R E P O R T

of the

MEDICAL OFFICER OF HEALTH.

FOR THE URBAN DISTRICT OF BRIXHAM FOR
1947.

- o - o - o -

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present my Annual Report for the year 1947.

The health of the population has continued to be good. There was no epidemic infection. Death rate shows little variation. A further increase of the Birth Rate (from 18.77 to 19.01 per 1000 of population is pleasing.

Water samples, taken quarterly, have given satisfactory results.

Diphtheria Immunisation

Diphtheria Immunisation has continued as formerly, the Agent used being Alum Precipitated Toxin in two doses of 0.3 cc., and 0.5 c.c.

One hundred and twenty three children under five years, and three children aged five to fifteen years were fully protected.

I have the honour to be,

Your obedient Servant,

A. DICK

Medical Officer of Health.

GENERAL STATISTICS.
