IN FUTURE

CICFA

WILL BE KNOWN AS

“MOTHER'S ADVICE.”

12, The Mount,
Frome, Somerset.

To the
Capsuloid Co. Ltd.

Gentlemen,—I am very pleased to tell you I am quite cured of Indigestion now, and can truthfully state that “Mother's Advice” is the best remedy I have ever taken for Indigestion, having suffered from palpitation, pain round the heart, and sickness since the early part of this year. I was in a very weak state, I felt better for the first dose, and went on improving, and now I am very pleased to say I am in good health once more. I should be very pleased to answer any questions at any time.

I remain,
Yours very
respectfully,
(Mrs.)
W. L. DUNHAM.

REMEMBER!
“MOTHER'S ADVICE”
CURES INDIGESTION.

I, Holly Villas,
Wellesley Avenue,
Hammersmith.
The Capsuloid Co. Ltd.

Gentlemen,—I have much pleasure in stating that after having given your “Mother's Advice” a fair trial, I have found it to be all you claim. It appears to act in perfect imitation of nature, and for re- invigorating the digestive organs, and purifying the blood, it is far in advance of anything I have yet tried. I have suffered for a good many years with severe Indigestion and Constipation with all their attendant evils—an impoverished system, loss of physical and mental energy, wasted flesh, &c.—but the “Mother's Advice” I have already taken has done me a lot of good, and I am convinced it is the proper remedy for the ailments against which it is directed. You are at liberty to use this in any way you may think proper.

Yours truly,
W. M. BENTON.

NO English Mother fails to advise her children, boys or girls, either while they are young and at home, or when growing up and going out into the world, that it is most important to take what is necessary to prevent and cure Indigestion, and with it Constipation. Unfortunately, many a mother does not know what remedy to advise, especially when she realises that all the ordinary so-called cures for Indigestion are nothing but Purgatives. All the tortures of Indigestion, the Acidity and Heartburn, Pain and Discomfort, Heart Palpitation, Cold Hands and Feet, Pain between the Shoulder Blades, Headaches, General Weakness, and lack of Mental Energy, Flatulence, and those disagreeable symptoms such as redness of the nose, blotches in the skin, muddy complexion, etc., etc., can be easily and permanently cured by taking “Mother's Advice,” because it is the one and only remedy (and all persons, whether physicians or others, who are informed on this subject will endorse this statement) which ensures complete digestion of all the food that is eaten. Eggs, meat, etc., and all such albuminous food, must be digested in the stomach; while bread, potatoes, beans, bananas, etc., can be digested only in the bowel. It is not only the sons and daughters of thoughtful mothers, but the mothers themselves, and the fathers, and millions of others who cannot digest certain of those foods, especially the starchy kinds which, as stated, are digested not in the stomach but in the bowel, and are, therefore, not at all assisted by the usual Indigestion and other Pepsin preparations, nor, of course, by any of the widely known purgatives, which are sold as Indigestion Cures. That portion of the food which is not digested is not absorbed, and so all that nourishment is lost, while harm results from the fermentation, etc., which follows—it is that fermentation which produces Flatulence, Acidity, etc. “Mother's Advice,” however, contains ingredients which ensure complete digestion of the eggs, meat, and other Albuminous food in the stomach; and also complete digestion of the bread, potatoes, bananas, and other starchy food in the bowel. Then when the food is all digested, all that extra nourishment is secured, the stomach, bowels, and other organs are nourished and strengthened, and soon regain their natural strength and tone, and are able to do their work unaided. Thus, Indigestion is cured, and with it Constipation also. The dose of “Mother's Advice” can always be gradually decreased until a perfect cure results, and throughout the course the action is so natural and simple that one does not realise that any remedy is being taken. The action is, indeed, as one patient stated, “in exact imitation of Nature.”

THE EVIDENCE

that nothing can be any good for the Hair which is Thin and Brittle, Prematurely Grey or Falling Out, as well as for Dandruff, except **CAPSULOIDS**.

Nurse THOMPSON became quite bald. Rubbing was useless. Capsuloids restored her hair.

Denis Hospital, Dean Road, South Shields.

To the Capsuloid Co.
Dear Sirs,—I have great pleasure in writing to inform you of the great value of your Capsuloids. After I had enteric fever my hair rapidly fell out, and I was quite bald. I tried several lotions I saw advertised, but they did me no good. Then I saw your advertisement, and I thought to give your treatment a trial. I am delighted with the result. My hair is coming quite thick and long, and I myself feel much better. I cannot recommend them too highly, and I shall speak of them wherever I go.
Gratefully yours, (Nurse) MADGE THOMPSON.

Mrs. FLORENCE A. LANE says: "Falling Out stopped. Hair now thick and glossy. Capsuloids the Best Remedy."

42, Talbot Road, Bayswater, London, W.
Gentlemen,—I am delighted with Capsuloids; before using them my hair was falling out and turning white, also losing all lustre; now, thanks to Capsuloids, it is thicker and as glossy as one could wish. I have advised my friends to try them, and they agree with me that they are the best remedy there is. You are at liberty to make what use you like of this letter.
Yours faithfully,
(Mrs.) FLORENCE A. LANE.

Mrs. BILLINGE says: "My hair is now in splendid condition, both in thickness & length."

78, Gonville Road, Thornton Heath, Surrey.
Gentlemen,—I think it only fair to you that I express my gratitude for your placing before the public the wonderful remedy "Capsuloids." My hair was very weak and thin through ill-health, and came out in such quantities that I was getting alarmed. I commenced taking Capsuloids in September last, and continued until December. It was wonderful to see the difference in such a short period. My hair is now in splendid condition, both in thickness and length, and my friends remark on its bright and healthy appearance. I shall always recommend Capsuloids.
Yours very gratefully,
(Mrs.) L. BILLINGE.
