World AIDS Day is 1st December

## Guide to Events 2000

**Make a difference. Go to  
[www.worldAIDSday.org](http://www.worldAIDSday.org)**

You can raise the profile of your organisation's **World AIDS Day** activity by including your details on our UK Guide to **World AIDS Day** on the Internet. Information about your event will appear on the new [www.worldAIDSday.org](http://www.worldAIDSday.org) website from **1st November**.

Many people, including local press and broadcast media contact NAT (National AIDS Trust) to find out what's going on in their area. In addition and where possible, the information you give us will be used to encourage the media to take an interest in your activity, although this should complement rather than substitute your own media efforts.

Please let us know what you are doing for World AIDS Day. You should return this form to us listing the details of your events and activities by 25th October so they can be included in the UK Guide to World AIDS Day events which will be launched on the Internet on 1st November 2000.
