# INDIGESTION AND CONSTIPATION

**GUY'S  
TONIC  
TREATMENT**

# Indigestion & Constipation.

Indigestion causes Pain in the Stomach and Intestines. It makes you feel generally uncomfortable and stuffy after meals, with Heaviness, Lethargy, and excessive Sleepiness. It gives you Heartburn, Flatulence (Wind), Acidity, and Nausea. It destroys your Appetite (especially for Breakfast), it deranges your Liver, flushes your Face—particularly with redness about the Nose—gives you a furred or coated Tongue, a nasty taste in the Mouth, and makes your Breath fetid and offensive. You also feel giddy, faint, languorous, and enervated.

These Troublesome Symptoms and many others destroy your pleasure in life, make your work harder to do, and render you much more susceptible to fatigue and even to prostration. Indigestion injures your Vitality, lowers and jars the tone and tension of your Nervous System, and generally devitalises and debilitates you. For such derangement nothing acts so speedily and curatively as Guy's Tonic. This invaluable remedy braces up and strengthens the Muscular walls of the Stomach, thus ensuring proper churning of Food. Guy's Tonic also improves both the quantity and the quality of the gastric or Digestive juice, and thus brings about Complete and easy Digestion.

The Food thus digested is capable of being quickly absorbed into the Blood, and there Nourishes and builds you up, refreshing alike the Physical Strength and Nervous powers. The most acute Dyspeptic suffering quickly subsides under the restoring influence of Guy's Tonic and the cleansing action of Guy's Fruit Pills. It should be carefully noted that Constipation is usually a troublesome complication in cases of Indigestion. It is therefore wise to take a dose of Guy's Fruit Pills occasionally when taking Guy's Tonic, in order to derive the utmost possible benefit.
