4th March 1996

Dear Colleague

We Need Your Help

The announcement of a reduction in the NHS AIDS Treatment and Care allocation for England, of 7.7% in real terms for 1996-97, comes at a time when many HIV organisations were already facing considerable problems in funding.

NAT, working closely with other groups, seeks to monitor the impact of this decision on voluntary sector provision of HIV services in England.

Specific action will include briefings to parliamentarians, councillors, and funders, and submissions to the Government on criteria for the future allocation of funds.

We would be grateful if voluntary organisations based outside London could complete and return the enclosed form as soon as local budgets for 1996/97 have been finalised.

We will keep groups who do respond informed of further developments.

Thank you for your help.

Yours sincerely,

Derek Bodell
Director
