FREE PEER SUPPORT SERVICE

Our peer support mentoring programme offers you the chance to explore different areas of your life which may be influencing your sexual behaviours.

You will be able to talk to another gay / bi man, one-to-one, and work through a series of modules which look at the various issues that may be affecting your ability to play safe and remain sexually healthy.

Peer Support Mentoring

The programme is enjoyable, informal and free and offers the opportunity to explore your behaviours and raise self awareness in order to set goals and create strategies in order to help bring your behaviour in line with your desire to practise safer sex.
