DR. J. COLLIS BROWNE'S
CHLORODYNE

Coughs,
 Colds,

Asthma,
 Bronchitis,

Diarrhoea.

- CHLORODYNE** is admitted by the profession to be the **MOST WONDERFUL AND VALUABLE REMEDY EVER DISCOVERED.**
- CHLORODYNE** is the best remedy known for **COUGHS, COLDS, CONSUMPTION, BRONCHITIS, ASTHMA.**
- CHLORODYNE** effectually checks and arrests those too often fatal diseases: **DIPHTHERIA, FEVER, CROUP, AGUE.**
- CHLORODYNE** acts like a charm in **DIARRHŒA**, and is the only specific in **CHOLERA** and **DYSENTERY.**
- CHLORODYNE** effectually cuts short all attacks of **EPILEPSY, HYSTERIA, PALPITATION,** and **SPASMS.**
- CHLORODYNE** is the only palliative in **NEURALGIA, RHEUMATISM, GOUT, CANCER, TOOTHACHE,** and **MENINGITIS.**

The *Illustrated London News* of Sept. 28th, 1895, says:—

“If I were asked what single medicine I should prefer to take abroad with me as likely to be most generally useful to the exclusion of all others, I should say, **CHLORODYNE.** I never travel without it, and its general applicability to the relief of a large number of simple ailments forms its best recommendation.”

None genuine without the words “**DR. J. COLLIS BROWNE'S CHLORODYNE**” on the stamp. Overwhelming Medical testimony accompanies each bottle. Of all Chemists, 1/1½, 2/9, 4/6, & 11/-.

Sole Manufacturers: J. T. DAVENPORT, Ltd., London.

(TESTIMONIALS OTHER SIDE.)

TESTIMONIALS.

Earl Russell has graciously favoured J. T. Davenport with the following:—"Extract of a despatch from Mr. Webb, H.B.M. Consul at Manilla, dated Sept. 17, 1864.

"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives."

*** Earl Russell communicated to the College of Physicians that he had received a despatch from Her Majesty's Consul at Manilla to the effect that Cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See *Lancet*, Dec. 31, 1864.

Extracts from the GENERAL BOARD OF HEALTH, LONDON, as to its efficacy in Cholera.

1st Stage, or Premonitory.—In this stage the remedy acts as a *charm*, one dose generally sufficient.

2nd Stage, or that of Vomiting or Purging.—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage or Collapse.—*In all cases restoring the Pulse.* So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

From Rev. W. H. MAJOR, Risca, Monmouth.—April 27, 1892.

I have used Dr. J. Collis Browne's Chlorodyne hundreds of times, and it has always acted like a charm. In severe cases of diarrhoea, almost immediately after a dose, the pain has ceased, and in a very little time a cure has been effected. It has also done much good in a case of rheumatism in my family. I have recommended it to a great number of people, who have spoken to me of its efficacy in the highest terms. I have never known it to fail in a single case.

Dr. Gibbon, Army Medical Staff, Calcutta, states:

"Two doses completely cured me of Diarrhoea."

J. T. DAVENPORT, London.—DEAR SIR,—During my 15 months' active service in South Africa I found your medicine of the greatest value to myself and comrades. With the privations we had to endure, I don't know how we would have got on without it. I cured myself of the Ague twice effectually, and my comrades of Enteric attacks. I returned home December 12th, and have since forgotten to thank the man to whom I owe my present good health. May you live long to relieve suffering humanity, and may I live long to enjoy your confidence.—Yours eternally grateful,
Troop-Sergt. A. E. RODGERS, Lance-Corp. T. DOUGLAS, Tpr. J. F. FREEMAN,
Kitchener's Fighting Scouts.

I am well known in Eaglehawk, and if anyone wants a recommendation of your Chlorodyne I will give it them.
A. E. RODGERS, Canterbury, Eaglehawk, Victoria, Australia.

J. T. DAVENPORT, Esq., London.—MY DEAR SIR,—I think it my duty to let you know that I was troubled with an acute diarrhoea. . . . In despair, I tried Chlorodyne, and *three doses* cured me completely. This was in 1898. I have been residing for some time in Panama, and as a preventive of Yellow Fever, La Grippe, or Dysentery I occasionally take a dose. In my opinion, Chlorodyne is *unsurpassable.* *From J. MCG. NAIRNE, Black River, Jamaica.*

ARCHBISHOP MAGEE.—Extract from one of his published letters to his wife:—

"I had a return of a bad cold yesterday morning—preached with two pocket-handkerchiefs to a great congregation at St. Mary's, ate a 'cold collation' at three o'clock, saw clergy on business until five o'clock, went to a 'parochial tea' at six o'clock; sat out no end of tea, glees, and speeches until half-past nine; finished off with a speech until ten o'clock, came here very bad with cold, took Chlorodyne and went to bed very miserable; woke next morning quite well."

From "CASSELL'S HISTORY OF THE BOER WAR," page 342:—

"Gaunter and gaunter grew the soldiers of the Queen. Hunger and disease played havoc with those fine regiments. But somehow the R.A.M.C. managed to patch the men up with Chlorodyne and quinine."

From Corpl. H. MILLARD, 2nd Field Battery, R.A., South Africa.—March 12, 1900.

DEAR SISTERS, . . . I had an attack of dysentery; but some of Dr. Collis Browne's Chlorodyne came in all right. Send two more bottles as soon as you get this letter. A lot of the men are having dysentery. I am first-class now; I got over mine all right, and am in the best of health. . . . Send me some tobacco with the Dr. Collis Browne's—that's all I want at present."

EDWARD WHYMPER, Esq., the celebrated Mountaineer, writes on Feb. 16, 1897:—

"To J. T. DAVENPORT.

"I always carry Dr. J. Collis Browne's Chlorodyne with me on my travels, and have used it effectively on others on Mont Blanc."
