Who do you fancy ?

- Does it matter ?
- Want to be healthy ?
- Do you know what
“Hep B” is ? • No ?

Hep B is easily preventable by a small jab which you can get FREE at the G.U.M. (The Genito-Urinary Medicine Department of the Royal Infirmary which is opposite the Art College at Lauriston Place in Edinburgh). The G.U.M. is a friendly, **confidential** service for everyone who has sex. If you are a guy and fancy other guys, why not phone for an appointment ?

PS Hep B is a virus which attacks your liver. It can leave you sick for months and sometimes can cause serious illness later on in life.
