Illegitimate	<u>1</u>	<u>0</u>	<u>1</u>
	<u>3</u>	<u>2</u>	<u>5</u>

Infant Mortality Rates (i.e. Deaths of Infants under 1 year per 1,000 births) - 23

ANNUAL REPORT

To the Assessor's Board District Council

Mr. Chairman and Members,

I have the honor to present to you the Annual Report on the health, sanitary arrangements, vital statistics and various activities of the Health Department for the year ending 1926.

Sanitation and Social Conditions of the Area.

There were 16,788 cases of tuberculosis reported by the Registrar General in 1926. Estimated number of infected persons according to the above statistics is 62,000. Tubercle bacilli are present in 100% of the sputum of a large number of cases.

The chief industries located on the East River and in the vicinity of the East River are the following: shipbuilding, iron and steel works, and various other industries. The health and sanitary conditions of the area are being improved by the construction of a new sewerage system and the installation of a new water supply system.

Year	Total	Male	Female
1925	1,000	500	500
1926	1,200	600	600

Wellcome Library

Year	Total	Male	Female
1925	1,000	500	500
1926	1,200	600	600

Number of persons living in the neighborhood of the East River is 100,000. The population of the area is 100,000. The population of the area is 100,000.

Year	Total	Male	Female
1925	1,000	500	500
1926	1,200	600	600

DEATHS FROM CERTAIN SELECTED CAUSES.

	Male	Female	Total.
Cancer all ages.	9	13	22
Measles.	0	0	0
Heart Disease.	13	15	28
Whooping Cough.	0	0	0
Diarrhoea (under 2 yrs of age)	0	0	0
Influenza	0	0	0
Diphtheria	0	0	0

DIPHTHERIA IMMUNISATION.

	Under 5	Between 5 - 15
No. of children immunised up to 4.7.48.	48	16

One case of diphtheria was reported during the year. The patient had not been immunised.

GENERAL PROVISIONS OF HEALTH SERVICES FOR THE YEAR.

Under the provisions of the National Health Service Act, 1946, the Derbyshire County Council now administer the laboratory facilities, nursing in the home, treatment centres, clinics and hospitals.

SANITARY CIRCUMSTANCES OF THE AREA.WATER SUPPLY.

The water main extension to supply the villages of Carsington, Ballidon, Kniveton, Penny Bentley, Thorpe and Mappleton has been laid and put into service. A reservoir of 20,000 gallons capacity has been constructed at Haven Hill in connection with the same.

The private scheme which supplied Thorpe village has been taken over by the Council and incorporated in the Regional Scheme.

In order to increase the supply of water, also with a view to extending the mains to Braibford, Hollington and Longford a borehole has been sunk at Yeldersley and tested by a continuous pumping test over 14 days and nights when a supply equal to 237,000 gallons per day was found. A duplicate borehole is now being sunk.

A start has been made with the Cubley regional water scheme main laying and erection of 150,000 gallons capacity reservoir. A duplicate borehole has also been sunk.

The Ministry of Health have given permission for the installation of an iron removal plant and provision for adding a water softener plant at the pumping station which is in course of construction.

When this scheme is completed next Spring, it will provide a piped supply to all villages in the district south of Clifton - Roodsley - Alkinton.

The last section of the main journey the Brassington water main to Hartington via Longcliffe has been commenced, and when completed the mains will be continuous from Hartington in the North to Clifton and Shirley in the centre of the District.

SEWERAGE.

Schemes for the complete sewerage and sewage disposal for the villages of Clifton, Parwich and Hulland Ward have been prepared by the Consulting Engineers and submitted to the Ministry of Health for approval.

A scheme for Brassington has also been submitted and approved. New sewers and temporary works have been provided to deal with the new Brassington housing site.

REPORT FROM CERTAIN REGISTERED CLASSES

Total	Female	Male	
22	13	9	Common all ages
0	0	0	Infants
22	13	9	Home District
0	0	0	Wholesale District
0	0	0	District (under 2 yrs of age)
0	0	0	Infants
0	0	0	District

DIFFERENTIAL INVESTIGATION

No. of children furnished up to 2-7-22. 12

The case of diphtheria was reported during the year. The patient had not been furnished.

GENERAL PROVISIONS OF HEALTH SERVICES FOR THE YEAR

Under the provisions of the National Health Service Act, 1920, the Berks County Council now maintains the laboratory facilities, working in the home, treatment centres, clinics and hospitals.

WATER SUPPLY

The water main extension to supply the village of Garsington, Ballinacorney, Broomfield, Thorns and Wotton has been laid and put into service. A reservoir of 20,000 gallons capacity has been constructed at Wotton Hill in connection with the same.

The supply of water which supplies Thorns village has been taken over by the Council and transferred to the National Scheme.

In order to improve the supply of water, also with a view to extending the main to Garsington, Ballinacorney and Wotton a reservoir has been sunk at Wotton and connected by a continuous pumping main over 10 days and nights with a capacity equal to 27,000 gallons per day and night. A further reservoir is now being sunk.

A staff has been taken with the County Council water supply main having an outlet of 12,000 gallons capacity reservoir, a further reservoir and also being sunk.

The Ministry of Health has given permission for the installation of a water reservoir plant and provision for a water supply plant at the pumping station which is in course of construction.

When this reservoir is completed next Spring, it will provide a good supply to all villages in the district south of Milton - Reading - Alton.

The East section of the main between the Reading water main to Wotton via Garsington has been completed, and when completed the water will be obtained from Wotton in the year to 1923 and supply in the centre of the district.

REPORT

Attention for the completion of the water supply for the village of Garsington, Ballinacorney and Wotton has been provided by the Council and subject to the Ministry of Health for approval.

A scheme for Wotton and the other villages and parishes has been provided and approved.

LEGISLATION.

There has not been any adoptive Acts or sections thereof adopted by the Council during the past year.

CLOSET ACCOMMODATION.

Since water mains have been laid to a number of the Villages, there is an ever increasing request for permission to convert closets to water closets. Owing to the unsatisfactory method of sewage disposal in many Villages, these requests at the present time are unfortunately having to be discouraged.

PUBLIC CLEANSING.

The total amount of salvaged paper collected during the year was 11 tons: 17 cwts, being an increase of 10 tons: 9 cwts over the previous year. The Council entered the National Waste Paper Contest and were successful in obtaining the fourth prize in the Rural District section of the competition.

A new Dennis refuse vehicle has been ordered and it is hoped to extend the refuse collection service to the remaining villages in the Rural District.

SANITARY INSPECTION OF THE AREA.

During the year 908 calls were made by your Inspector for the abatement of nuisance, 49 Informal and 32 Formal Notices were served, 79 of which were complied with. No legal proceedings were instituted.

MILK & DAIRIES REGULATIONS 1926-43.

58 farms have been inspected in the area. Informal action was taken in 10 cases.

INSPECTION OF FOOD.

Owing to the central slaughtering of animals there are no animals slaughtered in the District except pigs for home consumption and "casualty" animals. Numerous pigs killed for home consumption were inspected at the request of the owner. Difficulties have arisen in cases where pigs were affected with generalized tuberculosis and the owner retained the carcasses for their own consumption. No further action could be taken by the Department.

Details of the carcasses inspected and condemned during the year are as follows :-

	Cattle excluding Cows.	Cows.	Calves.	Sheep & Lambs.	Pigs.
Number killed (if known)...	-	-	-	-	-
Number inspected ...	-	-	-	1	38
<u>All diseases except Tuberculosis</u>					
Whole carcass condemned ...	-	-	-	-	-
Carcasses of which some part or organ was condemned ..	-	-	-	-	-
Percentage of the number in- spected affected with disease other than tuberculosis.	-	-	-	-	-
<u>Tuberculosis only.</u>					
Whole carcasses condemned ..	-	-	-	-	419lbs.
Carcasses of which some part or organ was condemned ...	-	9lbs.	-	-	60lbs.
Percentage of the number in- spected affected with tuber- culosis.	-	-	-	-	-

INSPECTION OF FOOD (CONTD)

Regular inspections of meat and other foods have been made during the year. Details of visits and inspections made are as follows :-

Slaughterhouses	37
Bakehouses	6
Shop etc.	29
Catering establishments.	17

KNACKER'S YARD.

An application for the renewal of a licence for a Knacker's Yard was refused by the Council on the grounds that the premises were not suitable for use for the purpose in question.

HOUSING.

One Demolition Order on an individual unfit house was made during the year. The occupants were re-housed in a Council House.

FACTORIES.

11 inspections were made of factories in the area. 3 Informal Notices were served, all of which were complied with.

PREVALENCE OF AND CONTROL OVER INFECTIOUS AND OTHER DISEASES.

The particulars of the incidence of notifiable diseases (other than tuberculosis) in the area during the year are set out in the table -

<u>Disease.</u>	<u>Total cases notified.</u>	<u>Cases admitted to Hospital.</u>	<u>Total Deaths.</u>
Smallpox.	0	0	0
Scarlet Fever.	34	27	0
Diphtheria.	1	0	0
Enteric Fever.	0	0	0
Puerperal Pyrexia.	0	0	0
Pneumonia.	12	0	3
Erysipelas.	10	0	0
Acute poliomyelitis.	2	2	0
Measles.	383	0	0
Whooping Cough	15	0	0

TUBERCULOSIS.

It has not been necessary to take any action under the Public Health (prevention of Tuberculosis) Regulations 1925, or, under Section 172 of the Public Health Act, 1936.

NEW CASES AND MORTALITY.

New Cases - Respiratory 1. Non-Respiratory 5. Deaths 5.

I have the honour to be Gentlemen,

Your obedient Servant,

Hubert H. Hollick

Medical Officer of Health.

August, 1949.

INSPECTION OF FOOD (CONT'D)

Regular inspections of meat and other foods have been made during the year. Details of visits and inspections made are as follows:

27	Restaurants
8	Delicatessen
22	Shops etc.
11	Catering establishments

RENEWAL OF LICENSES

An application for the renewal of a license for a Restaurant was refused by the Council on the grounds that the premises were not suitable for use for the purpose in question.

PERMITS

One Permittion Order on an individual until house was made during the year. The certificate was re-issued in a Council House.

LABORATORY

If inspections were made of factories in the area, 3 Informal Notices were served, all of which were complied with.

RECORDS OF AND CONTROL OVER TUBERCULOSIS AND OTHER DISEASES

The particulars of the incidence of notifiable diseases (other than tuberculosis) in the area during the year are set out in the table -

Disease	Total cases notified	Cases admitted to Hospital	Total Deaths
Scarlet Fever	0	0	0
Diphtheria	2	2	0
Epidemic Typhus	0	0	0
Typhoid	0	0	0
Acute poliomyelitis	0	0	0
Measles	25	0	0
Whooping Cough	12	0	0
Tuberculosis	12	0	0
Smallpox	0	0	0
Scarlet Fever	0	0	0
Diphtheria	1	1	0
Epidemic Typhus	0	0	0
Typhoid	0	0	0
Acute poliomyelitis	0	0	0
Measles	25	0	0
Whooping Cough	12	0	0
Tuberculosis	12	0	0
Smallpox	0	0	0

TUBERCULOSIS

It has not been necessary to take any action under the Public Health (Prevention of Tuberculosis) Regulations 1955, or under Section 112 of the Public Health Act, 1936.

RE CASES AND MORTALITY

4 Cases - Respiratory, 1 Non-Respiratory, 2 Deaths.

I have the honor to be, Sir,

Yours faithfully,

Robert R. Smith

Medical Officer of Health

1955
