NEARLY EVERYONE SUFFERS AT SOME TIME FROM

INDIGESTION

WITH CONSTIPATION, FLATULENCE, AND ACIDITY

BUT EVERY CASE (INCLUDING YOUR OWN) CAN
BE EASILY AND PERFECTLY CURED BY TAKING

"MOTHER'S ADVICE."

(FORMERLY CALLED CICFA).

15, St. James Street,
Forest Gate.

Dear Sir,—I have been a great sufferer for many years from Indigestion, which brought on Gastric Ulceration of the stomach. This caused me great pain, and at times I was unfit for work, and had to keep my bed. For nearly two years I was kept on milk diet, and no medicine that my doctor gave me did me any lasting good. Then I was advised to try "Mother's Advice," and now I can eat almost anything, and digest it. I have got quite a colour, and shall always thank "Mother's Advice" for bringing me back to health.

Yours faithfully,
(Miss) ALICE WHITE.

York House, The Crescent, Portland.

Dear Sir,—I wish to inform you of what "Mother's Advice" has done for my brother and myself. About four years ago I developed alarming symptoms,—these commenced with a full feeling after meals, followed by painful eructations, and a sinking sensation on rising in the morning.

My brother, who is a year younger than I, and works in the same office, suffered tortures from pains between the shoulder blades, and very distressful breathing, and later in dizziness and sour flatulence, and, in fact, his life became as miserable as mine. We tried several doctors, but they seemed to do no good. A friend called our attention to "Mother's Advice," and we tried it as a last resource. We are both quite recovered now and feel that we owe you a debt of gratitude. You are at liberty to make what use you like of this letter.

WHY "MOTHER'S ADVICE" MUST CURE EVERY CASE.

ALL the tortures of Indigestion, the Acidity and Heartburn, with Teeth on Edge, the Burning Spot behind the Left Shoulder Blade, with pains shooting through towards the Heart, the Heart Palpitation, with Cold Hands and Feet and General Weakness, the Flatulence and Pressure and Discomfort, the rumbling and often excruciating Bowel pain, are all due to your failure to digest your food, and three-quarters of it is due to FAILURE TO DIGEST STARCHY FOOD LIKE BREAD, POTATOES, BANANAS, etc., but you like to eat those, and you need them, and if you could digest them you would have none of this pain, discomfort, and misery, and you would have all the nourishment which comes from such food when well digested.

You do not digest the food because you have not enough digestive juices in the Stomach and Bowels. "MOTHER'S ADVICE" contains just enough digestive material to make sure that the albuminous food like meat, eggs, etc., will be digested in your stomach, and just enough of that wonderful digestive material WHICH IS NOT FOUND IN ANY OTHER PROPRIETARY MEDICINE which digests all starchy food like bread, potatoes, bananas etc.

"MOTHER'S ADVICE" also tones the lower Bowel where it lacks tone, so that its action and movement may be natural. There is no purging and no pain because "MOTHER'S ADVICE" simply supplies what is lacking. The Bowel again becomes natural, the Constipation disappears. There are no more gases or Flatulence, no more Acidity, no more Pain, all the nourishment from all the food is secured to the system, and you rapidly grow strong and healthy, and can eat and digest anything. It is a wonderful preparation, and

OVER 60,000 LADIES have taken Capsuloids, and written us some of the most remarkable testimonials without one having hair grow upon the face or limbs. All these letters are open to inspection.

6, Aireville View, Frizinghall, Bradford.

Gentlemen,—I sincerely believe your Capsuloids to be all that you claim for them. A friend of mine near London, who had seen them advertised for the hair, and who had derived the greatest benefit from taking them, sent me a few. It was after an illness to which I had been subject, and which always leaves me in a low, depressed state.

My hair has always fallen out very much after these attacks, but the Capsuloids completely stopped this falling, and my hair soon commenced to grow rapidly. My hair still continues growing thicker and thicker. I am, with the greatest pleasure, recommending Capsuloids to all my friends.

Faithfully yours,

(Madame) B. MILNER.

Gentlemen,—I cannot speak too highly of the benefit I have already derived from taking your Capsuloids. My hair has greatly improved in every way since taking them. Even as a child I never had much hair, but later on it gradually got less, owing probably to ill-health. Since taking Capsuloids my hair has grown stronger, and it is certainly thicker and longer than I ever remember it to have been. I am, faithfully yours,

(Mrs.) E. L. SPEED-PRYER.

Gentlemen,—I think it is only fair to let you know of the wonderful good Capsuloids have done me. Some few months ago I noticed five bald patches on my head, two of which were almost the size of the palm of my hand. I tried various outward applications, but they had no effect. Seeing your advertisement, I started taking Capsuloids, and after continuing the treatment for a short time I was surprised to see a wonderful improvement. The bald patches soon became covered over, and the hair on these patches is now quite three inches long, whilst the remainder of my hair is much thicker and longer than before. Yours truly (Mrs.) PRIOR.
