GALLERIE MAYO

THE name of the little lady whom our friend the artist has so cleverly depicted on the other side of this card, may be Edith or Jennie, or Kittie, or Fannie, or Mary, or Nellie, or Ellen, or Rose, or for ought we know any one of a thousand other girls' names. We will call her May just because that may not be her name. While we are uncertain about the young lady's name or that of her puss friend, we are very positive concerning the package she so daintily holds in her right hand. Burdock Blood Bitters cure sourness of the stomach, weakness of the stomach, belching of the stomach, indigestion, dyspepsia, sleeplessness, biliousness, constipation, liver and kidney derangements, all blood diseases. You, who are blue faced, faint-hearted, low-spirited, weak or nervous, try them. Burdock Blood Bitters never fail to give satisfaction. Every bottle warranted. BY ALL DRUGGISTS.

"I have been using this preparation for erysipelas and salt rheum, and it has driven them entirely away." Mrs. J. C. Anderson, Peshtigo, Marinette Co., Wis.

"I honestly believe that I owe my existence to-day to Burdock Blood Bitters." Mr. A. Burns, Cobourg, Ont., afflicted for fifteen years with dyspepsia.

Relieved me of severe headaches and liver complaint, and did me much good. W. W. Jones, Cordonia, Ind.

Mrs. Martin Kizer of Linn Grove, Ind., declares "Burdock Blood Bitters are No. 1, curing me of dyspepsia and liver complaint when nothing else that I ever tried could do it."

"Are in my opinion the finest preparation for the blood and stomach ever manufactured." George Campbell, Hopkinsville, Ky.
