# EADE'S ANTIBILIOUS PILLS

Have long been known as one of the best medicines for Bilious and Liver Complaints, Disorders of the Stomach and Bowels, Indigestion, Loss of Appetite, Flatulency, Heartburn, Pains and Giddiness of the Head, Costiveness, Eruptions of the Skin, &c., and are an excellent general Purifier of the Blood.

These Pills promote a due and healthy secretion of Bile, restore the tone of the Stomach and induce a healthy action of the Liver and Bowels.

They allay the irritation and feverish state of the Stomach, stimulate the sluggish liver and clear the System of impurities which by circulating in the Blood injuriously affect the action of the Kidneys and are the causes of much discomfort.

Those who are fond of the pleasures of the table will find these Pills pre-eminent as a Dinner Pill by their mild and safe action.

They are highly recommended to all who have to travel abroad, as their qualities are not impaired by any change of climate.

---
