Darlow & Co.'s Magnetine Appliances.

TESTIMONIALS.

From GARTH WILKINSON, Esq., M.D., M.R.C.S.E.

76, Wimpole Street, Cavendish Square, London, W.,

F. W. Darlow Esq.

March 17th, 1874.

SIR,—I am able to certify that I have used your Magnetic Appliances pretty largely in my practice, and that in personal convenience to my patients they are unexceptionable, and far superior to any other inventions of the kind which I have employed; and that of their efficacy, the positive powers, I have no doubt. I have found them useful in constipation, in abdominal congestion, in neuralgia, and in many cases involving weakness of the spine, and of the great organs of the abdomen. In the public interest I wish you to use my unqualified testimony in favour of your Magnetic Appliances.

I remain, yours faithfully,

GARTH WILKINSON, M.D., M.R.C.S.E.

From the Rev. STENTON EARDLEY.

The Vicarage, Streatham Common, November 4th, 1874.

Gentlemen,—I feel that I cannot in honour, to say nothing of gratitude, any longer refrain from acquainting you with the extraordinary benefit which I have received from the wearing of one of your magnetic belts. Seventeen months ago, when suffering from great pain—a condition in which I had been, with brief intervals, for nearly seven years, and which arose from a severe accident on a Swiss glacier—I was recommended to try one of your Belts; I hesitated considerably, for I HAD ENDURED MUCH IN THE WAY OF ELECTRIC CHAINS, and gone through much in the way of galvanic and various English and Continental baths without any appreciable relief.

My testimony in brief is this. I purchased one of your Belts, and within a few weeks the pain in my back had gradually subsided, and I have now spent sixteen months wholly free from pain.

Certainly the case is, to me at least, marvellous; and I will not allow any false delicacy to override the duty which I now too tardily discharge in making this statement and offering you my deepest gratitude.

I am, Gentlemen, your obliged servant,

STENTON EARDLEY,

Vicar of Immanuel Church.

SPÉCIALITÉ

MAGNETIC APPLIANCES FOR SUMMER WEAR AND HOT CLIMATES.

Messrs. DARLOW & Co. beg to state that they have, at considerable cost, prepared a class of appliances specially adapted for summer wear, and for residents in India, Africa, and other hot climates. *These articles are manufactured of a material of exquisite finish and lightness, surpassing anything of the kind ever before produced.*

No extra charge is made for these appliances, which possess the HIGHEST DEGREE OF MAGNETIC POWER.

OUR MOTTO IS "CURATIVE."

THE MAGNETIC PILL

(PATENTED)

TONIC AND APERIENT.

TWENTY YEARS' EXPERIENCE as practical scientists has enabled MESSRS. DARLOW & CO. to develop the highly curative properties of MAGNETISM, and to place them in the position of Pioneers in the utilisation of the Magnetic force for the alleviation and cure of a variety of painful and intricate disorders which had previously resisted all ordinary treatment.

Testimony to the value of Magnetism as a therapeutic agent as exemplified in the use of DARLOW & CO.'S FLEXIBLE MAGNETINE APPLIANCES has been given by gentlemen holding the highest position in the medical profession—and the most gratifying acknowledgment has been received from persons in all grades of society, who, after many years of suffering, have been restored to health of body and vigour of mind by the gentle, soothing, and vitalising influence of this remedy.

For the last nine years the inventions of DARLOW & CO. have been confined to the outward application of Magnetic treatment in the form of their now *universally known and appreciated* FLEXIBLE MAGNETINE APPLIANCES. The success which has attended the use of these in their external application has induced a further investigation as to the possibility of a still further development of this beneficent healing agent for internal purposes.

The result of these inquiries is now introduced to public notice in the form of

THE MAGNETIC TONIC PILL, AND THE MAGNETIC ANTIBILIOUS PILL.

These Pills are recommended with the highest confidence, either separately or in conjunction with the Flexible Magnetine Appliances, and will be found to act most beneficially in cases of Inactive Liver, the defects and disorders of the Digestive System, Neuralgia, Paralysis, Dyspepsia, Constipation, Diarrhoea, Vomiting, Debility, Palpitation, Derangement of the Biliary Organs, Heartburn, Confirmed Headache, Disturbed Sleep, Impaired Vision, Mental Delusion, Loss of Brain and Nerve Power, Affections of the Kidneys, Gout, and Rheumatism, and a great variety of both Mental and Physical ailments, which are more fully set forth in a pamphlet issued post free by the Inventors and Patentees.

The Magnetic Tonic Pills and the Magnetic Antibilious Pills

Are put up in boxes of various sizes at 1s. 1½d., 2s. 9d., 4s. 6d., and 11s., and may be had through any Chemist or Medicine Vendor, or direct, post free, from the

MAGNETIC PILLS

Do not contain Mercury or any poisonous metallic substances, but are composed entirely of PURE MAGNETIC IRON, compounded with the finest vegetable preparations.

Extract from "The Medico-Pharmaceutical Abstract and Review," for July, 1875.

"Among the new inventions of medical science come Darlow's Magnetic Tonic and Magnetic Antibilious Pills. They are not only a novelty, but they may be considered as an innovation, for however popular the principle of magnetism may have become in the hands of Darlow, we are not aware that it has been recommended, or even suggested, by the faculty as an internal medicine in the form of a pill. When, however, we consider the wonderful influence of magnetism upon the human frame when applied externally—how it keeps the body in vigour, how it restores it from sickness to convalescence, and how rapidly it brings it back to the normal condition of health, we may reasonably conclude that a vital principle which reaches the seat of disease by external application, may be rendered more efficacious when brought into direct action upon it internally.

"The action of magnetism upon disease is effected through the agency of the blood, which is the life-fluid of the human system. Blood is chiefly formed of two constituents—*Iron and Oxygen*. Iron is the most magnetic of the solid elements, and possesses the peculiar tonic properties which render the chalybeate springs of Tunbridge Wells and Bath so celebrated."

TESTIMONIAL.

"45, York Street, York Road, Lambeth, July 10, 1875.

"Messrs. DARLOW & Co.

"Gentlemen,—I do not know how to express my gratitude to you, but I have very great pleasure in bearing testimony to the efficacy of your Magnetic Pills and Appliances. For some months previous to Christmas last I was in great pain in my stomach, at times not knowing what to do. On the 17th of January I was so bad that I fell down by the side of my work. After a time I was able to get to my doctor, who told me I was in a very bad state, suffering from abscess on the liver. He soon gave up my case, when I applied to other doctors. Some said my symptoms arose from tumour in the abdomen, others that it was tumour on the spleen; and thus for five months I sought but obtained no relief, and the fear of myself and friends was that I should never recover.

"With much difficulty I managed to get to your office, and was supplied with a Magnetic Abdominal Pad and a box of plain Magnetic Pills, which, thank God, have so far restored me that I am now able to attend to my daily duties as before, and am in better health than I have been for the last four years.

"You are at liberty to make any use of this you please for the benefit of other sufferers, for I feel as one raised from the grave.

"H. WHETNALL."

"MAGNETIC" TONIC PILLS

Are recommended in cases of Nervous Debility, Neuralgia, Brain Affection, Disturbed Sleep, Impaired Sight, Mental Delusion, Hypochondria, Paralysis, Epilepsy, Heart Affections, Palpitation, &c., &c.

"MAGNETIC" ANTIBILIOUS PILLS

Are mild purgatives, and will be found highly beneficial in DISORDERS OF THE DIGESTIVE SYSTEM, in Constipation, Diarrhoea, Biliousness, Heartburn, Vomiting, Liver and Kidney Affections, Gout and Rheumatism, Dyspepsia, Piles, Skin Disease, &c., &c.
