Bronchitis.

From JAMES A. MASON Esq. 9, Clifton Terrace, Welholme Road, Grimsby.

November 20th, 1898.

Gentlemen,

Allow me to thank you for the privilege of obtaining another bottle of your most valuable Preparation.

The bottle of "Bronchial" I obtained through a friend for my little son has been most beneficial to him.

I have tried so many things for him this last two years that I am indeed glad to think I have found a cure. He has derived more benefit from half the bottle of "Bronchial" than anything he has ever taken.

Wishing you every success which I am sure your preparations deserve, believe me to remain etc,

Consumption.

From the Rev. J. SMARIDGE, St. Mary's, Attenborough, Nottingham.

August 24th, 1898.

Dear Sirs,

Your box containing 4 bottles to hand this day. I should like to mention to you the case of George Taylor. He is a poor parishioner of mine and said to be in consumption.

Through your kindness I have been able to give him 3 bottles of the "Magnesian" Phosphorus and you will be glad to hear he is very much better. He has been under your treatment now for 3 or 4 months.

Sleeplessness.

From T. MOREMON, Esq. (Blind Evangelist.) Staple Hill, Bristol.

December 10th, 1898.

After being recommended to try (and doing so) your Phosphorus Preparation for sleeplessness and nervousness I was amazingly surprised with the effects before taking half of the first bottle and can highly recommend it to all sufferers.
