MEDICAL OFFICER OF HEALTH  
Dr. P. M. BOWEN, M.R.C.S., L.R.C.P., D.P.H., D.C.H.

PUBLIC HEALTH INSPECTOR  
H. P. LAWRENCE, A.R.S.H., A.M.I.B.E.

REPORT OF THE

ANNUAL REPORT

OF THE

COMMISSIONER OF THE

B O R O U G H   O F   T E N B Y

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH FOR  
THE YEAR 1961

To the Mayor, Aldermen and Councillors of the  
Borough of Tenby,

Mr. Mayor, Ladies and Gentlemen,

I have the pleasure to present my Annual Report upon matters affecting the Public Health in the Borough during the year 1961.

During 1961, further consideration has been given to the housing problem. It was realised that increased accommodation was required, particularly for the elderly and for the smaller family, so that the Council wisely decided to build a number of two-bedroomed flats - thirty-six in all. Also, cottages adjacent to the old folk's bungalows are to be purchased and modernised and made suitable for housing the elderly. The completion of these schemes, in addition to the private development going on, should ease the housing problem considerably.

I am pleased to report that the infant mortality rate returned to its usual low level. Only one infant death occurred and that was due to congenital malformations.

Again I would like to emphasise how important a part the Public Health Inspector plays in the maintenance of the conditions suitable for healthy living. Much work has been done to implement the recommendations made under the Food and Hygiene regulations and conditions have improved in the shops, boarding houses and hotels.

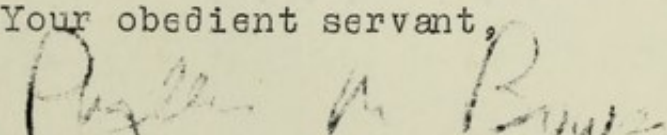

I would also like to take this opportunity to thank the members of the Council and its officers for their continued courtesy and co-operation and to include in this my thanks to my clerk, Mrs. V.K. Hughes, for all her help.

I am, Ladies and Gentlemen,

The Guildhall,  
Tenby.

Tel: Tenby 2589

Your obedient servant,

  
PHYLLIS M. BOWEN, M.R.C.S.,  
L.R.C.P., D.P.H., D.C.H.

# V I T A L      S T A T I S T I C S

Resident Population (Registrar General's Estimate).....1961.....

.....4,500.....

	<u>Borough of Tenby 1961</u>	<u>Borough of Tenby 1960</u>	<u>County of Pembroke</u>	<u>England &amp; Wales</u>
Live Births	68	72		
Live Birth Rate (per 1,000 pop.)	15.1	16.3	17.8	17.4
Illegitimate Live Births per cent of Total Live Births	2.9	8.3	4.7	
Still Births	1	2		
Still Birth Rate (per 1,000 Live and Still Births)	14.5	27.02	24.0	18.7
Total Live and Still Births	69	74		
Infant Deaths (Deaths under 1 year)	1	6		
Infant Mortality Rate (per 1,000 Live Births)				
- total	14.7	83.3	22.08	21.4
- legitimate	15.15	69.4	23.3	
- illegitimate	nil	166.6	12.6	
Neo-natal Mortality Rate (Deaths under 4 weeks) (per 1,000 Live Births)	14.7	69.4	15.0	15.5
Early Neo-natal Mortality Rate (Deaths under 1 week) (per 1,000 Live Births)	14.7	69.4	13.2	
Peri-natal Mortality Rate (Deaths under 1 week and Still Births combined) (per 1,000 Live and Still Births)	28.9	94.6	36.9	

Only one death occurred this year in infants under 1 year of age. This was due to congenital malformations and death occurred at the age of 4 hours.

The infant mortality rate is lower than last year's and also lower than the rate for the County as a whole and for England and Wales. The infant mortality rate for England and Wales, at 21.4, is the lowest ever recorded in this country. It is 0.5 below the rate for 1960, the previous lowest recorded.

	<u>Borough of Tenby 1961</u>	<u>Borough of Tenby 1960</u>	<u>County of Pembroke</u>	<u>England &amp; Wales</u>
Maternal Deaths	nil	nil		
Maternal Mortality Rate(per 1,000 Live and Still Births)	nil	nil	0.58	0.33
Deaths	58.8	75	12.5	12.0
Death Rate(per 1,000 pop.)	12.8	16.9		

There is a decrease also in the general death rate this year, although at 12.8 per 1,000 it is higher than that for the county as a whole and for England and Wales. Of the ten deaths from cancer, two were due to cancer of the lung and both occurred in males over 60 years of age. Only one of them was known to be a heavy smoker of cigarettes. The highest number of deaths from any one cause is again due to heart disease, it having accounted for twenty-one of the fifty-eight deaths.

72.4% of deaths occurred in persons aged over 70 years, and of these, 31.03% occurred in persons aged over 80 years.

<u>Causes of Death</u>	<u>Male</u>	<u>Female</u>
TOTAL (All causes)	22	36
Tuberculosis, respiratory,	1	-
Malignant neoplasm of stomach	1	1
Malignant neoplasm of lung, bronchus,	2	-
Malignant neoplasm of breast	-	1
Malignant neoplasm of uterus	-	1
Other malignant and lymphatic neoplasms	1	3
Diabetes	1	-
Vascular lesions of nervous system	2	7
Coronary disease, angina,	3	4
Hypertension with heart disease	1	-
Other heart disease	4	9
Other circulatory disease	2	1
Influenza	-	1
Bronchitis	3	-
Congenital malformations	-	1
Other defined and ill-defined diseases	-	6
All other accidents	1	1

## TUBERCULOSIS

One death, (male) occurred this year from respiratory tuberculosis. Two new cases, both women, were notified and one was admitted to hospital.

## PREVENTION OF TUBERCULOSIS

B.C.G. Vaccination B.C.G. Vaccination of contacts and school leavers continues to be carried out in the Borough. Clinic sessions are held at Warren Street Clinic for the purpose and the schools are also visited. During 1961 7 contacts and 62 school leavers (i.e. pupils aged thirteen years and over) were vaccinated. The Chest Physician, Dr. Llewelyn Davies, also vaccinates contacts at the Chest Clinic.

## MASS RADIOGRAPHY

The Mobile Unit of the Mass Radiography Service made a special survey of the general population in Tenby in December and the results of this visit are as follows:-

	<u>Grand Total</u>	<u>Male</u>	<u>Female</u>
Total No. examined	249	113	136
No. found to be abnormal	16 (6.43%)	6	10
No. requiring further observation	1 (.40%)	-	1
Other abnormalities of the chest	15 (6.03%)	6	9

## NOTIFICATIONS OF INFECTIOUS DISEASES

25	Measles
2	Scarlet Fever
2	Respiratory Tuberculosis

## VACCINATION AGAINST POLIOMYELITIS

During the early part of the year the fourth injection was given to school children between the ages of five and twelve years. As the use of oral vaccine proved so satisfactory in the Hull epidemic, the Ministry of Health reduced and finally stopped supplying the Salk vaccine to Local Authorities while further work was being carried out on Oral vaccine for general use.

The death (male) occurred this year from respiratory tuberculosis. The next cases, both women, were notified and one was admitted to hospital.

### PREVENTION OF TUBERCULOSIS

S.C.G. Vaccination of contacts and school leavers continues to be carried out in the Borough. Clinic sessions are held at Waverley Street Clinic for the purpose and the schools are also visited. During 1957 contacts and school leavers (i.e. pupils aged between years and over) were vaccinated. The Clinic Physician, Dr. Llewellyn Davies, also vaccinated contacts of the Clinic.

### MASS RADIOGRAPHY

The Mobile Unit of the Mass Radiography Service made a number of visits to the Borough in December in 1957. The results of the examination are as follows:

### NOTIFICATIONS OF INFECTIOUS DISEASES

25 Malaria  
2 Scarlet Fever  
2 Respiratory Tuberculosis

### VACCINATION AGAINST POLIOVIRUS

During the early part of the year the fourth injection was given to school children between the ages of five and twelve years. As the use of oral vaccine proved so satisfactory in the full epidemic, the Ministry of Health requested and finally accepted supplying the oral vaccine to local authorities while further work was being carried out on oral vaccine for general use.

## NATIONAL HEALTH SERVICE ACT, 1946.

### LOCAL HEALTH SERVICES

<u>Vaccination</u>	Records were received during the year of 49 primary and 4 re-vaccinations.
<u>Immunisation</u>	Records were received during the year of 93 primary immunisations against diphtheria and 67 reinforcing injections, and also 84 immunisations against whooping cough.

Both vaccination against smallpox and immunisation against diphtheria and whooping cough are carried out at the **Clinic** and by the local practitioners, who are paid by the County Council on receipt by your Medical Officer of the record cards.

### Ambulance Service

This is the responsibility of the County Council, which has seven ambulances in the County and an arrangement for the provision of cars for "sitting cases". The Tenby Ambulance has been supplied by the Welsh Ambulance Committee and is operated on a garage arrangement basis by Jeremy's Garages Limited. The British Red Cross Society is most helpful in providing voluntary attendants.

Much of the work in the south of the County consists of out-patient sitting cases requiring transport to hospitals in Carmarthen, Pembroke and Haverfordwest. Generally, these cases are carried by hired cars in order that the ambulance shall be free to deal with emergency cases. This procedure is particularly important in the summer months when the area is full of holiday makers.

During 1961, the Tenby ambulance dealt with 2,132 patients, 461 of whom were stretcher cases and 1,671 sitting cases. The total number of miles travelled was 24,499 and 496 journeys were made.

## NATIONAL ASSISTANCE ACT, 1948.

Section 47:- Removal to suitable premises of persons in need of care and attention.

No action was necessary under this section.

NATIONAL HEALTH SERVICE ACT, 1948.

LOCAL HEALTH SERVICES

Vaccination

Persons were received during the year at the primary and re-vaccinations.

Immunisation

Records were received during the year of 33 primary immunisations against diphtheria and 67 reinforcing injections, and also 34 immunisations against whooping cough.

Both vaccination against smallpox and immunisation against diphtheria and whooping cough are carried out at the Clinic and by the local practitioners, who are paid by the County Council on receipt by your Medical Officer of the record cards.

Accident Service

This is the responsibility of the County Council, which has seven ambulances in the County and an ambulance for the provision of cars for "sitting cases". The Terry Ambulance has been supplied by the Welfare Ambulance Committee and is operated on a charge management basis by Terry's Garage Limited. The British Red Cross Society is most helpful in providing voluntary attendants. Much of the work in the south of the County consists of out-patient sitting cases requiring transport to hospitals in Garmouth, Banchory and Newburgh. Generally, these cases are carried by hired cars in order that the ambulance shall be free to deal with emergency cases. This procedure is particularly important in the winter months when the car is full of holiday makers. During 1951, the Terry Ambulance dealt with 2,132 patients, 181 of whom were sitting cases and 1,951 sitting cases. The total number of miles travelled was 24,499 and 400 journeys were made.

NATIONAL ASSISTANCE ACT, 1948.

Section 47:- Power to authorise provision of persons in need of care and attention.

No action was necessary under this section.

REPORT OF THE PUBLIC HEALTH INSPECTOR FOR THE YEAR

1961

Total No. of dwelling houses inspected for housing defects (under Public Health and Housing Acts).	-	321
No. of dwelling houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation.	-	nil
No. of dwelling houses found not to be in all respects reasonably fit for human habitation.	-	8
No. of defective dwelling houses rendered fit in consequence of informal action by Local Authority.	-	6

ACTION UNDER STATUTORY POWERS DURING YEAR

No. of houses made fit after formal notice under:-

(a) Public Health Act	-	nil
(b) Section 9, Housing Act, 1957. (By Owner)	-	nil

Housing Act, 1957. Section 18.

No. of undertakings accepted not to use premises for human habitation.	-	nil
--	---	-----

Rent Act, 1957.

No applications were received during the year for Certificates of Disrepair, though several enquiries were made and every assistance given.

House Purchase and Housing Act, 1959.

The numbers of applications received for grant aid towards improvements were as follows:-

	<u>No. of applications</u>	<u>No. approved</u>
Standard Grants	- 2	2
Discretionary Grants	- 8	6

The number of applications was disappointingly low, being less than half the number made the previous year. All applications were in respect of owner-occupied property. Under the Housing Act, 1961 provision is made for an increase in the permitted rental from 8% to 12½% in respect of improvement works.

# REPORT OF THE PUBLIC HEALTH INSPECTOR FOR THE YEAR

1951

- 321	Total No. of dwelling houses inspected for housing defects (under Public Health and Housing Acts).
- 111	No. of dwelling houses found to be in a state of dangerous or injurious to health as to be unfit for human habitation.
- 8	No. of dwelling houses found not to be in all respects reasonably fit for human habitation.
- 5	No. of defective dwelling houses rendered fit in consequence of informal action by Local Authority.

## ACTION UNDER STATUTORY POWERS DURING YEAR

No. of houses with fit after formal notice under:-

- 111	(a) Public Health Act
- 111	(b) Section 9, Housing Act, 1957. (By Owner)

## Housing Act, 1957, Section 18.

- 111	No. of undertakings accepted not to use provisions for human habitation.
-------	--

## Health Act, 1957.

No applications were received during the year for Certificates of Disrepair, though several applications were made and every assistance given.

## House Purchase and Housing Act, 1957.

The numbers of applications received for grants and towards improvements were as follows:-

## No. of applications for grants

2	Standard Grants
5	Discretionary Grants

The number of applications was disappointingly low, being less than half the number made the previous year. All applications were in respect of owner-occupied property. Under the Housing Act, 1957 provision is made for an increase in the permitted rental from 6 to 12% in respect of improvement works.

This may possibly encourage owners of tenanted property to make application for improvement grants, since grant aid for houses in this category has been almost non-existent in the Borough.

A scheme was put in hand during the year for the purchase of 8 cottages in Jones Terrace adjacent to the newly completed Old People's Bungalows at Augustus Place. It is proposed that the cottages be modernised to one-bedroom dwellings with modern facilities and it is hoped that the scheme will be implemented during 1962.

### New Houses

No new Council houses were built during 1961, but preparations were well in hand for the erection of 24 two-bedroom flats on Marsh Road and 12 two-bedroom flats at Newell Hill. In order that better use may be made of existing accommodation, it has been decided that new housing projects should cater for the smaller type of dwelling, and so enable exchanges of tenancy to be made.

73 houses and flats were provided by private enterprise. A new area for private development was promoted by the Corporation at Lady Park. Provision is made here for the erection of 19 houses and 25 bungalows.

Since a number of applicants for plots on the above estate are tenants of Council houses, it is anticipated that this development will have the welcome effect of relieving the numbers on the Council's Housing List.

### Houses provided under the Housing Acts.

The total number of houses erected under the Housing Acts by the Council is 351.

These may be sub-divided as follows:-

4 bedrooms	-	2	
3 bedrooms	-	240	
2 bedrooms	-	59	(including prefabricated
2 bedroom flats	-	24	houses)
1 bedroom bungalows	-	26	

Every effort is being made to maintain the 50 Arcon type prefabricated bungalows in a waterproof condition. However, permission has now been received for their demolition as and when suitable alternative accommodation is made available.

At the end of 1961 the number of applicants on the Council's Housing List was 72.

This may possibly encourage owners of tenanted property to make application for improvement grants, since grant aid for houses in this category has been almost non-existent in the Borough.

A scheme was put in hand during the year for the purchase of 8 cottages in Town's Terrace adjacent to the newly completed Old Town's Extension at Argentea Place. It is proposed that the cottages be converted to one-bedroom dwellings with modern facilities and it is hoped that the scheme will be implemented during 1982.

### New Houses

No new Council houses were built during 1981, but proposals were still in hand for the erection of 24 two-bedroom flats on Marsh Road and 18 two-bedroom flats at Kestell Hill. In order that better use may be made of existing accommodation, it has been decided that new housing projects should cater for the smaller type of dwelling, and so enable exchanges of tenancy to be made.

15 houses and flats were provided by private enterprise. A new area for private development was provided by the Corporation as Lady Park. Provision is also made for the erection of 15 houses and 25 flats. Since a number of applicants for flats on the above estate and flats at Council houses, it is anticipated that this development will have the same effect of relieving the need here on the Council's Housing List.

### Houses waiting under the Housing Act

The total number of houses erected under the Housing Act by the Council is 351. These may be sub-divided as follows:-

1 bedroom	1
2 bedroom	2
3 bedroom	3
4 bedroom	4
5 bedroom	5
6 bedroom	6
7 bedroom	7
8 bedroom	8
9 bedroom	9
10 bedroom	10
11 bedroom	11
12 bedroom	12
13 bedroom	13
14 bedroom	14
15 bedroom	15
16 bedroom	16
17 bedroom	17
18 bedroom	18
19 bedroom	19
20 bedroom	20
21 bedroom	21
22 bedroom	22
23 bedroom	23
24 bedroom	24
25 bedroom	25
26 bedroom	26
27 bedroom	27
28 bedroom	28
29 bedroom	29
30 bedroom	30
31 bedroom	31
32 bedroom	32
33 bedroom	33
34 bedroom	34
35 bedroom	35
36 bedroom	36
37 bedroom	37
38 bedroom	38
39 bedroom	39
40 bedroom	40
41 bedroom	41

44 bedroom	44
45 bedroom	45
46 bedroom	46
47 bedroom	47
48 bedroom	48
49 bedroom	49
50 bedroom	50
51 bedroom	51
52 bedroom	52
53 bedroom	53
54 bedroom	54
55 bedroom	55
56 bedroom	56
57 bedroom	57
58 bedroom	58
59 bedroom	59
60 bedroom	60
61 bedroom	61
62 bedroom	62
63 bedroom	63
64 bedroom	64
65 bedroom	65
66 bedroom	66
67 bedroom	67
68 bedroom	68
69 bedroom	69
70 bedroom	70
71 bedroom	71
72 bedroom	72
73 bedroom	73
74 bedroom	74
75 bedroom	75
76 bedroom	76
77 bedroom	77
78 bedroom	78
79 bedroom	79
80 bedroom	80
81 bedroom	81
82 bedroom	82
83 bedroom	83
84 bedroom	84
85 bedroom	85
86 bedroom	86
87 bedroom	87
88 bedroom	88
89 bedroom	89
90 bedroom	90
91 bedroom	91
92 bedroom	92
93 bedroom	93
94 bedroom	94
95 bedroom	95
96 bedroom	96
97 bedroom	97
98 bedroom	98
99 bedroom	99
100 bedroom	100

Every effort is being made to maintain the 50 Acre type prefabricated houses in a satisfactory condition. However, replacement has not been received for their demolition as and when suitable alternative accommodation is made available.

At the end of 1981 the number of applicants on the Council's Housing List was 11.

On the completion of the projects now in hand, I see no reason why the re-housing of all but the less needy cases should not be completed during the next few years.

### Re-housing

13 families were re-housed by the Corporation during the year. 10 names were added to the list during that period.

### PUBLIC CLEANSING

A new Austin rear-loading refuse collection vehicle was purchased during the year to meet the extra demand on the service during the holiday period. During the period July - September two vehicles were kept fully occupied and additional staff had to be engaged. With the gradual increase in the number of properties, coupled with the change from solid fuel heating to gas electricity and oil, the quantity of refuse to be collected increases each year by a considerable amount. The new forms of packaging for food and other goods are resulting in more refuse and the high percentage of paper in the refuse further aggravates the problem. If this tendency continues, as it surely will, then incineration seems to be the only satisfactory method of refuse disposal.

The use of one vehicle during the winter months on refuse collection has been maintained during the year, but the increasing demand and the spread of the town means that two vehicles will be necessary in the near future to maintain the present service.

The Clickett's Lane site continues as the disposal ground, and there is space available for a further period of about 12 - 18 months, when the adjoining field will be used.

### RODENT CONTROL

One part time operator is employed on this work, under my general direction.

There was an increase in the number of complaints this year but all were speedily dealt with. The sewers received two treatments and the refuse disposal site four.

The following table shows the number of inspections and treatments carried out during the period under review:-

No. of properties inspected	-		151
No. of treatments	-	(a) Dwellings	129
		(b) Business Premises	6
		(c) L.A. Properties	13

On the completion of the protests now in hand, I see no reason why the re-opening of all the lease books should not be completed during the next few years.

## RE-OPENING

15 months ago re-opened by the Corporation during the year. 10 more were added to the list during that period.

## PUBLIC CLEANING

A new Austin rear-loading refuse collection vehicle was purchased during the year to meet the extra demand on the service during the holiday period. During the period July - September 1954 vehicles were kept fully occupied and additional staff had to be engaged. With the normal increase in the number of properties coupled with the change from solid fuel heating to gas electricity and c., the quantity of refuse to be collected increased each year by a considerable amount. The new form of packaging for food and other goods was resulting in more refuse and the high percentage of paper in the refuse further aggravated the problem. It was necessary to increase, as it surely will, the incineration plant to be the only satisfactory method of refuse disposal.

The use of one vehicle during the winter months as refuse collection has been maintained during the year, but the increase in demand and the spread of the town means that two vehicles will be necessary in the near future to maintain the present service.

The Council's Lane site continues as the disposal ground and there is space available for a further period of about 12 to 15 months, when the adjoining field will be used.

## ROBERT COTTAGE

One part time operator is employed on this work, under my general direction. There was an increase in the number of complaints this year but all were speedily dealt with. The severe weather conditions and the refuse disposal site four. The following table shows the number of inspections and treatments carried out during the period under review:-

151	No. of properties inspected
139	(a) Dwellings
5	(b) Business Premises
13	(c) A.A. Properties

## CAMPING SITES

No additional caravan sites were opened during the year and the following existing sites continued to operate:-

1) Kiln Park.	- 250 caravans
	50 touring vans and tents
2) Saltern, Marsh Road.	- 50 caravans /for 200 persons
3) Zion Gardens, St. John's Hill.	- 28 caravans
4) Meadow Farm, North Cliff.	- 12 caravans
5) Windmills, Narberth Road.	- 6 caravans

The position regarding licensing under the Caravan Sites and Control of Development Act, 1960 is under review.

## TOILET FACILITIES

As a result of the survey of conveniences in the Borough carried out during 1960, a start was made in bringing about improvements during the past year.

A new block was constructed at Butt's Field to replace the existing conveniences. This was completed in November and will be brought into use at the commencement of the 1962 season. Further improvements were carried out to the Upper Frog Street conveniences and to those on the Croft.

In the construction of new toilets every effort has been made to set a high standard, which, it is hoped, will encourage the public, especially those who take a delight in mis-using these facilities, to exercise greater respect for public property. It is gratifying to note that where these measures have been adopted in other towns, the results have been very satisfactory. Plans are well in hand for the construction of additional toilets in Upper Park Road.

## INSPECTION AND SUPERVISION OF FOOD SUPPLIES

### Milk Supply

No. of retailers	-	12
------------------	---	----

### Milk Samples

No. of samples	-	20
Satisfactory	-	18
Unsatisfactory	-	2

All samples taken were for "keeping quality" and efficiency of pasteurisation.

Milk Licences are now issued by the County Council Weights and Measures Department.

CAMPING SITES

No additional caravan sites were opened during the year and the following existing sites continued to operate:-

1) Kilm Park	- 150 caravans
2) Baiters, Horse Road	- 50 touring vans and tents
3) Elce Gardens, St. John's Hill	- 50 caravans for 200 persons
4) Meadow Farm, North Hill	- 50 caravans
5) Baiters, Horse Road	- 15 caravans
	- 5 caravans

The position regarding licensing under the Caravan Sites and Control of Development Act, 1960 is under review.

TOILET FACILITIES

As a result of the survey of conveniences in the Borough carried out during 1960, a programme was set in progress about 12-13 improvements during the past year.

A new block was constructed at Butts Field to replace the existing conveniences. This was completed in November and will be brought into use at the commencement of the 1962 season. Further improvements are being carried out to the Upper Farm Street conveniences and to those on the Green.

In the construction of new toilet every effort has been made to set a high standard, which, it is hoped, will encourage the public, especially those who take a delight in using these facilities, to exercise greater respect for public property. It is gratifying to note that where these measures have been adopted in other towns, the results have been very satisfactory. Plans are well in hand for the construction of additional toilets in Upper Park Road.

INSPECTION AND SUPERVISION OF FOOD SUPPLIES

<u>Milk Supply</u>	No. of retailers	- 15
<u>Milk Supplies</u>	No. of samples	- 20
	Satisfactory	- 15
	Unsatisfactory	- 5

All samples taken were for "top quality" and satisfactory of presentation. Milk licences are not issued by the County Council Weights and Measures Department.

FOOD AND DRUGS ACT, 1955. Section 16.

No. of premises registered to sell ice-cream	-	34
No. of premises registered to manufacture ice-cream	-	3

RETAIL FOOD PREMISES

Grocers	-	19 ( 1 seasonal)
Butchers	-	7
Bakers	-	6
Fish Friers	-	2
Cafes	-	25

35 inspections were made during the year of the kitchens of hotels, boarding houses and cafes. The majority were satisfactory, but complete reconstruction was found to be necessary at two hotel and two cafe kitchens to bring them up to standard. Work on these was well advanced at the end of the year. A further five required minor works, including re-decoration of walls and ceilings.

The following table give the quantity of food examined during 1961 and found unfit for human consumption.

<u>Class of Food</u>	<u>Weight</u>			
	<u>Cwts.</u>	<u>Qtrs.</u>	<u>Lbs.</u>	<u>Ozs.</u>
Bacon	-		38	0
Tinned Meat	-	6	2	5 11
Tinned Fish	-		1	0
Tinned Fruit	-	5	3	6 4
Tinned Vegetables	-	1	3	22 0
Tinned Milk	-		10	0
Miscellaneous	-		3	4 12
	15	3	3	11

FOOD SAMPLING

The following is a list of samples taken in the Borough by the Weights and Measures Department of the County Council.

<u>Sample</u>	<u>No. Taken</u>	<u>Result</u>
Milk	25	Satisfactory
Ice Cream	3	"
Fruit Drinks	2	"

25. Inspection was made during the year of the following premises of hotels, boarding houses and others. The majority have satisfactory, but complete re-decoration was found to be necessary at two hotels and the other premises to bring them up to standard. Work on these was well advanced at the end of the year. A further five premises were re-decorated during the year. A further five premises were re-decorated at the end of the year. The following table gives the quantity of food examined during 1931 and found unfit for human consumption.

Class of Food	Quantity Examined	Quantity Found Unfit
Bacon	2	0
Timed Meat	2	0
Timed Fish	1	0
Timed Fruit	2	0
Timed Vegetables	2	0
Timed Milk	10	0
Miscellaneous	2	0
Total	15	0

FOOD HANDLING

The following is a list of premises found to be in breach of the Food and Hygiene Regulations of the Council.

Name	Address	Offence

PUBLIC HEALTH ACT, 1936. Section 60.

Means of escape in case of fire.

In company with a member of the County Fire Brigade a survey was carried out on 40 hotels and boarding houses in the Borough. Reports were made and a copy sent to the occupier concerned, together with our recommendations. It is evident from the survey that little attention has been paid to this matter by proprietors, and in a number of cases quite substantial constructional works will be necessary to provide adequate and satisfactory means of escape. Hotel and boarding house proprietors would be well advised to seek advice on this subject before carrying out internal alterations to their premises, since most of these alterations are carried out with a view to increasing the accommodation, and thereby adding to their responsibilities regarding means of escape.

H. P. LAWRENCE,

PUBLIC HEALTH INSPECTOR AND

HOUSING OFFICER
