SANITARY INSPECTOR.

There is still a good deal of overcrowding in the town, and the housing programme should be pushed forward with all speed in order to alleviate as quickly as possible this unsatisfactory position.

As conditions allow, the Council should take in hand the provision of improved social services for the well being of the residents in the Urban District.

I have the honour to be,

Gentlemen,

Your obedient Servant,
F.P.H. BIRTWHISTLE,

Medical Officer of Health.
