BILLESDON RURAL DISTRICT COUNCIL

ANNUAL REPORT

of the

MEDICAL OFFICER OF HEALTH

1951.

Mr. Chairman, Ladies and Gentlemen,

In accordance with the instructions of the Ministry of Health, I deal briefly in this report with matters within my responsibility regarding public health and preventive medicine.

GENERAL STATISTICS

Area (in acres) . . . . .	49,728
Registrar General's estimate of population ..	7,804
Number of inhabited houses . . . . .	2,474
Rateable value . . . . .	£34,937
Sum represented by penny rate . . . . .	£ 135

VITAL STATISTICS

	<u>Males</u>	<u>Females</u>	<u>Total</u>
Births - Legitimate	68	44	112
Illegitimate	<u>3</u>	<u>3</u>	<u>6</u>
Total	<u>71</u>	<u>47</u>	<u>118</u>
	<u>Rate for</u>	<u>Rate for England</u>	
	<u>District</u>	<u>and Wales</u>	
Birth Rate . . . . .	15.1	15.5	
Death Rate . . . . .	8.9	12.5	
Infant Mortality Rate per 1,000 live births . . . . .	8.5	29.6	

These rates are very satisfactory and show that the health of the district has been very good during the year. It is particularly pleasing to record that there was only one death in an infant under one year of age.

UNITED STATES DEPARTMENT OF AGRICULTURE

REPORT

ON THE

WATER

IN THE STATE OF CALIFORNIA

FOR THE YEAR 1911

BY

PREVALENCE OF AND CONTROL OVER INFECTIOUS  
AND OTHER DISEASES.

Notifiable Disease (other than Tuberculosis) during 1951

<u>Disease</u>	<u>Total cases notified</u>	<u>Cases admitted to Hospital</u>	<u>Total Deaths</u>
Scarlet fever	5	3	-
Measles	74	-	-
Whooping Cough	31	-	-
Pneumonia	6	-	1
Dysentery	5	-	-

AGE GROUPS

<u>Disease</u>	<u>Under 1</u>	<u>1/2</u>	<u>2/3</u>	<u>3/4</u>	<u>4/5</u>	<u>5/10</u>	<u>10/15</u>	<u>15/35</u>	<u>35/45</u>	<u>45/65</u>	<u>65 and over</u>
Scarlet fever	-	-	-	2	1	1	1	-	-	-	-
Measles	-	4	6	11	7	37	5	3	1	-	-
Whooping Cough	1	1	4	4	4	15	-	-	1	1	-
Pneumonia	-	-	-	-	-	2	-	-	1	1	2
Dysentery	-	-	-	-	-	2	1	1	-	1	-

The incidence of Infectious Disease during the year was light.

The Scarlet fever cases were of a mild type.

Diphtheria. No case of this disease was notified during the year. The immunisation scheme which was inaugurated by the Council is now carried on by the County Council and particulars are given at the end of this report of the number of children who were immunised during the year.

Tuberculosis.

<u>Age Groups</u>	<u>New Cases</u>				<u>Deaths</u>			
	<u>Pulmonary</u>		<u>Non-Pulmonary</u>		<u>Pulmonary</u>		<u>Non-pulmonary</u>	
	<u>M</u>	<u>F</u>	<u>M</u>	<u>F</u>	<u>M</u>	<u>F</u>	<u>M</u>	<u>F</u>
1 - 5	-	-	-	-	-	-	-	-
5 - 15	-	1	-	1	-	-	-	-
15 - 25	-	2	-	-	-	-	-	-
25 - 35	1	2	1	-	-	-	-	-
35 - 45	-	-	1	-	-	-	-	-
45 - 65	1	-	-	-	-	-	-	-

The total number of cases on the Register at 31st December, 1951 was 33 as compared with 26 at the end of the previous year.

PREVALENCE OF AND MORTALITY FROM TYPHOID  
AND OTHER FEVERS

Mortality Rates from Typhoid Fever, 1911

Disease	Total cases notified	Cases admitted to hospital	Total deaths
Typhoid fever	2	2	2
Paratyphoid fever	1	1	1
Shigellosis	1	1	1
Other fevers	1	1	1

AGE GROUPS

Disease	Under 1	1-2	2-3	3-4	4-5	5-10	10-15	15-20	20-25	25-30	30-35	35-40	40-45	45-50	50-55	55-60	60-65	65-70	70-75	75-80	80-85	85-90	90-95	Over 95
Typhoid fever	-	-	-	-	-	1	1	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-
Paratyphoid fever	-	-	-	-	-	1	1	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-
Shigellosis	-	-	-	-	-	1	1	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-
Other fevers	-	-	-	-	-	1	1	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-	-

The incidence of infectious disease during the year 1911 was as follows:

The typhoid fever cases were of a mild type.

Of the cases of this disease, 100 per cent were notified during the year. The notification scheme which was inaugurated by the Council in 1907 carried on by the County Council and was maintained as far as the end of this report of the number of children who were vaccinated during the year.

The Council.

Age Group	Sex												
	M	F	M	F	M	F	M	F	M	F	M	F

60-65	-	-	-	-	-	-	-	-	-	-	-	-	-
65-70	-	-	-	-	-	-	-	-	-	-	-	-	-
70-75	-	-	-	-	-	-	-	-	-	-	-	-	-
75-80	-	-	-	-	-	-	-	-	-	-	-	-	-
80-85	-	-	-	-	-	-	-	-	-	-	-	-	-
85-90	-	-	-	-	-	-	-	-	-	-	-	-	-
90-95	-	-	-	-	-	-	-	-	-	-	-	-	-
Over 95	-	-	-	-	-	-	-	-	-	-	-	-	-

The total number of cases of typhoid fever during the year 1911 was 100, of which 100 per cent were notified.

## SANITARY CIRCUMSTANCES OF THE AREA

### Water supply

During the year 8 samples in respect of 22 properties were taken from wells for bacteriological examination and all but two proved to be unsatisfactory. With regard to the unsatisfactory samples, as no mains supply was available, the users were advised to boil the water before using it for drinking purposes.

The progress made with regard to schemes for supplying mains water in various parts of the district is as follows :-

Cold Newton and Lowesby. The laying of a piped supply to these two parishes is nearing completion.

Newton Harcourt. This scheme is practically completed.

Tugby. A scheme for supplying this parish is in course of preparation.

Marefield. Arrangements have been made to supply this parish by branching off from the Cold Newton - Lowesby supply.

Water Shortage Except in one instance, an isolated block of four or five cottages, no serious shortages were reported during the year.

Number of cases in which piped supply was substituted for well water ... .. 34.

### Drainage and Sewerage.

The number of known cesspools at the end of 1951 was 515, and during the year some 4,000 emptyings were carried out.

Regular inspections of sewers and sewer dykes were made and where any sewers were found to be fractured or choked immediate repairs were carried out.

Regular attention has been given to outfall ditches in order to keep them as clear as possible.

Great Glen & Burton Overy. The new foul drainage scheme for these parishes is now completed and, with the exception of two or three all properties have been connected to it.

A considerable number of house drains were found to be defective or unsatisfactory and in these instances, properties were totally redrained by the owners.

The scheme for the conversion of pail closets to water closets in these parishes has worked remarkably well and during the year some 153 conversions were carried out. 8 conversions were also carried out at premises other than dwellings.

On the line of sewer there remain only 8 or 9 houses still using pail closets but it is anticipated most of these will be converted during the coming year.

1954

During the year 1954 a total of 123  
proposals were taken from the file for consideration.  
and all but two were approved as indicated  
with regard to the monthly payments, as no  
more money was available. The two were advised  
that the money would be available for the following year.

The proposals made with regard to advance for  
equipment were in various parts of the district  
as follows:

California and Nevada - The total of 123 proposals  
in this area were as follows:

California - 112 proposals in various parts of the district.

Nevada - A proposal for equipment in this area is in process  
of preparation.

Arizona - Proposals have been made to supply this  
area by purchasing off from the field office - however  
none.

Other districts - None in any district, as indicated  
in the report of the field office, in various parts of  
the year.

Number of proposals which were approved and  
estimated cost of equipment.

Equipment and Supplies

The number of items approved at the end of 1954  
was 123, and during the year some 1200 units were  
ordered.

During the year 1954 the number of items and cost of items  
were as follows: and during the year some 1200 units were  
ordered.

Particular attention has been given to certain districts  
in order to meet the needs of the field.

There was a total of 123 proposals. The new field office reports  
that these proposals are not completed and with the exception  
of one or two all proposals have been completed.

A number of proposals have been received from various parts  
of the district and in some instances, proposals were  
received which were not included in the report.

The number for the completion of all proposals  
was 123 in this district and in other parts of the  
district and during the year some 1200 units were  
ordered.

At the time of review these proposals were  
in various parts of the district and in some instances  
proposals were received which were not included in the report.

At the time of review these proposals were  
in various parts of the district and in some instances  
proposals were received which were not included in the report.

Drainage and Sewerage (continued)

Houghton, Staughton and Billosdon. These schemes have been approved and authority to proceed is awaited.

Skeffington. This scheme is almost completed and is expected to be working early in 1952.

Tilton and Keyham. These schemes have been prepared and submitted to the Ministry of Health for consideration.

Closet Accommodation. (Dwellings).

Total number in the District at the end of 1951:-

Privies	...	...	...	...	5
Pail Closets	...	...	...	...	946
Water closets	...	...	...	...	1523

Number of Pail Closets converted to water carriage system during the year ... 161

PUBLIC CLEANSING

Despite labour difficulties and sickness amongst the workmen in the early part of the year, this service has been well maintained during the past twelve months.

A good deal of difficulty has been experienced however, in obtaining land close at hand on which to tip the contents of pail closets and cesspools. The land available for this purpose was often considerable distances from the areas of collection, with the result that long hauls had to be made which, apart from proving costly, reduced the number of emptyings that could be carried out daily.

Nightsoil and the contents of cesspools are disposed of by tipping on agricultural land whilst household refuse is dealt with by the controlled method of tipping.

SANITARY INSPECTION OF THE AREA

The particulars given under this heading are for all purposes including those given elsewhere in this Report :-

Total number of complaints received	...	...	155
Total number of defects or nuisances discovered	...	...	140

<u>Nature of inspections :</u>	<u>Inspected.</u>
Animal keeping	2
Bakehouses	4
Drainage works	828

PEST CONTROL. All sewers, sewage works, tanks and the tip were kept under constant observation and where treatments were found necessary, these were given.

A few complaints were received during the year of minor infestation on private property, and every assistance in dealing with this was given.

Insets No verminous premises were discovered during the year.

## Camping Sites.

There are no Camping Sites in the area. The Council did agree however, to the issue of licences for the siting and occupation of 4 caravans. Three were stationed and have been maintained in a satisfactory manner.

## H O U S I N G

### Inspection of Dwelling Houses during the Year.

(i)	(a)	Total number of dwelling houses inspected for housing defects (under Public Health or Housing Acts) ... ..	160
	(b)	Number of inspections made for the purpose	242
(ii)	(a)	Number of dwelling houses included under sub-head (i) above which were inspected and recorded under the Housing Consolidated Regulations 1925 and 1932 ... ..	nil
(iii)		Number of dwelling houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation ... ..	nil
(iv)		Number of dwelling houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation ... ..	147

Year	Percentage	Percentage

1957	17	17
1958	18	18
1959	19	19
1960	20	20

On January 1, 1961, the following items were listed as being in the year...  
 1961...  
 1962...  
 1963...  
 1964...  
 1965...  
 1966...  
 1967...  
 1968...  
 1969...  
 1970...

All items, except work, have and the...  
 It was found that certain conditions and items...  
 treatments were found necessary, these were given.

A few complaints were received during the year...  
 of minor nature in private property, and every...  
 assistance in dealing with this was given.

The various sections were discussed during the...  
 year.

General Note.

There are no changes since in the year. The...  
 Council did give approval to the latest accounts...  
 for the year and resolution of a committee. These...  
 were received and have been maintained in a satisfactory...  
 manner.

NOTES

- (i) Total number of dwelling houses inspected for the year... 100
- (ii) Number of inspections made for the year... 215
- (iii) Number of dwelling houses inspected under the provisions of the Housing Act, 1925... 110
- (iv) Number of dwelling houses found to be in a state of disrepair or in need of repairs... 110
- (v) Number of dwelling houses found to be in a state of disrepair or in need of repairs... 110
- (vi) Number of dwelling houses found to be in a state of disrepair or in need of repairs... 110

Housing (continued)

Remedy of Defects during the Year Without Service of Formal Notice.

Number of dwelling houses rendered fit in consequence of informal action by the Local Authority or their Officers.	)	140
Number rendered fit by Owners.	)	

A good deal of repair work has been done to some of the older type cottages in the district.

Action under Statutory Powers during the Year.

Number of Notices served	...	...	...	nil
--------------------------	-----	-----	-----	-----

We do not condemn houses unless they become actually dangerous.

Thurnby Camp. Owing to rapid deterioration the huts on this camp are being pulled down as they become vacant. 10 were demolished during the year and only 19 families are in occupation on the camp at the moment.

Provision of New Houses.

132 Post War houses have already been erected by this Council, 14 of these during 1951, and 46 more are at the moment under construction.

Land has been secured and negotiations are taking place in respect of sites in various parts of the area on which to erect further houses.

The Council are erecting bungalows in a few parishes for aged people.

At the end of 1951 there were 257 applicants on the Council's Housing List, and new applications are still being received.

During the year 4 houses were erected by private enterprise and 8 were under construction.

INSPECTION AND SUPERVISION OF FOOD

Milk Supply

I am indebted to the County Medical Officer for details of Biological Samples taken in the area.

Number of samples taken	...	...	47
-------------------------	-----	-----	----

All negative to Myco. Tuberculosis and Brucella Abortus.

Ice Cream

8 premises in the Rural District are registered for the sale of pre-packed ice cream.

Section 1

1. The first part of the document is a general introduction to the subject matter.

2. It discusses the various aspects of the problem and the methods used to solve it.

3. A detailed description of the results is given in the following section.

Section 2

4. This section contains a detailed description of the experimental setup and the results obtained.

5. The data obtained from the experiments are presented in the following table.

Table 1

6. The table shows the results of the experiments for different values of the parameters.

7. It is seen that the results are in good agreement with the theoretical predictions.

8. The following section discusses the implications of the results.

9. It is concluded that the results are of great importance for the understanding of the phenomenon.

10. The author wishes to thank the referee for his valuable comments.

Inspection and Supervision of Food (continued)

Meat and Other Foods.

Byelaws for the Handling, Wrapping and Delivery of Food and Sale of Food in the Open Air have been adopted by the Council.

Inspections have been made from time to time during the year in premises where food is prepared. In all cases these were found to be satisfactory.

I have the honour to be,

Your Obedient Servant,

JOHN YOUNG

Medical Officer of Health.

10, High Street,  
Melton Mowbray.
