A Survey of AIDS Education in Secondary Schools

*At what age are school children taught about AIDS?
Who is doing the teaching and where is it located within
the curriculum? What teaching methods are being
used?*

*Are teachers using the DES video, and the HEA
teaching pack? What do they think of them?*

*Are teachers explicit in their teaching about safer sex?
Does clause 28 cause any worries? What about moral
issues and AIDS?*

Information on these and many other aspects of AIDS education are
provided in:

A Survey of AIDS Education in Secondary Schools

A report on a survey of all secondary schools within the South East
Thames Regional Health Authority area.
