*To the Chairman and Members of the Ashby-de-la-Zouch
Urban District Council.*

Mr. Chairman, Ladies and Gentlemen,

I beg to present my report for the year 1956.

The population which appears to be steadily increasing was 6,700 compared with 6,610 in 1955.

The birth rate (14.0) is lower than last year (15.8) and less than that for England and Wales (15.7).

The death rate (9.5) is lower than last year (13.0), and lower than that for England and Wales (11.7).

The chief causes of death are from diseases associated with elderly people.

The scheme for the sewerage of New Packington has been completed.

89 houses were completed during the year, making a total of 451 houses completed in the post-war period.

The total number of applicants for Council houses at the end of the year was 436, and the number of applications received during the year 87.

With respect to general housing conditions the position is rapidly deteriorating due to the large proportion of old property in the area.

During the year 17 cases of Infectious diseases were notified, 11 Scarlet Fever and 6 Measles. The Scarlet Fever was mild.

I am pleased to report a welcome increase in the number of children receiving primary immunisation against diphtheria.

Two cases of Tuberculosis, both Pulmonary were notified during the year.

I should like to express my thanks to the Staff of the Public Health Department of the County and to Dr. Mair and his staff in the Public Health Laboratory at Groby Road, Leicester, for their help and co-operation.

Finally, I must thank Mr. T. H. Farrell, Surveyor and Public Health Inspector and Mr. H. H. Ford, Additional Public Health Inspector, for their invaluable help during the year and to you, Ladies and Gentlemen for your kindness and courtesy.

I remain, Ladies and Gentlemen,

Your obedient servant,

A. McM. W. SEGERDAL, M.D., D.P.H.,
Medical Officer of Health.

SECTION B

General Provisions of Health Services for the Area

HOSPITALS

All hospitals are under the Sheffield Regional Hospital Board, with the exception of a few private Maternity and Nursing Homes. The County Homes for aged and infirm people are under the County Council. When they become ill they are the responsibility of the Hospital Board.

The only hospital in the area is the Ashby-de-la-Zouch and District Hospital under the Leicester No. 2 Hospital Management Committee. The major part of the constructional work of the new Maternity Unit was carried out, and the Regional Hospital Board approved plans for the provision of an Out Patients' Department.

Average number of beds available throughout the year 1956	21.07
Average number of beds occupied throughout the year 1956	15.67
Inpatients, Medical, Surgical and Gynaecological		443
Maternity	211
Total	650
Outpatient attendances	3,883
Operations	389
Births	192
Stillbirths	1

The hospital would welcome young girls about 18 years of age to train as state enrolled student nurses.

TREATMENT CENTRES AND CLINICS

Infant Welfare Clinics are held every Thursday afternoon at the Baptist Schoolroom, Ashby. An Ante-natal Clinic is held at the Health Centre, Bridge Road, Coalville, and the Tuberculosis Clinic at Markfield Sanatorium. The Tuberculosis Clinic is under the Sheffield Regional Hospital Board.

AMBULANCE FACILITIES

The County Council is responsible for all ambulance facilities in the County. Colliery accidents are removed by Ambulances provided by the National Coal Board stationed at Nailstone Colliery and Moira Colliery.

NURSING IN THE HOME

All District Nursing and Midwifery in the home is under the County Council. A Diabetic Health Visitor attends the Clinic at the Royal Infirmary, Leicester, and visits the patients in their homes.

HEALTH VISITING

This work is provided, as before, by the County Council, and is ably carried out in the Area.

LABORATORY FACILITIES

The Public Health Laboratory, Isolation Hospital, Grobby Road, Leicester

The examinations performed on behalf of the District in the County Laboratory are as follows:—

Throat and Nose Swabs	1
Faeces and Urine	26
Sputa	68
Milk	2
Water	2
Miscellaneous	2
Total	101

Generally there is co-operation between the local authority and the services provided by the Executive Council and the Hospital Board, and the tendency is towards closer integration.
