BOWDON URBAN DISTRICT COUNCIL.

ANNUAL REPORT OF THE SANITARY INSPECTOR FOR THE YEAR 1947.

To the Chairman and Members of the Council.

Gentlemen,

I beg to submit my report on the sanitary administration of the district for the year 1947.

Water Supplies.

The whole of the district is supplied direct to the house by the mains of the Manchester Corporation.

A constant supply of excellent quality has been maintained.

Drainage and Sewerage.

Small amounts of defective drains and sewers have been found and remedied during the year.

Sanitary Accommodation.

The whole of the district with the exception of a few outlying cottages are on the water carriage system.

Collection and Disposal of Refuse.

The collection is carried out by means of a Karrier Bantam Lorry with a trailer for waste paper and salvage towed behind.

Owing to the very acute shortage of labour it has not been possible to revert to the weekly emptying of ashbins.

Very few ashbins remain in the district, these are emptied about once per month.

Paper, rags, metals, bottles etc. are collected, sorted and sold.

Infectious Diseases.

We have been very fortunate in having very few cases of notifiable infectious diseases during the year.

After infection, the disinfection of houses is carried out free of charge.

Smoke Abatement.

During the year no complaints of smoke nuisance were received.

Factories.

No action has been necessary during the year.

Offensive Trades.

There are no offensive trades carried out in the Council's area.

Inspection and Supervision of Food.

(a) Milk Supply.

There are four retailers and eight producers in the area. These are constantly being inspected.

(b) No adulteration has been reported and no action has been necessary.

(c) Foodstuffs surrendered at Shops as unfit for Human Consumption.

Cheese	11 $\frac{1}{2}$ lbs.
Bacon	26 $\frac{1}{2}$ lbs.

Canned Foods.

Sausage	10 tins.	Spinach	14 tins
Pilchards.	5 "	Soup.	11 "
Milk.	28 "	Lunch Meat.	3 "
Steak & Kid'y	2 "	Pears.	2 "
Bacon.	1 "	Casserole St'k.	1 "
Peas.	52 "	Marmalade.	2 "
Beans.	41 "	Carrots.	28 "

(d) Slaughter of Animals Act 1933.

There are no slaughter houses or knackery yards in the area. One licence to slaughter has been issued.

Rodent Control.

This work is carried out by men picked from the Council workmen, as and when required. The Ministry of Food recommended methods are used. A 10% sewer test was carried out with gratifying results.

I am, Gentlemen,

Yours faithfully,

A.E. SHIMMING,

Sanitary Inspector.
