BOROUGH OF TENBY

ANNUAL REPORT

1959

MEDICAL OFFICER OF HEALTH
Dr. P. M. BOWEN, M.R.C.S., L.R.C.P., D.P.H., D.CH.

PUBLIC HEALTH INSPECTOR
H. P. LAWRENCE, A.R.S.H., AM.I.B.E.

BOARD OF TRUSTEES
ANNEX

ANNUAL REPORT

PUBLIC HEALTH DEPARTMENT
BALTIMORE, MARYLAND

B O R O U G H O F T E N B Y

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH FOR THE
YEAR 1959.

To His Worship the Mayor and Members of the Council,
Mr. Mayor, Ladies and Gentlemen,

I have the pleasure to present my Annual Report upon matters affecting the Public Health in the Borough during the year 1959.

I am pleased to report that the records are again very satisfactory. There was one infant death during the year but this was due to congenital heart disease, and the Infant Mortality figure still remains very satisfactory as compared with that for Pembrokeshire as a whole and also for England and Wales and also to that affecting the Borough 10 years ago during 1949, when it was 29 per 1,000 live births.

Plans drawn up during 1958 to build 22 one bedroomed bungalows for elderly folk were completed, and during the year building was commenced. When these bungalows are completed it is hoped that some of the elderly folk living in the three bed-roomed council houses can be transferred. This will enable families with children to be re-housed, some of which have been on the waiting list for some time. From perusal of the housing list it appears that further council houses or flats, particularly two bedroomed ones, are required, that is, if the rents of these can be kept at a reasonable figure.

Again, I would like to emphasise how important a part the Public Health Inspector plays in the maintenance of the conditions suitable for healthy living. Much work has been done to implement the recommendations made under the Food and Hygiene regulations and conditions have improved.

I would also like to take this opportunity to thank the members of the Council and its officers for their continued courtesy and co-operation and to include in this my thanks to my clerk, Miss V.K. Pickard, for all her help.

I am, Ladies and Gentlemen,

Your obedient servant,

The Guildhall,
Tenby. Tel: Tenby 2589

PHYLIS M. BOWEN, M.R.C.S.,
L.R.C.P., D.P.H., D.C.H.

ARTICLE IN THE MEDICAL SECTION OF THE JOURNAL

1914

Dr. [Name] has been elected to the position of [Title] in the [Organization].

The [Organization] has held its annual meeting at [Location] and the following resolutions were adopted:

Resolved, That the [Organization] should continue to support the [Cause] and to [Action].

Resolved, That the [Organization] should [Action] in order to [Goal].

Resolved, That the [Organization] should [Action] to [Benefit].

Resolved, That the [Organization] should [Action] to [Benefit].

Resolved, That the [Organization] should [Action] to [Benefit].

Resolved, That the [Organization] should [Action] to [Benefit].

All other accidents	1	1

TUBERCULOSIS

Two deaths occurred this year from tuberculosis. One of these was admitted to hospital, one of these was re-notified, and a new case of tuberculosis involving the neck was notified and admitted to hospital.

PREVENTION OF TUBERCULOSIS

R.O.G. Vaccination of contacts and school leavers continues to be carried out in the Borough. Clinic sessions are held at Warren Street

Clinic for the purpose and the schools are also visited. During 1959, 12 contacts and 75 school leavers (i.e. pupils aged thirteen years and over) were vaccinated. The Chest Physician, Dr. Llewelyn Davies, also vaccinates contacts at the Chest Clinic.

NOTIFICATIONS OF INFECTIOUS DISEASES

- 1 Respiratory Tuberculosis
- 1 Non-respiratory Tuberculosis
- 15 Measles

VACCINATION AGAINST POLIO-MYELITIS

During the year, permission was granted by the Ministry of Health for the age limit to be raised to 40 years, so that the age group is now from 6 months to 40 years. This work was continued both at the Clinic and in the schools and it has meant much additional work for the County Health Department.

NATIONAL HEALTH SERVICE ACT, 1946.

LOCAL HEALTH SERVICES

Vaccination Records were received during the year of 34 primary vaccinations.

Immunisation Records were received during the year of 60 primary immunisations against diphtheria and 53 re-inforcing injections, and also of 66 immunisations against whooping cough.

Both vaccination against smallpox and immunisation against diphtheria and whooping cough are carried out at the Clinic and by the local practitioners, who are paid by the County Council on receipt by your Medical Officer of the record cards.

Ambulance Service

This is the responsibility of the County Council, which has seven ambulances in the County and an arrangement for the provision of cars for "sitting cases". The Tenby ambulance has been supplied by the Welsh Ambulance Committee and is operated on a garage arrangement basis by Jeremy's Garages Limited. The British Red Cross Society is most helpful in providing voluntary attendants.

Much of the work in the south of the County consists of out-patient sitting cases requiring transport to hospitals in Carmarthen, Pembroke and Haverfordwest. Generally, these cases

During the year, the purpose and the schools are also visited.
During 1955, 12 contacts and 17 school leavers (i.e. pupils
aged thirteen years and over) were vaccinated. The Chest
Physician, Dr. H. J. Davies, also vaccinated contacts at
the Chest Clinic.

NOTIFICATIONS OF INEVITABLE DISEASES

Respiratory Tuberculosis 1
Non-respiratory Tuberculosis 1
12 Meninges

VACCINATION AGAINST POLIO-MYELITIS

During the year, vaccination was arranged by the Ministry
of Health for the age group to be raised to 40 years, so that
the age group is now from 6 months to 40 years. This work was
continued both at the Clinic and in the schools and it has
been much additional work for the County Health Department.

NATIONAL HEALTH SERVICE ACTING

LOCAL HEALTH SERVICES

Vaccination
Records were received during the year of
34 primary vaccinations.

Immunisation
Records were received during the year of
60 primary immunisations against diphtheria
and 11 re-vaccinating injections, and also of
60 immunisations against whooping cough.

Both vaccination against measles and immunisation against
diphtheria and whooping cough are carried out at the Clinic and
by the local practitioners, who are paid by the County Council
on receipt by your Medical Officer of the receipt cards.

Ambulance Service

This is the responsibility of the County
Council, which has seven ambulances in the County and an
arrangement for the provision of cars for "sitting cases". The
Terry Ambulance has been supplied by the Welsh Ambulance
Committee and is operated on a private management basis by
Jeremy's Garage Limited. The British Red Cross Society is
most helpful in providing voluntary attendants.

Much of the work in the south of the County consists of
out-patient sitting cases requiring transport to hospitals in
Gwent, Pembrokeshire and Haverfordwest. Generally, these cases

are carried by hired cars in order that the ambulance shall be free to deal with emergency cases. This procedure is particularly important in the summer months when the area is full of holiday makers.

During 1959, the Tenby Ambulance dealt with 956 patients, 466 of whom were stretcher cases and 490 sitting cases. The total number of miles travelled was 19,900, an average of 20.07 miles per case, in 431 journeys.

NATIONAL ASSISTANCE ACT, 1948.

Section 47:- Removal to suitable premises of persons in need of care and attention.

No action was necessary under this section.

ACTION UNDER STATUTES IN FORCE DURING YEAR

It was not found necessary to take formal action in respect of the execution of repairs under the Housing or Public Health Acts during the year.

Housing Act, 1957, Section 13.

No. of undertakings adopted not to use premises for human habitation.

Housing Act, 1957.

No applications were received during the year for Certificates of Disrepair, though several enquiries were made and every one satisfied.

Housing Repairs and Readings Act, 1955.

The above Act came into force in June. The numbers of applications received for grant aid towards improvements were as follows:-

Standard Grants	-	4
Discretionary Grants	-	5

The grants were approved in each case. The number of applications, so far, under the new Act is encouraging and I feel it is most important that we should do everything possible to give the best of money of the

and carried by hand care in order that the ambulance shall
be free to deal with emergency cases. This procedure is
particularly important in the summer months when the risk is
high of holiday makers.

During 1958, the Ferry Ambulance dealt with 926 patients,
466 of whom were emergency cases and 460 sitting cases. The
total number of miles travelled was 19,300, an average of 20.07
miles per case, in 437 journeys.

NATIONAL ASSISTANCE ACT, 1948.

Section 47: - Removal to suitable premises of persons in need
of care and attention.

No action was necessary under this section.

REPORT OF THE PUBLIC HEALTH INSPECTOR FOR THE

YEAR 1959

Total No. of dwelling houses inspected for housing defects (under the Public Health and Housing Acts)	-	241
No. of dwelling houses inspected and recorded under the Housing (Consolidated) Regulations 1925 - 1932.	-	4
No. of dwelling houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation.	-	6
No. of dwelling houses found not to be in all respects reasonably fit for human habitation.	-	13
No. of defective dwelling houses rendered fit in consequence of informal action by Local Authority.	-	11

ACTION UNDER STATUTORY POWERS DURING YEAR

It was not found necessary to take formal action in respect of the execution of repairs under the Housing or Public Health Acts during the year.

Housing Act, 1957. Section 18.

No. of undertakings accepted not to use premises for human habitation. - 1

Rent Act, 1957.

No applications were received during the year for Certificates of Disrepair, though several enquiries were made and every assistance given.

Housing Purchase and Housing Act, 1959.

The above Act came into force in June.

The numbers of applications received for grant aid towards improvements were as follows:-

Standard Grants	-	4
Discretionary Grants	-	6

The grants were approved in each case.

The number of applications, so far, under the new Act is encouraging and I feel it is most important that we should do everything possible to slow down the rate of decay of the

REPORT OF THE PUBLIC HEALTH SERVICE FOR THE

YEAR 1932

- Total No. of dwelling houses inspected for housing defects (under the Public Health and Housing Act, 1930)
- No. of dwelling houses inspected and reported under the Housing (Construction) Regulations, 1932 - 1933.
- No. of dwelling houses found to be in a state so dangerous or insanitary as to be unfit for human habitation.
- No. of dwelling houses found not to be in all respects reasonably fit for human habitation.
- No. of defective dwelling houses reported for the consequences of informal action by local authorities.

ADMINISTRATIVE MATTERS

It is not necessary to the local authority in respect of the execution of repairs under the Housing or Public Health Acts during the year.

HOUSING ACT, 1930, SECTION 12

No. of undertakings completed not to the provisions of Housing Act, 1930.

HOUSING ACT, 1930, SECTION 13

The applications received during the year for Certificates of Habitability, under the provisions of the Housing Act, 1930, were as follows:

HOUSING ACT, 1930, SECTION 14

The number of applications received for grants towards improvements were as follows:

Standard Grants - 1
Discretionary Grants - 2

The grants were made in accordance with the provisions of the Housing Act, 1930, and the number of applications received for grants towards improvements were as follows:

older houses, to give them a face lift and bring them up to modern standards to the fullest possible extent, having regard to their structural limitations.

New Houses

No new council houses were completed during the year, but work commenced in July on the construction of twenty-two old people's bungalows at Augustus Place.

Two houses were built by private enterprise.

Re-housing

Twenty families were re-housed by the Corporation during the year. Six of these were from houses declared unfit for human habitation.

Housing Repairs and Rents Act, 1954.

Section I. Proposals.

Under the above Act, Local Authorities were asked to carry out surveys of unfit dwellings in their areas, to submit returns to the Ministry showing the numbers of such houses, and to make proposals for programmes of clearance extending over the five years beginning in January 1956 and ending in December 1960. The Council's proposal was to close or demolish 28 houses during that period and at a very early date it is anticipated that the programme will be completed. Owing to the increasing demand for the purchase of old houses and with the assistance of grant aid under the House Purchase and Housing Act, 1959, it is unlikely that the Council will be faced with any further proposals in the foreseeable future.

Houses provided under the Housing Acts.

The total number of houses erected under the Housing Acts by the Council is 329.

These may be sub-divided as follows:-

4 bedrooms	-	2	
3 bedrooms	-	240	
2 bedrooms	-	59	(including 50 pre-fabricated
2 bedroom flats	-	24	houses)
1 bedroom bungalows	-	4	(further 22 under construction)

older houses, to give them a face lift and bring them up to modern standards to the fullest possible extent, having regard to their structural limitations.

New Houses

No new council houses were completed during the year, but work commenced in July on the construction of twenty-two old people's bungalows at Ardara Park. The houses were built by private enterprise.

Re-housing

Twenty families were re-housed by the Corporation during the year. Six of these were from houses deemed unfit for human habitation.

Housing Expenditure and Receipts, 1952

Section I. Expenditure

Under the above Act, Local Authorities were asked to carry out surveys of unfit dwellings in their areas, to enable returns to the Ministry showing the numbers of such houses, and to make provision for the programme of clearance extending over the five years beginning in January 1956 and ending in December 1960. The Council's proposal was to close up demolition 28 houses during that period and at a very early date. It is anticipated that the programme will be completed. Owing to the increasing demand for the purchase of old houses and with the assistance of grants under the House Purchase and Housing Act, 1952, it is unlikely that the Council will be faced with any further proposals in the foreseeable future.

Houses provided under the Housing Act

The total number of houses erected under the Housing Act by the Council is 32. These may be sub-divided as follows:

1	1 bedroom bungalow
2	2 bedroom flats
3	2 bedroom flats
22	2 bedroom flats (including 20 pre-fabricated houses)
6	4 (further 22 under construction)

TOILET FACILITIES

Improvements were made to existing toilets on the North and South Beaches, providing additional toilet facilities for ladies. A scheme is in hand to extend the ladies' conveniences at South Parade.

PUBLIC CLEANSING

No major changes took place in the cleansing service during the year.

Owing to the increase in the amount of refuse put out for collection during the summer months, the 15 cwt. Bedford Truck was used for two hours daily.

There was a marked increase in the number of covered refuse bins used by householders and as a result, refuse was more hygienically stored and collecting was made easier.

The disposal site at Clickett's Lane continued in operation during the year and sufficient covering material was purchased from the local quarry to ensure adequate cover. Regular spraying of the tip face is carried out and only a few complaints were received from the adjoining housing estate regarding fly infestation.

RODENT CONTROL

One operator is now employed part-time on this work, under the general direction of your Public Health Inspector.

All complaints from householders were dealt with promptly and regular treatments were carried out on the refuse tip and other Local Authority properties.

The following table shows the number of inspections and treatments carried out during the period under review:-

No. of properties inspected	-		181
No. of treatments	-	(a) Dwelling Houses	- 73
		(b) Business Premises	- 2
		(c) L.A. Properties	- 8

CAMPING SITES

No additional caravan sites were opened during the year.

The five licensed sites operating in the area are as follows:-

(1) Kiln Park,	250 resident vans, 50 touring vans, tents for 200 persons
(2) Saltern, Marsh Road,	50 caravans
(3) Zion Gardens, St. John's Hill,	28 caravans
(4) Meadow Farm, North Cliff,	12 caravans
(5) Windmills, Narberth Road	6 caravans

Improvements were made to existing toilets on the North and South Beaches, providing additional toilet facilities for ladies. A scheme is in hand to extend the ladies' conveniences at South Parade.
