To fit Stoma	Cat. No.
19mm (3/4 in.)	32-220-04
25mm (1 in.)	32-221-01
32mm (1 1/4 in.)	32-222-09
38mm (1 1/2 in.)	32-223-06
51mm (2 in.)	32-224-03
64mm (2 1/2 in.)	32-225-00

Last year saw the launch of the new Eschmann range of Stomacare products. The result has been unprecedented. A foregone conclusion since the range introduced many advanced features like a closed bag with automatic flatus filter, a positive but gentle adhesive, rounded shape, soft material which is odour-proof and leak-proof as well as rustle-proof. Eschmann closed and drainable bags come in sizes to fit all stomas. There's also a range of bag covers in popular colours, plus accessories for extra protection, if required.

#### Spreading the good news

We're continuing to promote the Eschmann range to all concerned with stomacare (surgeons, nursing staff and patients themselves). Our Stoma Consultants are constantly giving demonstrations in hospitals throughout the country. We've even produced a 16-page full-colour booklet, which we supply free, as a guide to nurses and stoma patients. You have a valuable repeat-purchase line in demand from a growing number of the 70,000 colostomists in the country. Make the most of it.

**FREE SAMPLES**  
Please send me free samples and details of Eschmann Stomacare products and ( ) copies of your 16 page Patients Stomacare Booklet to give to my customers.
