MEDICAL OFFICER'S REPORT FOR THE YEAR 1939.URBAN DISTRICT OF BOWDON.

## Section

## A

STATISTICS AND SOCIAL CONDITIONS.

The Area of the Urban District of Bowdon is 1090 acres. The Registrar General's estimate of the population is as follows:-

For calculation of birth rate	3061.
" " " death "	3163.

The Number of Inhabited Houses at the end of 1939 according to the Rate Book was 890, a decrease of 109.

The Rateable Value of the District is £40,458, and the sum represented by a penny rate is £157.

The Social Conditions are good. The district is almost entirely residential. No industries are carried on and the population is but slightly affected by unemployment.

VITAL STATISTICS.

	<u>Total</u>	<u>Male</u>	<u>Female</u>
<u>Live Births.</u> (Legitimate)	31	17	14
(Illegitimate)	3	1	2
<u>Still Births.</u>	—	—	—
	34	18	16

Birth Rate per 1000 of estimated population = 11.10

Still Births Rate per 1000 total (live & still births) = NIL.

<u>Deaths.</u>	<u>Death Rate per 1000 of the estimated resident population</u>	= 12.65
	+ Corrected by C.F.	= 11.26

These figures show some change from the previous year. The birth rate has increased, and the death rate has also increased, but is still higher than the birth rate. There were no still births.

Deaths from Puerperal Causes.

Puerperal Sepsis.	Nil.	Rate per 1000 total births	NIL.
Other Puerperal Causes.	1	" " " " "	27.7
+ Comparability Factor.	= .89		

Death Rate of Infants under One Year.

All infants per 1000 live births	0
Legitimate infants per 1000 legitimate live births	0
Illegitimate infants per 1000 illegitimate live births	0
Remarkably there is no infantile mortality.	

Deaths from Measles (all ages)	0
" " Whooping Cough (all ages)	0
" " Diarrhoea (under 2 years)	0
" " Cancer.	8

There has been no excessive mortality from any cause, and there has been no outstanding cause of sickness or invalidity.

## Section

B. GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA.

1. (i) The Medical Officer of Health is a part time Officer.

The Sanitary Inspector, who also acts as Surveyor to the Council, is a whole time official. This position is filled by Mr. A.S. Shimmings, who holds the Certificate of the Royal Sanitary Institute and S.I.S.J. Board and the Heat Inspector's Certificate ( R.S.I.).

(ii) (a) Laboratory Facilities. Materials are sent to the Public Health Institute, Manchester.

(b) Ambulance Facilities. The Hale & Bowdon Joint Ambulance is available and this arrangement has proved satisfactory.

(c) Nursing-in-Home. There is a district nurse whose services are available where necessary.

(d) Clinics & Treatment Centres. None is provided by the Council, nor has the need for them arisen. The Cheshire County Council provide an Infant Clinic in Bowdon Vale.

(e) Hospitals. Altrincham General Hospital ( 100 beds ) is available for general and gynecological cases. Obstretrical cases may be sent to St. Mary's Hospital, Manchester. Use is also made of the Manchester Hospitals for general cases. St. Annes Home, Dunham Massey, is a hospital with 50 beds for diseases of the Ear, Nose, and Throat, and some medical cases are also admitted. There is an arrangement with Manchester for the reception of cases of Small-pox, should the need arise.

## Section

C. SANITARY CIRCUMSTANCES OF THE AREA.

1. (i) Water is supplied by the Manchester Corporation. Both quality and quantity have been satisfactory throughout the year.  
(ii) Drainage & Sewerage. No extension has been made during the year, and none is required.
2. Rivers & Streams. The land treatment appears to be providing a satisfactory effluent.

URBAN DISTRICT OF BOWDON.  
ANNUAL REPORT OF THE SANITARY INSPECTOR.  
FOR THE YEAR 1939.

To the Chairman and Members of the  
Sanitary Committee.

Mr. Chairman and Gentlemen,

I beg to submit my annual report on the sanitary administration  
of the district for the year 1939.

Sanitary Circumstances of the Area.

1. (i) Water.

With the exception of two farms which derive their  
water from wells, the whole of the district obtain  
water from the mains of the Manchester Corporation.  
A constant supply of good water has been maintained.

(ii) Drainage and Sewerage.

No extension has been made during the year, and none  
is required.

The district is drained on the combined system. The  
sewage from the Albert Square district is treated at  
the Altrincham Corporation Sewage Works, and a small  
part of the Altrincham district is treated at the  
Bowdon farm. With the exception of a few septic tanks  
the whole of the remainder is treated at the Bowdon  
farm.

2. Rivers and Streams.

No pollution of the stream in the area has been reported  
and no action has been taken.

3. (i) Closet Accommodation.

There are 14 privies and 2 pail closets in the rural  
portion of the district. The absence of available  
sewers prevents the installation of water closets at  
these houses.

(ii) Public Cleansing.

The Household refuse is collected weekly where ashbins  
have been provided, and monthly from the very few  
ashpits which remain. The collection usually takes 3½  
to 4 days. When the collection is finished the men  
are employed on any other work as necessary.

(iii) Street Cleansing.

Parts of the district are swept daily, the remaining  
portions weekly.

(iv) Sanitary Inspection of the Area.

Inspection of house drainage	40
" " watercourse and ditches	5
" " cowsheds	12
" " dairies	8

Inspection of milkshops	6
" " workplaces	3
" " bakehouses	7
" " places where food is produced or sold	30
Infectious disease inspections and revisits	22
Miscellaneous inspections	39

(v) Shops and Offices.

Particulars of action re ventilation, temperature, and sanitary conveniences.  
No action has been necessary.

(vi) Camping Sites.

Two caravans have been placed in fields off Bow Lane. These have been used at weekends only. The sites are well looked after, and no action has been necessary.

(vii) Smoke Abatement.

There has been no smoke nuisance in the area and no action has been necessary.

(viii) Swimming Baths and Pools.

There are none within the Urban District of Bowdon.

(ix) Eradication of Bed-bugs.                      infested      disinfested.

- |               |                    |     |      |
|---------------|--------------------|-----|------|
| (1) Number of | (a) Council houses | Nil | Nil. |
|               | (b) other houses   | 1   | 1.   |
- (2) Method employed to free the premises. Spraying with Sharratts Vermicide (lethane).
- (3) Methods employed for ensuring that the belongings of tenants are free from vermin before removal to Council houses. None.
- (4) Work of disinfection carried out by the Local Authority.
- (5) Measures taken by way of supervision or education of tenants to prevent infestation or reinfestation after cleansing. No action has been necessary.

4. Schools.

There are two public elementary, and one Grammar school in the area. The sanitary conditions and water supplies have been satisfactory.

SECTION D.  
HOUSING.

- |    |  |    |
|----|--|----|
| 1. | (1a) Total number of dwelling houses inspected for housing defects (under Public Health or Housing Acts)   | 20 |

SECTION E.Inspection & Supervision of Food.

(a)

Milk Supply:-

There are six retailers and seven producers in the area. All the premises are subjected to inspections.

Number of premises registered as dairies	6.
" " persons " cowkeepers	7.
" " persons " purveyors	
of milk	30.

Milk (Special Designations) Order 1936-38.

Supplementary licences issued during the year.	
Pasteurised	1.
Grade A.	0.

(b)

Meat and other Foods.

There are no slaughter houses or knackers yards in the area.

Farmers occasionally slaughter a few pigs. I am always notified of intended slaughtering, and I inspect the carcasses.

There is one butchers shop in the area. The animals are killed at the Altrincham Public Slaughter house. All the meat sold is of very good quality.

From September 1939 all slaughtering must be carried out at a Ministry of Food Slaughter house, except in cases of emergency.

(c)

Adulteration, etc:

No adulteration has been reported and no action has been necessary.

- (d) Chemical and Bacteriological Examination of Food.  
When necessary this is carried out by the Manchester Public Health Laboratory.
- (e) Nutrition.  
No special work or instruction has been considered necessary.
- (f) Shellfish. (Molluscan).  
There are no shellfish beds or layings in the district. No shellfish are marketed in the area.
- (g) Slaughter of Animals Act 1933.  
There are no slaughter houses or knackers yards in the area. No licences to slaughter have been issued.

I am, Gentlemen,

Yours obediently,

A.E. SHIMMINGS.

Sanitary Inspector.

Section  
F.

PREVALANCE OF, & CONTROL OVER, INFECTIOUS & OTHER  
DISEASES.

Hospital accommodation for infectious diseases is provided by the Altrincham Isolation Hospital. This has proved ample, and is used for most of such cases. Measles, Whooping Cough and Scarlet Fever are normally nursed at home, but where considered advisable they can be admitted to Altrincham Isolation Hospital.

Disease	Total Cases Notified	Cases admitted to Hospital	Total Deaths
Small Pox	-	-	-
Scarlet Fever	3	2	-
Diphtheria	3	2	-
Enteric Fever	-	-	-
Puerperal Pyrexia	-	-	-
Pneumonia	1	-	-
Erysipelas	-	-	-
Whooping Cough	-	-	-
Measles	-	-	-
	7	4	-

Other Diseases.

(a) Cancer.

There were 8 deaths from cancer during the year. No particular trade was affected. The localisation of these cases was as follows:-

3	Cancer of the Stomach.
2	" " Neck Glands.
1	" " Tongue.
1	" " Breast.
1	" " Alimentary Tract.

The Holt Radium Institute, Manchester, is available for the treatment of Bowdon cases.

(b) Blindness.

Manchester Eye Hospital can be resorted to for treatment. No preventive action has been necessary.

(c) Tuberculosis.

No action has been necessary with regard to persons suffering from tuberculosis employed in the milk trade.

W.N.W. KENNEDY, M.D., M.R.C.P.Ed., D.P.H.,

Medical Officer of Health,

BOWDON URBAN DISTRICT COUNCIL.
