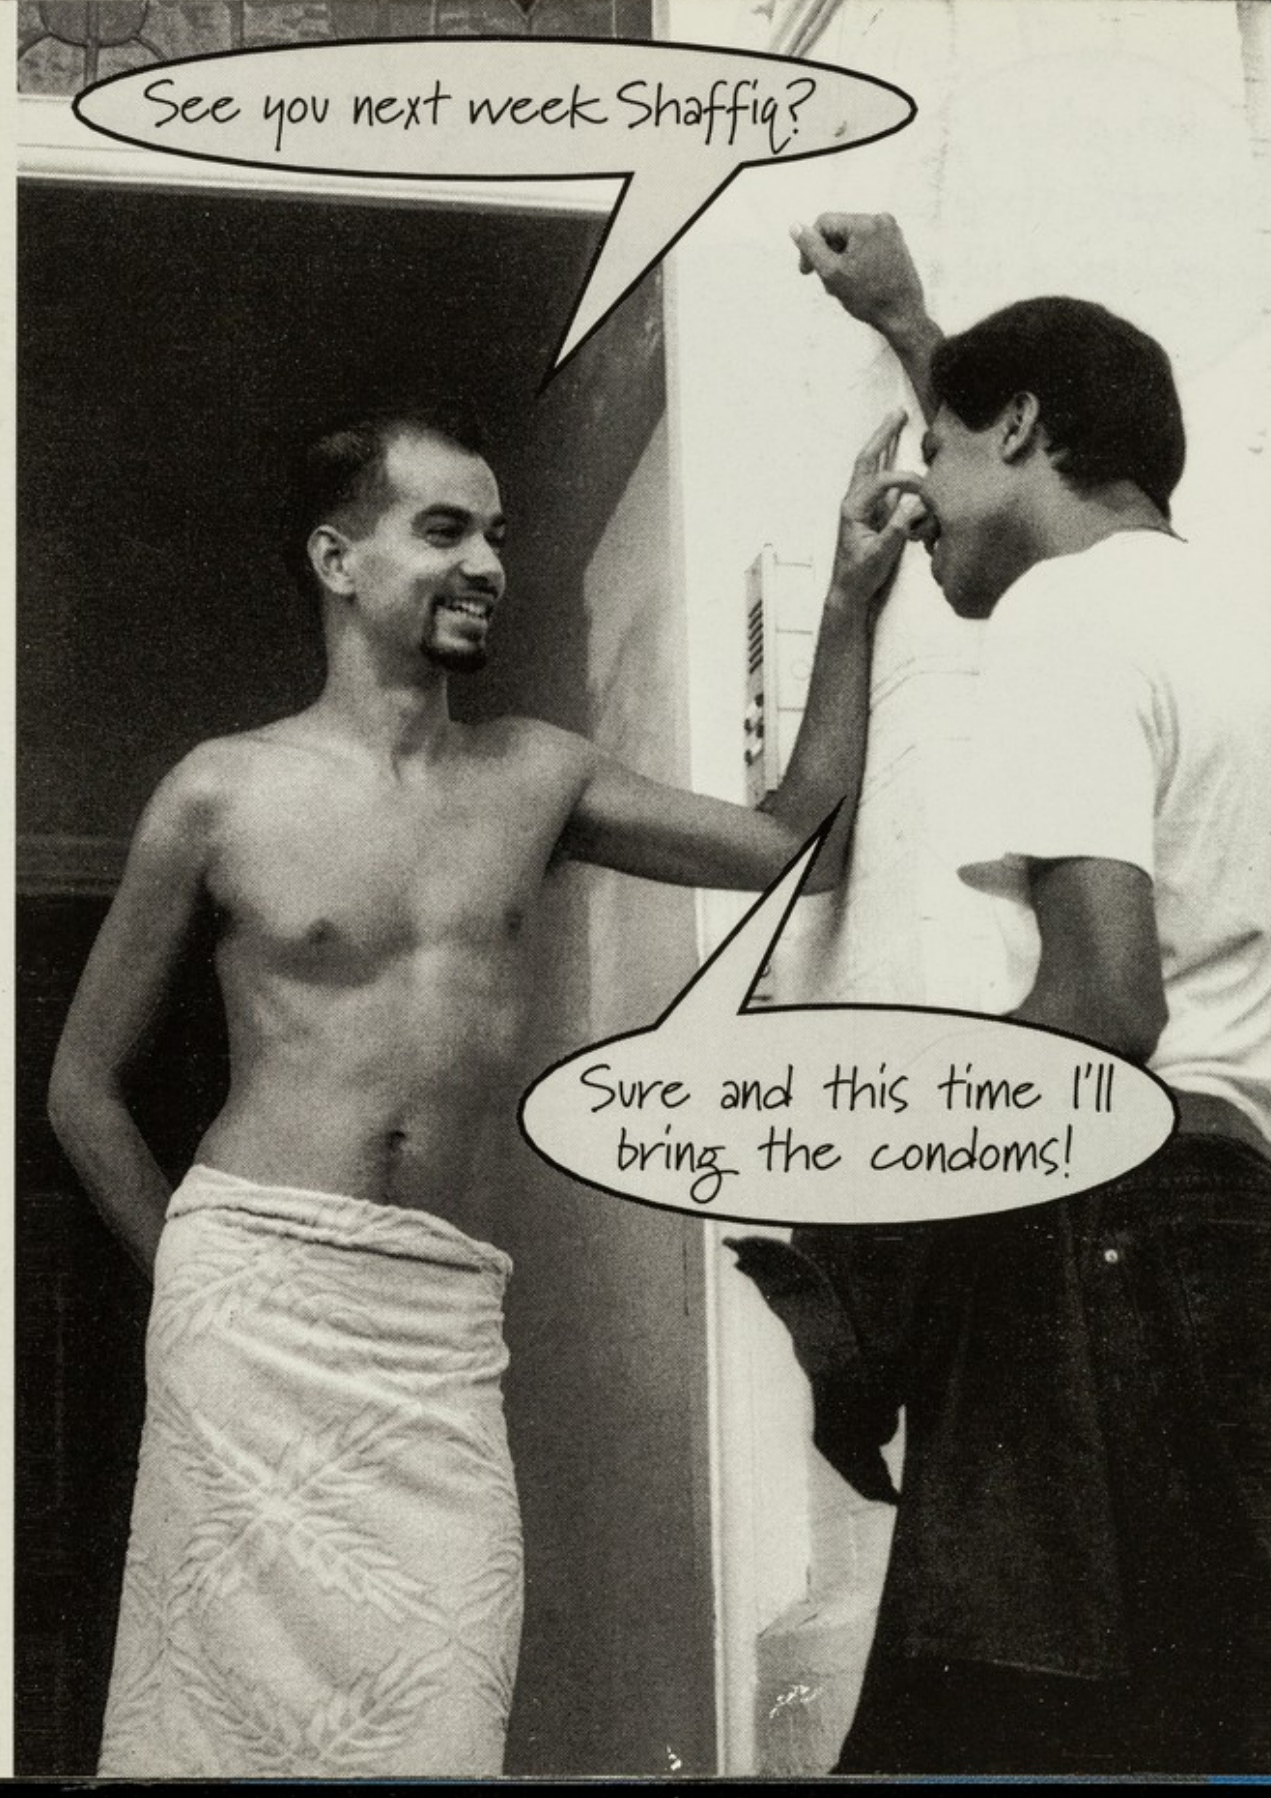

Why do we need a condom? I only have sex with Asian guys.

Don't you think Asian men are just as much at risk from HIV?
I like to play safe

Wow! This is great -
even with a condom!

See you next week Shaffiq?

Sure and this time I'll
bring the condoms!

HIV and AIDS isn't just a white disease - it also affects black, Asian and other ethnic communities.

Whenever you fuck always use a strong condom (such as Durex Ultra Strong, Mates Super Strong, HT Specials or Rubberstuffer packs). Most importantly always use plenty of water-based lubricant (such as KY, Liquid Silk or Wet Stuff). This makes fucking more comfortable and without it there is a higher risk of the condom breaking (oil based lubricants will rot the rubber and may cause the condom to break).
