## GENERAL NURSING.

General Nursing is undertaken by 2 District Nurses who are employed by the District Nursing Association. There is also one Private Midwife available at Pembroke.

The position would be considered satisfactory if an additional Trained Nurse was appointed and resided at Pembroke.

## HOSPITALS.

Tuberculosis :- Sealyham Hospital, with 30 beds, is available for advanced Pulmonary cases, and Kensington Hospital, St. Brides, with 110 beds, for Surgical Tuberculosis.

Infectious Diseases :- Cases are admitted to the Infectious Diseases Hospital at Begelly.

General :- There are two hospitals in the area - The Cottage Hospital, Pembroke, and Woodbine Emergency Hospital, Pembroke.

At Woodbine Hospital, most types of cases can be accepted and much use has been made of this hospital by the residents of the Borough.

Two Maternity Wards are available with accommodation for 8 cases.

## AMBULANCES.

Besides the Ambulances at the County Hospital and Begelly Isolation Hospital, the Civil Defence Ambulances, stationed within the Borough, are available for urgent cases.

The Red Cross Ambulance at Pembroke Dock is also at the disposal of cases needing medical and surgical treatment.

## WATER SUPPLY.

The water supply, which is drawn from Milton New Spring and other springs within the Borough, is adequate and satisfactory.

## MILK SUPPLY.

The milk supplies within the Borough are analysed periodically and maintain a fairly high standard of purity.

## FOOD.

There appears to be no lack of food in the district and the variety available must be considered satisfactory under war-time conditions. There appears to be a good supply of vegetables in the District.

Ample supplies of milk, orange and black-current juices, cod-liver oil, etc., are obtainable, and pregnant women get priority in respect of milk and other foods.
