REPORT OF ALABAMA YEARLY

Medical Officer's Report for the Year, 1904
 to the
 Board, Alabama and Commissioners

The Medical Officer of Health has pleasure in presenting this report for the year 1904. It is a pleasure to be able to present a report which is not only a record of the work done but also a record of the progress made in the various branches of the public health service. It is a pleasure to be able to present a report which is not only a record of the work done but also a record of the progress made in the various branches of the public health service.

With the exception of the influenza epidemic which was very general throughout the State, the year 1904 was a very successful one for the public health service. The various branches of the service have all made considerable progress and the public health service as a whole has been very successful.

The Medical Officer of Health has pleasure in presenting this report for the year 1904. It is a pleasure to be able to present a report which is not only a record of the work done but also a record of the progress made in the various branches of the public health service. It is a pleasure to be able to present a report which is not only a record of the work done but also a record of the progress made in the various branches of the public health service.

The following table shows the progress made in the various branches of the public health service during the year 1904. It is a pleasure to be able to present a report which is not only a record of the work done but also a record of the progress made in the various branches of the public health service. It is a pleasure to be able to present a report which is not only a record of the work done but also a record of the progress made in the various branches of the public health service.

The group.									
1904	1903	1902	1901	1900	1899	1898	1897	1896	1895
5 to 10 years	60.00	61.00	62.00	63.00	64.00	65.00	66.00	67.00	68.00
10 to 15 years	55.00	56.00	57.00	58.00	59.00	60.00	61.00	62.00	63.00
15 to 20 years	50.00	51.00	52.00	53.00	54.00	55.00	56.00	57.00	58.00
20 to 25 years	45.00	46.00	47.00	48.00	49.00	50.00	51.00	52.00	53.00
25 to 30 years	40.00	41.00	42.00	43.00	44.00	45.00	46.00	47.00	48.00
30 to 35 years	35.00	36.00	37.00	38.00	39.00	40.00	41.00	42.00	43.00
35 to 40 years	30.00	31.00	32.00	33.00	34.00	35.00	36.00	37.00	38.00
40 to 45 years	25.00	26.00	27.00	28.00	29.00	30.00	31.00	32.00	33.00
45 to 50 years	20.00	21.00	22.00	23.00	24.00	25.00	26.00	27.00	28.00
50 to 55 years	15.00	16.00	17.00	18.00	19.00	20.00	21.00	22.00	23.00
55 to 60 years	10.00	11.00	12.00	13.00	14.00	15.00	16.00	17.00	18.00
60 to 65 years	5.00	6.00	7.00	8.00	9.00	10.00	11.00	12.00	13.00
65 to 70 years	0.00	1.00	2.00	3.00	4.00	5.00	6.00	7.00	8.00
70 to 75 years	0.00	0.00	1.00	2.00	3.00	4.00	5.00	6.00	7.00
75 to 80 years	0.00	0.00	0.00	1.00	2.00	3.00	4.00	5.00	6.00
80 to 85 years	0.00	0.00	0.00	0.00	1.00	2.00	3.00	4.00	5.00
85 to 90 years	0.00	0.00	0.00	0.00	0.00	1.00	2.00	3.00	4.00
90 to 95 years	0.00	0.00	0.00	0.00	0.00	0.00	1.00	2.00	3.00
95 to 100 years	0.00	0.00	0.00	0.00	0.00	0.00	0.00	1.00	2.00

The table shows that the percentage of child population reported as below has been steadily increasing since 1895. This is due to the fact that the public health service has been very successful in its efforts to improve the health of the people. The various branches of the service have all made considerable progress and the public health service as a whole has been very successful.

The progress of the public health service during the year 1904 has been very successful. The various branches of the service have all made considerable progress and the public health service as a whole has been very successful.

J. B. Goss, M.D., M.P.H.

Medical Officer of Health
