<u>Number of Council Houses (included in the above figure)</u>		478.

Crickhowell is a large District in South Breconshire, mainly mountainous in character, with an acreage of 46,140 acres.

The District is divided into eight Parishes, Crickhowell, Cwmdu, Llanbedr, Llanelly, Llangattock, Llangenny, Llangynidr and Partrishow, which are mainly agricultural where the workers are employed in farm work, forestry and quarrying.

The District also supplies labour to the Elvieta Handtools Factory in Crickhowell, British Nylon Spinners Ltd., Pontypool, Richard Thomas and Baldwins Ltd., Steelworks, Ebbw Vale and the Glascoed Ordnance Factory, Usk.

The re-housing of families from unfit dwellings continues together with applicants from the ordinary lists in cases of hardship, illness and overcrowding.

Tenants are selected with the assistance of a Points Scheme adopted by the Council so as to allocate houses to families in the greatest need, conditions of existing accommodation, overcrowding and health circumstances, all rating for "points award".

When Council houses are allocated to applicants their old houses are inspected with a view to their future use being considered. These houses, if they are unfit for human habitation and cannot be repaired at reasonable expense are then covered by a Demolition Order or Closing Order.

School Medical Service, Maternity and Child Welfare Clinics, and the provision of school meals are carried out by the County Council.

The health of the district during the year has been good. The incidence of Pulmonary Tuberculosis has been low during the year.

There have been no outbreaks of food poisoning during the year. Inspections have been carried out from time to time of various food handling shops, bake-houses, licensed premises and shops selling ice-cream in accordance with the Regulations. Minor defects have been pointed out and corrected. It has not been necessary to take any legal proceedings under the Food and Drugs Act, the Food Hygiene Regulations 1955, or under the Office, Shops and Railway Premises Act, 1963.

National Assistance Act, 1948, Section 47.

No action has been necessary under this Section during the year 1965.

SECTION D.

SANITARY CIRCUMSTANCES OF THE DISTRICT.

WATER.

The South-East Breconshire Water Board are responsible for the public water supplies in this Council's area.

The Council's area has a piped water supply to all centres of population served mainly from local springs harnessed to small local reservoirs. The supplies to Llangenny, Glangrwyney, Crickhowell (part), Gilwern (part) and Blackrock are chlorinated. These are now sampled regularly by the Water Board, but, as in the past, bacteriological results vary considerably due to the catchment areas frequently being unfenced agricultural ground. However, the Water Board have now commenced their comprehensive scheme to harness their three main sources to a large grid distribution system that will supply an adequate and pure water to all areas, and so dispense with the present local springs which can be doubtful and poor in yield.

RODENT CONTROL.

A full time Rodent Operator is employed by the Council and he has carried out the following treatments during the year:-

Private Dwellings.....	365
Business Premises.....	34
Schools.....	3
Sewerage Systems.....	Regular Treatment.
Refuse Tips.....	" "
Brooks in Villages.....	" "
Farms in the area surveyed and treated.	

The Report of treatments carried out has been forwarded to the Ministry of Agriculture, Fisheries and Food under the Prevention of Damage by Pests Act, 1949.

In spite of farm surveys, and the offer of treatment under Contract, the response has been poor and only ten farms were continually under contract.

Contracts have also been signed for Cwrt-y-Gollen Military Camp, Tymawr School, Tymawr School Farm and Elvicta Handtools Factory.

DRAINAGE AND SEWERAGE.

The three public sewerage systems and the nine housing estate systems have operated satisfactorily and there have been no major breakdowns or extensive repairs.

Routine sampling of sewage works effluents by the Usk River Authority has only revealed unsatisfactory results at those Works which are overloaded and all these will become obsolete when the proposed schemes are completed.

As reported last year the Crickhowell Sewage Works effluent indicates that these Works are operating at full capacity, and consideration must now be given to an extension to accommodate future housing development.

The Clydach Sewerage System, which includes the doubling of the Aberbaiden Sewage Works, has progressed very well, and the Summer of 1966 should see this system in operation.

The Bwlch and Llangynidr Scheme has now progressed to the point of agreement of the proposed system with the Ministry of Housing and Local Government, the County Planning Officer and this Council. The scheme finally agreed upon was for a combined sewerage works on the Bwlch side of the River Usk, some considerable distance from the river, with the Llangynidr sewage passing under the river and being pumped to the Works by a pump house sited on the south bank of the river.

Your Consulting Engineers are drawing up details of the Tretower Village Sewerage System.

SEWAGE TREATMENT PLANTS.

Regular maintenance and sludge removal, by pumping with the Wickham Towed Diesel Pump, has been carried out at the treatment plants situated at the following Housing Estates:-

Penallt, Penllwyn, Danycoed (3 tanks), St. Michael's Close, Groesffordd, Glasfryn Terrace and also the Village of Llanbedr.

The treatment plants at Glangrwyney and Llangenny are pumped out and the sludge taken away by Contractors' Tanker at three monthly intervals. This was arranged to prevent smell nuisance to occupiers of houses in the locality.

Daily maintenance has been given to the two larger public sewage works at Crickhowell and Gilwern, and to the eleven electrically operated sewage pumps in the area.

The pumps have been given regular inspection by the Insurance Company Inspectors and their reports have been satisfactory.

PUBLIC CLEANSING - REFUSE COLLECTION AND DISPOSAL.

The general scavenging of the area has operated satisfactorily with the lorry travelling some, 7,000 miles and carrying away 12,500 yards of refuse to the tips at Crickhowell and Gilwern.

The Shelvoke and Drewry, fore and aft tipper, 20 cubic yard refuse collection vehicle is now in the second year of operation. It has proved to be a great success in cutting down dust during loading, greater carrying capacity and reduction in mileage. Minor faults have occurred but these have been rectified immediately by the Manufacturers under guarantee.

The whole of the scavenging area is now collected on a once per week system, with cafes, hotels, fish shops, etc., being collected twice per week if the premises are conveniently situated for this collection. The average daily collection being about 500 premises.

The regular treatment of the tip faces with an insecticide powder, applied by a "blower", continues to give an excellent result in the reduction of any fly or wasp nuisance.

Continuous control of rat infestation is carried out at both Tips.

The 1965 Anti-Litter Campaign was again supported by the Council by the display and issue of anti-litter posters to shops, hotels, and schools, and the stationing of more litter baskets and bins in the area.

FOOD AND DRUGS.

FOOD CONDEMNED AND VOLUNTARILY SURRENDERED.

The following goods, were on inspection, found to be unfit and were voluntarily surrendered:-

- 27 tins Baked Beans.
- 15 tins Soup.
- 9 tins Tomatoes.
- 7 tins Pears.
- 5 tins Milk.
- 3 tins Pineapples.
- 3 tins Peas.
- 2 tins Apricots.
- 2 tins Green Beans.
- 2 tins Carrots.
- 2 tins Cream.
- 2 tins Rice Pudding.
- 1 tin Salmon.
- 1 tin Blueberry Pie Filling.
- 1 tin Meat.
- 1 tin Golden Syrup.
- 1 tin Cranges.
- 1 tin Peaches.
- 1 jar Mincemeat.
- 1 jar Pickled Beetroot.
- 1 jar Pickled Onions.
- 1 jar Alka-Seltzer Tablets.
- 21 lbs 11 ozs Cooked Ham.

ICE CREAM.

Forty premises are now registered for the sale of ice cream under the Food and Drugs Act.

The following new registration was granted during the year:-

Mrs. E. Benjamin, Kennel Wood Stores, Gilwern.

THE OFFICES, SHOPS AND RAILWAY PREMISES ACT, 1963.

The above Act called for registration of all those premises where persons are employed, and the necessary registration forms were distributed, collected and copies forwarded to the Fire Authority.

The end of the year registrations were as follows:-

Offices.	7
Retail Shops.	23
Wholesale Shops.	-
Catering Establishments.	5
Fuel Storage Depots.	-
TOTAL.	35

Inspections are now being carried out to ascertain that all the provisions of the Act are covered.

SLAUGHTERHOUSE AND KNACKER'S YARD.

There are no licensed slaughterhouses or public abattoirs within the area of this Authority.

Slaughtering occurs within the neighbouring districts where facilities are adequate, and this Council did contribute a proportion of the cost of a fully qualified Meat Inspector at Brynmawr Slaughterhouse. The latter premises have now been modernised and a charge made for meat inspection.

The Knacker's Yard of Mr. J. Davies, Tredegar, situated at Gilwern, has been regularly inspected and found to be efficiently and hygienically operated with full records maintained.

SURVEYS AND INSPECTIONS.

The following is a summary of the inspections carried out during the year 1965:-

Detailed house inspections.....	717.
Public Health Acts.....	559.
Food.....	19.
Factories.....	18.
Complaints investigated.....	61.
Scavenging investigations.....	13.
Drainage investigations.....	185.
