ANNUAL REPORT.

TO THE ASHBOURNE RURAL DISTRICT COUNCIL.

MR. CHAIRMAN, LADY AND GENTLEMEN,

I have the honour to present to you the Annual Report on the health, sanitary circumstances, vital statistics and various activities of the Health Department of your District for the year 1938.

STATISTICS AND SOCIAL CONDITIONS OF THE AREA.

Area, 86,188 acres.

Population :—Estimated by the Registrar-General (mid-year 1938), 11,120.

Estimated number of inhabited houses according to rate books, 3,053.

Rateable value, £39,087.

Product of Penny Rate, £163.

The chief industries carried on in the District are dairy farming, limestone quarrying, gravel digging and cleaning, digging silica fireclay and manufacturing refractory articles, also tape making. There is very little unemployment.

EXTRACT FROM VITAL STATISTICS OF THE YEAR.

BIRTHS.—Live Births	Total	Male	Female	Birth rate per 1,000 of the estimated resident population
Legitimate	145	67	78	
Illegitimate	6	3	3	
	<u>151</u>	<u>70</u>	<u>81</u>	<u>13.45</u>

STILL BIRTHS.	Total	Male	Female	Rate per 1,000 total (live and still) births
Legitimate	8	6	2	
Illegitimate	0	0	0	
	<u>8</u>	<u>6</u>	<u>2</u>	<u>50.31</u>

DEATHS.	Total	Male	Female	Death Rate per 1,000 of the estimated resident population
	132	64	68	11.87

Natural increase of population (excess of deaths over births), 19.

Number of persons dying in, or in consequence of childbirth :—

From Puerperal Sepsis	...	Nil	} Total Nil
From other Puerperal causes	...	Nil	

INFANT MORTALITY.—Deaths of Infants under one year of age :—

Legitimate	1	2
Illegitimate	0	0
Total	<u>1</u>	<u>2</u>

INFANT MORTALITY RATES (i.e., Deaths of Infants under one year per 1,000 births) :—

Legitimate only	19.86
Illegitimate	Nil
General	<u>19.86</u>

ANNUAL REPORT.

TO THE ALBANY MEDICAL DISTRICT COUNCIL.

MR. CHAIRMAN, LADY AND GENTLEMEN,

I have the honor to present to you the Annual Report of the Albany Medical District Council for the year 1901, and to request your attention to the same.

STATISTICS AND SOCIAL CONDITIONS OF THE AREA.

Year 1901.

Population—Estimated at the beginning of the year 1901, 11,700.

Estimated number of married women residing in town 1901, 1,800.

English born 1,200.

Foreign born 600.

The social conditions of the area are such as to present a serious problem to the community. The area is a large one, and the population is increasing rapidly. The social conditions are such as to present a serious problem to the community. The area is a large one, and the population is increasing rapidly.

EXTRACT FROM VITAL STATISTICS OF THE YEAR.

Year	Male	Female	Total
1901	1,200	1,800	3,000
1900	1,100	1,700	2,800
1899	1,000	1,600	2,600
1898	900	1,500	2,400
1897	800	1,400	2,200
1896	700	1,300	2,000
1895	600	1,200	1,800
1894	500	1,100	1,600
1893	400	1,000	1,400
1892	300	900	1,200
1891	200	800	1,000
1890	100	700	800

Estimated number of deaths in 1901, 1,200.

Estimated number of deaths in 1900, 1,100.

Estimated number of deaths in 1899, 1,000.

Estimated number of deaths in 1898, 900.

Estimated number of deaths in 1897, 800.

Estimated number of deaths in 1896, 700.

Estimated number of deaths in 1895, 600.

Estimated number of deaths in 1894, 500.

Estimated number of deaths in 1893, 400.

Estimated number of deaths in 1892, 300.

Estimated number of deaths in 1891, 200.

Estimated number of deaths in 1890, 100.

Estimated number of deaths in 1889, 0.

Estimated number of deaths in 1888, 0.

Estimated number of deaths in 1887, 0.

Estimated number of deaths in 1886, 0.

Estimated number of deaths in 1885, 0.

Estimated number of deaths in 1884, 0.

Estimated number of deaths in 1883, 0.

Estimated number of deaths in 1882, 0.

DEATHS FROM CERTAIN SELECTED CAUSES :—

	Total	Male	Female
Cancer (all ages)	22	9	13
Measles „	0	0	0
Whooping Cough (all ages)	1	1	0
Diarrhoea (under 2 years of age)	1	0	1

There has been an epidemic of Diphtheria and Scarlet Fever in the District during the latter part of the year, practically every case occurring in a village. It was originally contracted by the older children visiting the neighbouring schools outside the area.

GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA.

PUBLIC HEALTH OFFICERS OF THE AUTHORITY.—A list giving their names and duties appears at the commencement of this Report.

(A). **LABORATORY FACILITIES.**—These remain unchanged.

(B). **AMBULANCE FACILITIES.**

There is a St. John's Ambulance at Sudbury, and one in the Urban District of Ashbourne, both for non-infectious cases. Infectious cases are removed by the ambulance at the Etwall Isolation Hospital belonging to the Repton Joint Hospital Board.

(C). **NURSING IN THE HOME.**

The general nursing of the sick in their houses is undertaken by district nurses provided by voluntary organisations. There are four state registered nurses who also act as Health Visitors under the Derbyshire County Council. The Rural District Council do not pay or subsidise these nurses or associations.

(D). **TREATMENT CENTRES AND CLINICS.**

The tubercular centres and clinics are held in the neighbouring town, and are largely used. There are none held in the District, but the Tuberculosis Officer visits patients who cannot travel to the clinics.

(E). **HOSPITALS. PUBLIC AND VOLUNTARY**

As from October 1st, the Council became a constituent member of the Repton Joint Hospital Board, formed under Sec. 6 of the Public Health Act, 1936. The Hospital is at Etwall, in the Repton Rural District, and is for the isolation and treatment of infectious diseases, other than smallpox, occurring in the District. Thirty-five cases were admitted into the Hospital from the Ashbourne Rural District during the year as compared with twenty-nine cases last year. Non-infectious disease cases are sent to voluntary hospitals in the neighbouring towns.

1. SANITARY CIRCUMSTANCES OF THE AREA.

i. WATER.

HARTINGTON. The mains of the Hartington Water Scheme have been extended along Biggin Moor and down the Parwich Moor Road as far as Whitecliffe Farm, a total distance of approximately 1½ miles.

During the year 2,696,700 gallons of water were pumped from the Sheen Boreholes, and of this quantity 1,858,700 gallons were used at Biggin and 838,000 at Hartington.

There were 77 new service connections made to the mains in the two parishes.

HULLAND AND DISTRICT WATER SCHEME. The Minister of Health has approved the Council's scheme for providing a piped supply of water to the parishes of Atlow, Bradley, Bradbourne, Brassington, Carsington, Hognaston, Hulland, Hulland Ward, and Parwich at a total cost of £32,000. It is anticipated that the work will be commenced early in the new year.

THORPE. The Council are considering the provision of a piped supply to the village. A well has been sunk, and a supply of pure water obtained.

KIRK IRETON. A small electrical driven pump has been installed at Kirk Ireton to supplement the supply delivered by the hydraulic ram.

	1901	1902	1903	1904
Population	12,000	13,000	14,000	15,000
Area (sq. mi.)	1.0	1.0	1.0	1.0
Population per sq. mi.	12,000	13,000	14,000	15,000

There has been a steady increase in the population of the area since 1901, and this has led to a corresponding increase in the sanitary conditions of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

SANITARY CONDITIONS OF THE AREA

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

The sanitary conditions of the area have improved since 1901, and this has led to a corresponding increase in the population of the area.

ii. DRAINAGE AND SEWERAGE.

HARTINGTON TOWN QUARTER. New lengths of sewer have been laid in the parish of Hartington. These form part of a scheme for re-sewering the whole of the village.

HOGNASTON AND CARSINGTON. In conjunction with the Derbyshire County Council Highways Department, new lengths of combined sewers have been laid at Hognaston and Carsington.

HULLAND. At Hulland, additional lengths of sewer have been laid, alterations carried out to the septic tanks, and land purchased on which to irrigate the effluent from the septic tanks which contains a large proportion of farm liquor.

2. RIVERS AND STREAMS.

The Derbyshire County Council continue to keep a vigilant watch for serious contamination of all streams which pass through the district. No serious complaints have been received during the year.

3. CLOSET ACCOMMODATION.

There has been no material change in the system of closet accommodation during the year.

The following table shows the position at the present time :—

Water Closets	...	729
Pail Closets	...	846
Privy Middens	...	1477

Conversions to water closets during the year :—

From Privy Middens	...	2
From Pail Closets	...	0

4. PUBLIC CLEANSING.

Regular collection and disposal of refuse is carried out in the following villages :—Brassington, part of Clifton, Fenny Bentley, Hartington Town Quarter, Mappleton, Parwich, Tissington.

The Council purchased the field containing the tip at Doveridge.

5. SANITARY INSPECTIONS OF THE AREA.

The Sanitary Officers' Order, 1935, requires the Sanitary Inspectors, as soon as practicable after the 31st December in each year, to furnish the Medical Officer of Health with reports upon their work during the year. These are reproduced herewith :—

NAMES OF INSPECTORS, J. H. WHEELDON AND H. LITCHFIELD.

Area of District ... 86,188.

Estimated No. of Houses ... 3053

New Houses erected 1938 (a) By Local Authority 0. (b) By Private Enterprise 18.

100. District of the island	505	515	1020	1133.33	

6. SHOPS AND OFFICES.

The Shops in the District have been periodically inspected during the year, and one statutory notice has been served.

7. CAMPING SITES.

As the area known as Dovedale is situated within the District, there are a great number of holiday campers, especially at Easter, Whitsuntide and August Bank Holiday, when numerous sites are used as camps. Owing to the short period of use for this purpose, they are exempt from the provisions of the Act for Licensing. There are three sites in respect of which licenses have been issued by the Council under Section 269 of the Public Health Act, 1936.

8. SMOKE ABATEMENT.

There has been no action necessary for the abatement of smoke nuisances.

9. SWIMMING BATHS AND POOLS.

There are no public swimming baths in the area, and only one privately owned swimming pool. This is fed by water from an adjoining brook.

10. ERADICATION OF BED BUGS.

There have been no cases of infestation reported during the year.

11. SCHOOLS.

A piped supply of water has been laid on to the C. of E. School at Hartington, and a temporary supply laid on to the Biggin-by-Hartington C. of E. School. Arrangements are in hand for the installation of wash-bowls, W.C's. and new drains at the latter school.

12. SECTION D. HOUSING.

GENERAL OBSERVATIONS.—Land has been purchased at Hartington for the erection of houses to abate over-crowding and negotiations are in hand for land at Brassington, Carsington and Clifton.

During the year plans for 18 houses were approved by the Council.

The statistical tables which follow set out in detail the work of the Department in Housing during the year.

(1). INSPECTION OF DWELLING HOUSES DURING THE YEAR :

1.	(a)	Total number of dwelling-houses inspected for housing defects (under Public Health or Housing Acts)	174
	(b)	Number of inspections made for the purpose	556
2.	(a)	Number of dwelling-houses (included under sub-head (1) above) which were inspected and recorded under the Housing Consolidated Regulations, 1925					Nil
	(b)	Number of inspections made for the purpose	Nil
3.		Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation	6
4.		Number of dwelling-houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation					68

(2). REMEDY OF DEFECTS DURING THE YEAR WITHOUT SERVICE OF FORMAL NOTICES :

Number of defective dwelling-houses rendered fit in consequence of informal action by the Local Authority or their Officers	62
---	-----	-----	-----	----

(3). ACTION UNDER STATUTORY POWERS DURING THE YEAR :

(a) Proceedings under Sections 9, 10 and 16 of the Housing Act, 1936					
(1)	Number of dwelling-houses in respect of which notices were served requiring repairs	13
(2)	Number of dwelling-houses which were rendered fit after service of formal notices
(a)	By Owners	13
(b)	By Local Authority in default of Owners	Nil
(b) Proceedings under Public Health Acts					
(1)	Number of dwelling-houses in respect of which notices were served requiring defects to be remedied	Nil
(2)	Number of dwelling-houses in which defects were remedied after service of formal notices
(a)	By Owners	Nil
(b)	By Local Authority in default of Owners	Nil
(c) Proceedings under Sections 11 and 13 of the Housing Act, 1936					
(1)	Number of dwelling-houses in respect of which Demolition Orders were made	2
(2)	Number of dwelling-houses demolished in pursuance of Demolition Orders	Nil
(d) Proceedings under Section 12 of the Housing Act, 1936					
(1)	Number of separate tenements or underground rooms in respect of which Closing Orders were made	Nil
(2)	Number of separate tenements or underground rooms in respect of which Closing Orders were determined, the tenement or room having been rendered fit	Nil

(4). HOUSING ACT, 1936, OVERCROWDING :

(a)	(1)	Number of dwellings overcrowded at the end of the year	...	29
	(2)	Number of families dwelling therein	...	29
	(3)	Number of persons dwelling therein	...	204
(b)		Number of new cases of overcrowding reported during the year	...	1
(c)	(1)	Number of cases of overcrowding relieved during the year	...	2
	(2)	Number of persons concerned in such cases	...	17
(d)		Particulars of any cases in which dwelling-houses have again become overcrowded after the Local Authority have taken steps for the abatement of overcrowding	...	Nil
(e)		Other particulars with respect to overcrowding conditions	...	Nil

13. INSPECTION AND SUPERVISION OF FOOD.

(A). MEAT AND OTHER FOODS. Regular and systematic inspection of all slaughter-houses, butchers' shops and bake-houses are made. Meat found to be unfit for human consumption is in some cases being used for fish food on the trout rearing farms.

(B). ADULTERATIONS, ETC. The Acts and Regulations with respect to Foods and Drugs are enforced by the County Council.

(C). CHEMICAL AND BACTERIOLOGICAL EXAMINATION OF FOOD. The laboratories at which such work is carried out are at the County Offices, Derby.

14. PREVALENCE OF, AND CONTROL OVER, INFECTIOUS AND OTHER DISEASES.

The Council supplies antidiphtheric serum, free of charge, to necessitous cases, but there is no artificial immunization against diphtheria or measles.

The particulars of the incidence of notifiable diseases (other than tuberculosis) in the area during the year are set out in the following tables :—

Disease	Total cases notified	Cases admitted to hospital	Total deaths
Smallpox	0	0	0
Scarlet Fever	27	26	0
Diphtheria	13	9	1
Enteric Fever (including paratyphoid)	0	0	0
Puerperal Pyrexia	1	0	0
Pneumonia	7	0	5
Erysipelas	6	0	0
Acute Poliomyelitis	1	1	0

48 premises have been disinfected by Formaldehyde.

15. PREVENTION OF BLINDNESS.

There has been no occasion to utilise the powers under Sec. 176 of the Public Health Act, 1936, for the prevention of blindness or for the treatment of persons suffering from any disease or injury to the eyes.

16. TUBERCULOSIS.

It has not been necessary to take any action under the Public Health (Prevention of Tuberculosis) Regulations, 1925, or under Sec. 172 of the Public Health Act, 1936.

17. NEW CASES AND MORTALITY DURING 1938.

The following table shows the age, sex and deaths from tuberculosis during the year :—

Age Period	NEW CASES				DEATHS			
	Respiratory		Non-Respiratory		Respiratory		Non-Respiratory	
	M	F	M	F	M	F	M	F
0	—	—	—	—	—	—	—	—
1	—	—	—	—	—	—	—	—
5	—	—	—	1	—	—	—	—
15	—	—	—	2	—	—	—	—
25	3	—	—	—	—	—	—	—
35	—	1	—	—	—	—	—	—
45	1	—	—	—	1	—	—	—
55	—	—	—	—	—	—	—	—
65 and upwards	2	—	—	—	2	1	—	—
Totals	6	1	—	3	3	1	—	—

There has been only one case of non-notified tuberculosis and this was found by post-mortem.

I have the honour to be,
 Lady and Gentlemen,
 Your obedient servant,

H. H. HOLLICK.

Ashbourne, June, 1939.

Medical Officer of Health.
