# Alfred Crompton's Pills

These Pills will if once tried, be found to be the best Pills ever made

Their peculiar composition was discovered after long and expensive experiments, in the year 1830, and since the time of their introduction their large and constantly increasing sale has shown that the public have taken full advantage of **Alfred Crompton's Pills** as a road to health and freedom from once dreaded disease.

## THEY WILL CURE

All Female Irregularities, Headache, Dizziness, Wind, Pain in the Stomach, that painful sense of Fulness after meals, Pains in the Back, Pains in the Shoulder, Liver Complaints, Indigestion, Want of Appetite, Black Specks floating before the eyes, Bilious Headache, Vomiting, Sick Headache, Low Spirits, Langour, Blotches, Pimples and all Skin Diseases.

## BEST PILLS EVER MADE.

Full Directions for taking Crompton's Pills are given below :

*Headache*—Arising from disordered stomach, too free indulgence at table, costiveness, suppressed discharges, or overflow of blood to the head, will be cured in a very short time by taking 2 to 4 of CROMPTON'S PILLS at any time they may be required.

*Painful Fulness after Meals*—Take one pill twice a day, after meals.

*Dizziness*—Take from 2 to 4 pills every night.

*Biliousness, Dimness of Sight, Flatulence, Wind, Heartburn, Jaundice*, are cured by taking from 2 to 4 pills every night.

*Lumbago, Pains in the Back, Pains in the Side, and Gravel* are generally cured by taking 2 pills every night.

*Want of Appetite, Langour, and Low Spirits*—Take 1 or 2 pills every night.

*Indigestion*—Is caused by general debility or weakness, improper diet, want of exercise, and not infrequently a diseased state of the Liver and biliary secretions, generally attended by loss of appetite, sickness, flatulency, sour belchings, low spirits, swimming in the head, and general langour and repugnance to action. Indigestion

is, perhaps, the great cause of more than half our diseases. One of CROMPTON'S PILLS may be taken one hour before meals, and another at night on going to bed.

For Female Irregularities these pills act like enchantment. They restore to sound and vigorous health, they bring about perfect regularity in the whole female system. No irregularity or female complaint can exist where these pills are taken regularly. They brace up the whole life and make the feared change of life to be no longer dreaded. Fathers and Mothers will find it most advantageous to give these pills to all their daughters between the ages of 13 and 20 years (from 1 to 2 pills twice a week), so that they may avoid the illnesses so common to that period of growth.

As a general Family Pill they are absolutely without a rival, as by their gentle, painless, certain action they work wonders in curing and relieving all disorders of Head, Stomach and Liver. One to three or four pills should be taken at night to act as a gentle aperient, and should be taken by all costive persons two or three times a week.

They are sold by all Patent Medicine Dealers, Chemists, Grocers and Stores.

PRICES : 1/3 and 3/- PER BOX.

Prepared Only by—
