Petrolagar

No. 1 Blue Label. (*Plain*).

The palatable emulsion of pure medicinal paraffin and agar-agar, indicated in chronic constipation and as a follow up in cases where Petrolagar Phenolphthalein has been previously used.

In Hemorrhoids and enlarged prostate conditions Petrolagar effects an easy evacuation with no straining. Useful as a high retention enema for mucous colitis (3 ozs. to the pint of water). Mixes perfectly with water.

Petrolagar

No. 2 Red Label. (*Phenolphthalein*).

Indicated in severely constipated individuals who have used drastic purgatives, No. 2 contains Phenolphthalein ($\frac{1}{4}$ gr. to the tablespoonful). We recommend changing to Plain Petrolagar when daily habit of bowel movement is acquired. It is non-habit forming and may be given in decreasing doses. Useful in preparing patients for operative treatment.

Prescribe PETROLAGAR for constipation, the results will warrant its use.

Petrolagar

No. 3 Green Label. (*Alkaline*).

Is Petrolagar made mildly alkaline by fluid magnesia, indicated in gastric and duodenal ulcer, hyperacidity and in acid conditions caused by constipation.

Suitable for infants and children for constipation, summer diarrhoea, green stool, etc.; and for constipation during pregnancy and lactation. Its soothing effects are very apparent in cases of mucous colitis. Dosage for infants $\frac{1}{2}$ teaspoonful twice daily (may be mixed with feed).

'Petrolagar' is the trade mark distinguishing the fine emulsion of mineral oil and agar-agar, manufactured only by:
