DRUGS, GROCERIES, &c.  
DR. C. M'LANE'S  
LIVER PILLS AND VERMIFUGE,  
Turin, N. Y.

UTICA, N. Y.

*Gents* :—About nine years ago I had a child two years old, and almost dead. The doctor I had attending her could not tell what ailed her. I asked him if he not think it was worms. He said no. However, this did not satisfy me, as I felt convinced in my own mind that she had. I obtained a bottle of Dr. C. McLane's Celebrated Vermifuge. I gave her a teaspoonful in the morning and another at night, after which she passed seventy-two worms and was a well child. Since then I have never been without it in my family. The health of my children remained so good that I had neglected watching their actions until about three weeks ago when two of them presented the same sickly appearance that Fanny did nine years ago. So I thought it must be worms, and went to work at once with a bottle of Dr. C. McLane's Vermifuge between four of my children, their ages being as follows: Alice, 8 years; Charley, 4 years; Emma, 6 years; John, 9 years. Now comes the result: Alice and Emma came out all right, but Charley passed forty-five and Johnny about sixty worms. The result was so gratifying that I spent two days in showing the wonderful effects of your Vermifuge around Utica, and now have the worms on exhibition in my store.

Yours truly,

JOHN PIPER.
