Lick a queen and cut out AIDS

Dear _____ Regional Aids Coordinator
_____ Regional Health Authority

80% of AIDS cases are gay men. 5% of AIDS education funding is aimed at gay men.
This neglect is putting gay lives at risk. Do you condone it?

- * How much is being spent on HIV prevention in my district?
- * How much of this HIV prevention budget is specifically targeted at gay men?
- * Department of Health guidance states that gay and bisexual men should be regarded as a key priority group. What is being done about this in my district?

I live locally and I look forward to your reply. Please answer as soon as possible.
To me it is a matter of life or death.
