BOROUGH OF BASINGSTOKE

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH

FOR THE YEAR

1 9 5 2

BOROUGH OF BASINGSTOKE

ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH FOR THE YEAR 1952

July, 1953

To :-

The Mayor, Aldermen and Councillors of the Borough of Basingstoke.

I beg to present my Report for the year 1952, this being my thirteenth and last annual report as your Medical Officer.

Yours faithfully,

M. AVENT

Medical Officer of Health.

1. STATISTICS

(a) POPULATION - Registrar General's Estimate.....17,220
(Mid 1952)

(b) BIRTHS:-

	<u>Total</u>	<u>Male</u>	<u>Female</u>	
Live. (Legitimate.....291	141	150	} .. Birth Rate.....17.6	
(Illegitimate.....13	7	6		
Still.....3	2	1	.. Rate per 1,000	
			Births.....9.9	

(c) DEATHS:- 175 91 84... Death Rate.....9.8
England & Wales...11.3

Deaths of Infants under 1 year.....3

Deaths from:- Cancer.....29
Heart & Arterial Diseases....62
Pulmonary Tuberculosis.....4
Pneumonia.....7
Violence & Suicide.....6

REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1902

1902

The Medical Officer of the Army has the honor to acknowledge the receipt of the report of the Medical Officer of the Army for the year 1902, and to state that the same has been forwarded to the War Department for their consideration.

Yours faithfully,

W. A. WATKINS

Medical Officer of the Army

STATISTICS

1. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1902.....17.200

2. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1901.....17.200

3. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1900.....17.200

4. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1899.....17.200

5. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1898.....17.200

6. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1897.....17.200

7. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1896.....17.200

8. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1895.....17.200

9. REPORT OF THE MEDICAL OFFICE OF THE ARMY FOR THE YEAR 1894.....17.200

2.

NOTIFIABLE DISEASE

Notifications Received:-

Scarlet Fever.....	4
Whooping Cough.....	13
Measles.....	6
Polio-myelitis.....	2
Pneumonia.....	1
Pulmonary Tuberculosis.....	16
Non-Pulmonary Tuberculosis.....	1
Puerperal Pyrexia.....	2
Ophthalmia Neonatorum.....	2
Food Poisoning.....	1
Paratyphoid.....	2

The Town was again fortunate in having only a small amount of Infectious Disease.

The Polio-myelitis cases were moderately severe in character.

The Scarlet Fever cases were mild and were treated at home.

The virtual disappearance of Diphtheria, to which the immunisation Campaign has presumably contributed, and the greatly reduced seriousness of Scarlet Fever, are noteworthy and not entirely explicable features of today.

The rather high number of Tuberculosis notifications in recent years is largely the result of mass radiography.

3.

DIPHTHERIA IMMUNISATION

Number of Children who completed treatment.....225

Under 5 years.....208

5 years and under 15 years..17

In addition, 212 Children, previously immunised, were given "re-inforcing" injections.

4.

WATER SUPPLY

The Water Supply of the Town has been analysed regularly and frequently and the Analyst's Reports shew that it is entirely satisfactory.

5.

HOUSING

- (a) During the year 1952 the following new dwelling-houses were completed :-

	(Traditional Type Houses.....	33
	(" " Flats.....	28
Council Owned	(" " Aged Persons'	
	(Dwellings.....	3
	(Prefabricated Houses - "Wates"....	16
Privately Owned.....		27
Built by Housing Associations.....		26

- (b) Since the War, to 31st. December, 1952, 695 Houses have been completed for the Council, and 178 for Private Persons and Associations.

During the year 1955 the following new dwelling-houses were completed:

Traditional Type Houses: 100
Total: 100
Total: 100
Total: 100
Total: 100

Privately owned: 100

Built by Housing Associations: 100

Since the War, to date, December, 1955, 100 houses have been completed for the Council, and 100 for private persons and Associations.

100

ANNUAL REPORT OF THE BOROUGH SANITARY INSPECTOR

(A) INSPECTION AND SUPERVISION OF FOOD

1. MILK

One Hundred and Thirteen (113) Samples of Milk were taken during the year, and the results of the analyses were as follows:-

"Pasteurised" Milk:-

Samples taken.....	109
Satisfactory.....	94
Unsatisfactory.....	15

"Tuberculin Tested Pasteurised" Milk:-

Samples taken.....	3
Satisfactory.....	3

"Tuberculin Tested" Milk:-

Samples taken.....	1
Satisfactory.....	1

2. ICE CREAM

During the year 18 Samples of Ice Cream were submitted for analysis, with the following results:-

Grade 1.....	8
2.....	3
3.....	4
4.....	3

The three Samples falling into Grade 4 are considered most unsatisfactory, but it is pleasing to report that following contact with the Producers concerned, the Grades were eventually raised to Grade 1.

ANNUAL REPORT OF THE TUBERCULIN BACTERIAL INSPECTOR

IN LONDON AND SUBURBS OF LONDON

1911

One hundred and thirteen (113) samples of milk were taken during the year, and the results of the analysis were as follows:

"Tuberculin" Milk:

Samples taken.....	103
Positive.....	12
Unaffected.....	91

"Tuberculin" Treated "Tuberculin" Milk:

Samples taken.....	3
Positive.....	2

"Tuberculin" Treated "Tuberculin" Milk:

Samples taken.....	1
Positive.....	1

ICE CREAM

During the year 13 samples of Ice Cream were submitted for analysis, with the following results:

Grade 1.....	8
2.....	3
3.....	2
4.....	0

The three samples falling into Grade 4 are considered most unsatisfactory, but as in planning to report that following contact with the producers concerned, the grades were eventually raised to Grade 1.

3. MEAT AND OTHER FOODS

1,357 visits have been made to the Slaughterhouse and other Food Premises during the year, and 12,446 carcasses have been inspected. In all, 7 tons 15 cwts. 2 qrs. 22 lbs. of food have been condemned as unfit for human consumption. This weight does not include canned and packeted foods. Much time has again been given to the inspection of Food Premises. During the year the Council adopted Byelaws made under Section 15 of the Food and Drugs Act, 1938 for securing the observance of sanitary and cleanly conditions and Practices in connection with the Handling, Wrapping and Delivery of Food and Sale of Food in the Open Air. A water supply, complete with tap, has been provided to the rear of the Town Hall for the use of Stallholders in the Market Place.

Condemned:-	Cattle excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Total
Number Killed.....	42	60	1,208	10,251	885	12,446
Number Inspected.....	42	60	1,208	10,251	885	12,446
<u>All Diseases except Tuberculosis:-</u>						
Whole Carcasses condemned...	1	13	1	5	17	37
Carcasses of which some part or organ was condemned.....	9	19	9	900	48	985
Percentage Diseased	23.8	53.0	0.82	8.82	7.34	8.21
<u>Tuberculosis:-</u>						
Whole Carcasses condemned...	-	7	-	-	1	8
Carcasses of which some part or organ was condemned.....	-	-	-	-	5	5
Percentage affected with Tuberculosis.....	-	11.6	-	-	0.67	0.10

4. NOTICES

248 Notices (Written and Verbal, & including 7 Statutory Notices) were served during the year.

5. COMPLAINTS

364 Complaints have been received and dealt with.

6. RODENT CONTROL

During the year 155 complaints were received and 2,200 visits made in connection with baiting and poisoning at Rat and Mouse infested premises; maintenance treatment of Sewers was also carried out with satisfactory results. 3,228 poisoned baits were laid, with 645 complete takes, and 962 partial takes; therefore it can be assumed that considerable numbers of Rats and Mice were destroyed.

From the number of complaints received and the results of subsequent treatment carried out, Rodent Control does still appear to be a necessary and valuable service of the Public Health Department.

7. FACTORIES ACTS, 1937 and 1948

Part I

(i) Inspections, &c.

Number on Register.....139
Inspections.....61
Notices.....13

(ii) Defects found:-

Want of cleanliness.....2

Sanitary Conveniences:-

(a) Insufficient.....6
