Dear Colleague

**WEST LONDON STANDING CONFERENCE ON HIV/AIDS**

I am writing to draw your attention to the work of the West London Standing Conference on HIV/AIDS which brings together representatives from health and local authorities and FHSAs to develop joint working between agencies in West London on HIV/AIDS services.

The group commissioned an evaluation of the first year of its work; publication of the report of the evaluation has been funded by the Department of Health. The report contains valuable lessons both about the process of joint working as well as the outcomes and outputs achieved by the group. Among these are the development of joint working with the voluntary sector, agreed data sets for information exchange and a shared approach to needs assessment.

I attach a copy of the report which I hope you and colleagues (both within the HIV/AIDS field and outside it) will find useful. If you would like further copies, please write to Jennie Mullins at the above address. If you would like more information about the work of the group, you should contact Jane Carrier, Public Health Specialist (HIV/AIDS), North West Thames RHA, 40 Eastbourne Terrace, London W2 3QR.

Yours sincerely

*Deirdre Feehan*
