### PUBLIC HEALTH STAFF

(1) *Medical Officer of Health (part time) :*

A. McM. W. SEGERDAL, M.D., D.P.H.

(2) *Surveyor and Sanitary Inspector (full time) :*

GEORGE E. MARLOW, M.Inst.Mun.E., Cert. R.S.I.

*To the Chairman and Members of the Ashby-de-la-Zouch  
Urban District Council.*

Ladies and Gentlemen,

I beg to present my Annual Report for the Year 1949.

According to the Registrar General's estimate there is a slight increase in population from 6,352 in 1948 to 6,382.

The birth rate (16.4) is higher than 1948 (15.5), and slightly less than that for England and Wales 16.7.

The death rate is higher than 1948, 13.6 compared with 9.6, and higher than that for England and Wales 11.7.

The chief causes of death are the same as in 1948, from diseases associated with elderly people, but the numbers in this group have increased from 40 in 1948 to 56 in 1949.

Considerable progress has been made with the sewerage of the village of Blackfordby, and it is anticipated that the work will be completed in the near future. The enlargement of the Willesley sewage works is proceeding and will be completed in the next 6 months. A scheme has been prepared and submitted to the Ministry of Health for the sewerage of New Packington, and the enlargement of the existing sewage disposal works at Packington.

The total number of applicants for Council Houses at the end of the year was 235. 28 houses were completed during the year, 22 by the local authority and 6 by private enterprise, making a total of 122 houses completed in the post-war period.

74 Cases of Infectious Diseases were notified, 31 Measles as compared with 164 in 1948, 14 Pneumonia with 3 deaths, 14 Whooping Cough, 5 Scarlet Fever, all mild and none of them removed to hospital, and one case of Infantile Paralysis (Acute Poliomyelitis). I regret to report that the one case of Infantile Paralysis in an adult died.

There was no Diphtheria notified during the year.

The number of children being immunised against Diphtheria tends to be falling, in 1949, 50 receiving primary immunisation, and of this number 39 were in the under 1 year of age and under 2 years of age groups. 13 Children received a reinforcing dose (Booster dose). Unless this trend can be reversed there may be dangerously high percentage of the child population unimmunised against diphtheria.

6 Cases of Tuberculosis were notified, 5 Pulmonary and one non-Pulmonary. The number of cases on the Tuberculosis Register has risen from 13 at the end of 1947, to 15 at the end of 1948, to 19 at the end of 1949. This is not a serious rise, but Tuberculosis is a disease associated with overcrowding, and should act as a stimulus to increase the rate of new housing.

I should like to express my thanks to the Public Health Department of the County Council for their help and co-operation.

Finally, it remains for me to express my appreciation to Mr. G. E. Marlow, Surveyor and Sanitary Inspector, for his invaluable help during the year, and to you, Ladies and Gentlemen, for your kindness and co-operation.

I remain, Ladies and Gentlemen,

Your obedient Servant,

A. McM. W. SEGERDAL, M.D., D.P.H.,  
*Medical Officer of Health.*

### General Provisions of Health Services for the Area

#### HOSPITALS

All hospitals are under the Sheffield Regional Hospital Board, with the exception of a few private Maternity and Nursing Homes. The County Homes for aged and infirms people are under the County Council. When they become ill they are the responsibility of the Hospital Board.

#### TREATMENT CENTRES AND CLINICS

Infant Welfare Clinics are held every Thursday afternoon at the Baptist Schoolroom, Ashby. An Ante-natal Clinic and Tuberculosis Clinic is held at the Health Centre, Bridge Road, Coalville. The Tuberculosis Clinic is under the Sheffield Regional Hospital Board.

#### AMBULANCE FACILITIES

These are mostly provided by the St. John Ambulance Brigade as agents of the County Council at Coalville and Church Gresley, and partly from the County Ambulance Depot, Leicester. Colliery accidents are removed by ambulance provided by the National Coal Board stationed at Nailstone Colliery and at Moira.

#### NURSING IN THE HOME

All District Nursing and Midwifery in the Home is under the County Council.

#### HEALTH VISITING

This work is provided as before by the County Council, and is very ably carried out in the Area.

## SECTION C

### Sanitary Circumstances of the Area.

#### Water Supply.

The whole District is supplied by the Ashby and Swadlincote Joint Water Board from the Milton Water Works.

There are still a few wells in use.

Number of Wells closed—6.

Number of Wells cleansed—Nil.

Number of cases in which piped supply was substituted for Well Water—9.

Number of parishes with piped water supply :—

(a) From Public Mains—Whole area.

(b) From Private Reservoirs—Nil.

Number of houses without a piped water supply—35.

The quality of the existing supplies is satisfactory. The water exhibits no plumbo-Solvent properties. It has been necessary to continue night time restrictions during the year owing to a shortage of water at the source of supply. Steps are being taken to obtain an additional supply of water from Leicester Corporation, Derwent Valley Water Main.

No extensions of the Public Water supply were carried out in 1949.

## Drainage and Sewerage

Number of cesspools constructed during the year—Nil.

Number of cesspools abolished during the year—31.

Total number of cesspools in District on 31st December, 1949—100.

Particulars of any extension during the year :—

- (a) Sewerage.—Considerable progress has been made with the sewerage of the village of Blackfordby and it is anticipated that the work will be completed in the near future.
- (b) Sewage Disposal.—With the exception of New Packington the whole of the Urban Area is provided with sewage Disposal Works.
- (c) New Schemes.—The enlargement of Willesley Sewage Works is proceeding and will be completed during the next six months.

## Post-War Proposals

A scheme has been prepared and submitted to the Ministry of Health for the sewerage of New Packington and the enlargement of the existing Sewage Disposal Works at Packington.

## Closet Accommodation
