GM 

Most gay men today have friends or lovers who are HIV-positive. Many of us are positive ourselves. Fighting AIDS isn't just about safer sex education to keep people negative. It's about:

- Making sure HIV and AIDS services are gay-friendly.
- Ensuring the scene is welcoming to gay men with HIV.
- Making sure information is available about treatment options.
- Taking the initiative to offer help and support to your friends with HIV.

It's time for a better deal for gay men with HIV. Join us and make a difference.
