## Your voice counts

Terrence Higgins Trust's groundbreaking, interactive e-campaigning website is one of the quickest and easiest ways for you to have your say. We offer you a direct line to your MP and other decision-makers, plus newsletters, expert interviews, ready-made campaigns and downloadable guides to help maximise your impact.

Simply fill in your details below, seal it up, pop it in the post or hand it in to your local Terrence Higgins Trust office, and we'll make sure that you're kept informed. Alternatively, you can register directly by going to [www.tht.org.uk](http://www.tht.org.uk) and clicking on "Campaign".

If you have any queries please email [campaigns@tht.org.uk](mailto:campaigns@tht.org.uk) and we'll be happy to help.

## It's important

As you'll know, the NHS is struggling to cope with record numbers of people living with HIV. Levels of other sexually transmitted infections are also higher now than at any time since the NHS began.

Campaigning makes a real difference. Last year, for example, our campaigning

- helped ensure that all mothers with HIV can get formula milk to protect their babies from HIV transmission through their breast milk
- persuaded the Minister for education to consult THT on sex education in schools

## Get involved

Fill in your details, pop them in the post (it's free), and we'll do the rest. Because all our campaigning is over the internet, we need an email address; without one we are sorry but we cannot sign you up.

You don't need  
to use a stamp  
but doing so  
means we can  
use our resources  
to help people  
living with HIV.
