BOROUGH OF BUXTON

ANNUAL REPORT

OF THE

MEDICAL OFFICER OF HEALTH

For the year, 1971

Public Health Department,

Town Hall,

Buxton.

To the Minister of State for the Department of
Health & Social Security and

To the Mayor, Aldermen and Burgesses of the Borough of Buxton.

Mr. Mayor, Ladies and Gentlemen,

I present the Annual Report on the Health of the Borough for the
year 1971.

The main causes of death were diseases of the heart and circulation
with 118 cases (42%), cancer with 56 cases (20%) and vascular lesions of the
nervous system with 51 cases (18%). These three main causes were responsible
for 80% of the total deaths.

The total number of deaths for the year was 281. Of these 143 (50%)
were aged 75 and over, 213 (75%) aged 65 and over, and 253 (90%) aged 55 and
over.

The number of "meals on wheels" served during the year was 4,096.

I wish to record my thanks to the Chairman and members of the Health
Committee, to the General Practitioners in the area and to the staff of the
Health Department for their co-operation and support during the year.

Your obedient Servant,

H. E. NUTTEN

Medical Officer of Health

STATISTICS AND SOCIAL CONDITIONS OF THE AREA

The elevation of the Borough is from 950 to 1,200 feet above sea-level.

Area of the Borough	6,337 acres
Estimated Population (mid 1971)	19,880
Number of Dwellinghouses, end of 1971	6,474
Rateable Value (31.3.72).	£693,846
Estimated product of 1p Rate (31.3.72)	£6,500

Vital Statistics

	M.	F.	T.
Live Births - Total	163	149	312
Legitimate	152	133	285
Illegitimate	11	16	27
Stillbirths - Total	-	3	3
Legitimate	-	2	2
Illegitimate	-	1	1
Total live and stillbirths - Total	163	152	315
Legitimate	152	135	287
Illegitimate	11	17	28
Deaths of infants (under 1 year of age) - Total	2	4	6
Legitimate	2	2	4
Illegitimate	-	2	2
(under 4 weeks of age)- Total	-	2	2
Legitimate	-	1	1
Illegitimate	-	1	1
(under 1 week of age) - Total	-	2	2
Legitimate	-	1	1
Illegitimate	-	1	1
Deaths - All ages	122	159	281

Live birth rates, etc.

	Buxton	England & Wales
Livebirths per 1,000 home population (crude rate)	15.7	16.0
Area comparability factor	1.05	1.00
Local adjusted rate	16.5	16.0
Ratio of local adjusted rate to national rate	1.03	1.00
Illegitimate live births as percentage of all live births	9	8

Stillbirth rate

Stillbirths per 1,000 total live and still births	10	12
---	----	----

Infant mortality rates

Deaths under 1 year per 1,000 live births	19	18
Deaths of legitimate infants under 1 year per 1,000 legitimate live births	14	17
Deaths of illegitimate infants under 1 year per 1,000 illegitimate live births	74	24
Neonatal mortality rate:		
Deaths under 4 weeks per 1,000 live births.	6	12
Early neonatal mortality rate:		
Deaths under 1 week per 1,000 total live births	6	10
Perinatal mortality rate:		
Stillbirths and deaths under 1 week combined per 1,000 total live and still births	16	22

Death rates, etc. - all ages	Buxton	England & Wales
Deaths per 1,000 home population (crude rate)	14.1	11.6
Area comparability factor	.88	1.00
Local adjusted rate	12.4	11.6
Ratio of local adjusted rate to national rate	1.07	1.00

Comparability Factors

Since 1954 the Registrar General has issued an "area comparability factor" for each County District and for the County as a whole. The reason for this is to allow for the way in which the age and sex distribution of the local population differs from that for England and Wales as a whole.

Since 1957 the death rate area comparability factors have been adjusted to take into account the presence of residential institutions in the area.

When the local crude birth and death rates are multiplied by the factor, they are comparable with the crude rate for England and Wales.

CAUSES OF DEATHS IN THE BOROUGH OF BUXTON DURING YEAR 1971

CAUSES OF DEATH		Males	Females	Total
All causes		122	159	281

REPORT OF BOROUGH METEOROLOGIST

Meteorological Station,
BUXTON.

To the Mayor, Aldermen and Burgesses of the Borough of Buxton.

Mr. Mayor, Ladies and Gentlemen,

The following is based on Meteorological Observations made at the Buxton Meteorological Station during 1971.

The highest temperature recorded in the shade was 76 F on 8th July.

The lowest temperature - 15 F on 3rd and 4th January.

Heaviest rainfall (during 24 hours) - 41.6 m.m. 23rd April.

Rain was recorded on 172 days.

Snow or sleet was recorded on 17 days.

There were 14 mornings with snow lying.

Highest air pressure - 30.75 recorded on 6th February.

Lowest air pressure - 28.77 recorded on 21st January.

The highest daily sunshine total was 13.6 hours on 13th July.

January : Mainly mild.

February: Changeable.

March : Changeable; wet during the third week.

April : Mainly dull, cold and dry; heavy rain on the 23rd.

May : Sunnier than average.

June : Very cool, wet.

July : Sunny; dry spells.

August : Very changeable at times with some heavy rainfalls.

September : Long dry and sunny spells.

October : Mainly warm with dry and sunny spells.

November : Cold and wet.

December : Rainfall below average, quite mild.

1971	Average Temperature (F)	Total Rainfall (m.m.)	Total Sunshine (hours)
January . . .	37.0	94.4	22.0

ANNUAL REPORT

OF THE

CHIEF PUBLIC HEALTH INSPECTOR

FOR THE YEAR 1971

- o - o - o - o - o - o -

The statistics of the work undertaken in 1971 are contained in an appendix to this report and, as in past years, I have extended items of importance on which I considered it necessary to elaborate.

Housing

Clearance of tenement units...
12-27, North Hill, Boston, as a result of defects in the...
owner. Units houses made fit and houses in which defects were remedied...
totalled 52.

There was a continued upward trend in the applications for improvement...
from first owners and owners/operators of private dwellings. In addition...
of Council owned properties were removed.

Routine inspections of all houses known to be in multiple occupation were...
carried out.

Under the provision of Section 24A, of the Housing Act, 1959 - Part III...
10 applications for Certificate of Fitness were received, of which 5...
were granted and 5 refused. 1 Certificate of Provisional Approval was...
received at 12-17, North Hill, Boston, as a result of defects in the...
owner. Units houses made fit and houses in which defects were remedied...
totalled 52.

Waste Collection and Disposal

In the early part of the year there was a shortage of the British...
and this "there must be a better way", in conjunction with a film by...
Thomas Board Hill on the subject of "Waste paper". The object of this

Public Health Department,

Town Hall,

BUXTON,

Derbyshire,

SK17 6EL.

September, 1972.

To The Mayor, Aldermen and Burgesses of the Borough of Buxton.

Mr. Mayor, Ladies and Gentlemen,

I have pleasure in presenting, for your consideration, my Fourteenth Annual Report.

Much of the work of the Department is routine, ensuring that the Environmental Health of the inhabitants of the Borough is adequately safe-guarded.

Nevertheless, the introduction of new directives, from the various Government Departments, together with new legislation, have had to receive the attention of your Inspectors and staff.

The statistics of the work undertaken is contained as an appendix to my Report and, as in past years, I have extracted items of importance on which I considered it necessary to elaborate.

1. Housing

Clearance of totally unfit houses continued and 18 houses were demolished (25-59, Haslin Road, Harpur Hill, Buxton) as a result of default by the owner. Unfit houses made fit and houses in which defects were remedied totalled 58.

There was a continued upward trend in the Applications for Improvement Grants from owners and owner/occupiers of private dwellings, in addition, 67 Council owned properties were improved.

Routine inspections of all houses known to be in multiple occupation were carried out.

Under the provision of Section 45/46, of the Housing Act, 1969 - Part III, 36 Applications for Qualification Certificates were received, of which 21 were granted and 5 refused. 13 Certificates of Provisional Approval were received of which 12 were granted and 1 refused.

2. Refuse Collection and Disposal

In the early part of the year there was a showing of the British Visqueen ciné film "There must be a better way", in conjunction with a film by Thames Board Mills on the subject of "Waste paper". The object of this

2. Refuse Collection and Disposal (Continued)

public showing was by way of introduction to the plastic bin liner system which was to operate from 1st April, 1971 and to indicate the importance of waste paper recovery.

One S & D Refuse Collection 35 cubic yard pakomatic vehicle was returned to the manufacturers for modification to the rear loading mechanism in order to receive plastic sacks. The opportunity was taken for the vehicle to have a works overhaul which extends the life of the vehicle for an approximate period of two years.

During the year, the local authority became members of the Keep Britain Tidy Group and a sum of twenty-five pounds was allocated for the purpose of publicity material.

Facilities enabling Whaley Bridge Urban District Council to use Hogshaw Controlled Tip were extended for a period of two years, expiring on 31st December, 1973.

Pollution by Tipping

Publicity was given through the press and by leaflets issued with rate demands and Council house rent cards of the facilities available to the public for the tipping of refuse and unwanted articles, and collections by arrangement.

This was done in an endeavour to prevent danger to the countryside environment and the possible contamination of water supplies by indiscriminate tipping.

Alternative Methods of Disposal

Arrangements were made for the members of the Public Health Committee to visit various authorities for the purpose of inspecting pulverisation plants.

3. Salvage

There was a growth in tonnage of approximately 30 tonnes collected during the year, this resulted in an increase of gross income from £4,766.15.0 in 1970 to £5,118.65 in 1971.

The extraction of this amount of salvageable waste from the refuse contributed to a saving of valuable tipping space.

4. Prosecutions

- (a) It was necessary to take legal proceedings as a result of a foreign body being found in a loaf of bread. The Company concerned was fined fifty pounds and ordered to pay ten pounds of the costs incurred by the Council.
- (b) A firm supplying milk from the dairy containing glass, pleaded guilty and was fined seventy pounds and ordered to pay fifteen pounds costs.

4. Prosecutions (Continued)

- (c) A bottle of milk from a dairy containing a mouse, resulted in the dairy being fined fifty pounds on each of two counts. The Corporation was awarded twenty-five pounds costs and fifteen pounds seventy-five witness expenses.

A counter summons, by the dairy firm, issued on the milk roundsman who delivered the milk to the purchaser was dismissed with costs of thirty pounds.

5. Offices, Shops and Railway Premises Act

Routine inspections have been carried out and all plans for new shops and offices inspected to ensure that they comply with the regulations.

Mr. J. Clough, Public Health Inspector, and myself, attended a course on the hazards of office, shop and canteen machinery and the practical application of safety measures in Offices, Shops and Railway Premises, organised by Her Majesty's Factory Inspectorate and held at Salford Technical College.

6. Shops Act, 1950

Routine inspections were carried out and, as in past years, advice was given on the provisions of the Shops Act when deemed necessary.

A continuing Order was made for the suspension of the weekly half-day closing obligations for shops in the Borough, thus avoiding the necessity of making a new Order each year.

The Order made under Section 40 of the Shops Act, 1950, suspends during the period of eighteen weeks in each year commencing on the Wednesday preceding the Spring Bank Holiday and ending on the seventeenth Wednesday following such Bank Holiday, the obligations imposed by the Shops Act, 1950 to close shops within the Borough on the weekly half-day holidays.

7. Noise

A number of complaints were received during the year concerning a continuous humming noise which emanated from quarries to the South and East of the Borough, situated in the Rural District of Chapel-en-le-Frith. Close liaison was maintained with the appropriate Officers of the Chapel-en-le-Frith Rural District Council to ensure that every available step was taken to reduce the noise to an acceptable level.

Meetings were held with representatives of local authorities and the Peak Park Planning Board with the objective of appointing consultants to investigate the operations of selected quarries within the Peak Park Area.

8. Atmospheric Pollution

(a) Diesel Fumes from Heavy Goods Vehicles

As a result of complaints from ratepayers in the Manchester Road area, contact was made with the Traffic Commissioners for the North West Traffic Area concerning atmospheric pollution in that locality, caused by diesel

8. Atmospheric Pollution (Continued)

(a) Diesel Fumes from Heavy Goods Vehicles

fumes emitted from the heavy goods vehicles using Manchester Road. As a result, the Traffic Commissioner undertook to carry out vehicle checks and silent smoke checks in the Buxton area.

(b) Smoke Control Order

During the year the Council made the Borough of Buxton (Fairfield No. 1) Smoke Control Order which was submitted to the Secretary of State for the Environment for approval.

A publicity exhibition was held at the Fairfield Community Centre during the period 1st - 5th November when persons residing in the area were afforded the opportunity of asking questions and seeking advice on the proposed Smoke Control Order.

Two objections were received to the Smoke Control Order and an Inspector, appointed by the Secretary of State for the Environment, attended at Buxton Town Hall on Wednesday, 29th December, 1971 for the purpose of hearing evidence from the Council Officers and one objector, the other objector having withdrawn.

Subsequently the Order was confirmed.

9. Safety in the Home

The "Buxton Home Safety Committee" continued to operate throughout the year. This Committee is constituted of two elected representatives from the Public Health Committee, together with representatives from various organisations within the Borough.

Your Chief Public Health Inspector acts as Honorary Secretary to the Committee and your Borough Treasurer as Honorary Treasurer.

The Council make an annual contribution of £60 per annum to the expenses of the Committee and the County Council contribute half of the annual expenses, to a maximum of £100.

The Committee is represented on the Derbyshire County Council Home Safety Liaison Committee and on the East Midlands Area No. 4 Group which is constituted of delegates from the Counties of Derbyshire, Leicestershire, Lincolnshire, Northamptonshire, Nottinghamshire and Rutlandshire. Your Chief Public Health Inspector is the present Chairman of this Committee.

Six Meetings of the Buxton Home Safety Committee were held during the year and the following matters were given publicity.

1. Safety in the Kitchen - A display and exhibition held in the Foyer of the Buxton Public Library.
2. Disposal of non-returnable bottles - These items to be disposed of through the local authority services.

9. Safety in the Home (Continued)

3. Glass doors in domestic premises - The danger of constructing 'do - it yourself' panels in doors in the home of unprotected or thin gauge glass.
4. Home Safety Quiz - A Home Safety Quiz between teams representing various organisations in the town.
5. Visual Aids Training - A course held at Matlock for members of the Home Safety Committee in the use of visual aids whilst lecturing on Home Safety matters.

Four Meetings of the East Midlands Home Safety Committee were held, at which the Buxton Home Safety Committee was represented by the Chairman or Vice-Chairman.

Close liaison continued to be maintained with the Buxton Hospital to gather information on home accidents occurring in Buxton and requiring hospital treatment.

From the statistics available it will be seen that the prevention of accidents in the home still requires prolonged publicity and advice.

Type of Accident	Total
Falls	104
Poisoning	21
Burns & Scalds	75

10. Conferences and Symposiums

The authority was represented at the following Conferences and Symposiums by a representative from the Public Health Department.

Annual Conference of the Association of Public Health Inspectors held at Eastbourne.

One day Symposium on Pollution by Shell Mex and B.P. Limited held at Sheffield.

10. Conferences and Symposiums (Continued)

One day Conference in London on the subject of Clean Air, Waste Paper and Noise.

The Week-end School of the Association of Public Health Inspectors held at Swanwick near Alfretton.

The Coal Utilisation Council one day course on modern developments on Smoke Control held at Nottingham.

11. Staff

Mrs. C. Cornish and Mrs. A. Kirk, clerk/shorthand typist and junior clerk/typist, resigned from their respective appointments and Miss A. Gee and Miss L. Uniatycki were appointed respectively to fill the vacancies.

Mr. J. Clough, Public Health Inspector, resigned his appointment in October, on being appointed to a similar post with Leek Urban District Council. Mr. Clough was a Health Inspector with this authority for a period of eight years and moved to Leek where he had been in residence during the past three years for family reasons. We wish Mr. Clough every success in his new appointment.

Mr. D. Naden, Public Health Inspector with Chesterfield Rural District Council was appointed to the vacant position and commenced his duties on 1st December, 1941.

I am indebted to Mr. G. Barson, Technical Assistant who had the responsibility of the Department during my absence due to injury and being the interval of time of Mr. Clough leaving and Mr. Naden commencing duties and when the new appointees were gaining knowledge of the running of the Health Department.

It would be remiss of me not to mention the members of the Refuse Collection and Disposal teams and the Convenience Attendants. They have all done their jobs well, often under great difficulties. Without their close co-operation the environmental health services would not have functioned so satisfactorily as has been the case this year.

To my colleagues in the neighbouring authorities of Whaley Bridge Urban District Council and Chapel-en-le-Frith Rural District Council I tender my thanks for their close co-operation in dealing with problems of mutual interest and effecting the welfare of the ratepayers of our respective authorities.

To the Medical Officer of Health and the Officers of other Departments of the Corporation I express my thanks for the assistance given to the members of my staff and myself whenever required, and to the Chairman and Members of the Public Health Committee for their support throughout the year.

I am, Mr. Mayor, Ladies and Gentlemen,

Your obedient Servant,

RICHARD CRUDDAS,

Chief Public Health Inspector.

SUMMARY OF VISITS AND INSPECTIONS

Bakehouses	32
Butchers	106
Choked drains and sewers	249
Civic Amenities Act	166
Clean Air Act	233
Complaints General	985
Dairies and milk distribution	60
Dustbins	59

Pluck	Pericarditis	7
Head	Abscess	1
Lungs	Pleurisy and Pneumonia	11
Livers	Ascaris Lumbricoides	1
Livers	Pleurisy and Hepatitis	10

Meat, Poultry, Fish and Miscellaneous Foods

	cwts.	lb.	ozs.
Miscellaneous articles of frozen food due to cabinet breakdowns	4	17	0
Chuck Steak	1	50	0
Tripe	0	45	0
Chestnuts	0	66	0
12 Capons	0	84	8
1 Turkey (Cooked)	0	13	6

Tinned Meats

3 tins of Ox Tongue	0	18	0
1 tin of Ham	0	11	8
2 tins of Pork	0	11	0
2 tins of Corned Beef	0	10	0
1 tin of Corned Mutton	0	6	0
4 tins of Lambs' Livers	0	40	0

Tinned Foods other than Meats

2 tins of Sliced Peaches	0	1	14
38 tins of Blackcurrants in Syrup	0	30	14

The above mentioned items of foodstuff were voluntarily surrendered for destruction, the retailers having first consulted the Public Health Department as to the food's fitness for sale for human consumption.

INSPECTION AND SUPERVISION OF FOOD

The milk supply of Buxton is derived from 32 sources as follows:-

Producer/retailer : within the Borough	3
Producer/wholesaler : within the Borough	8
Producer/retailer : from without the Borough	-
Producer/wholesaler : from without the Borough	21
	<hr/>
	32
	<hr/>

Several of the producers within the Borough sell their surplus milk wholesale to dairies in Manchester, and in addition there are about 6 producers who sell all their milk wholesale in Manchester.

The number of registered premises in the Borough and visits made during the year are as follows:-

Number of Registered Dairies	8
Number of Registered Milk Distributors	34
Number of Inspections made	60
Number of visits - Milk Sampling	41

BACTERIOLOGICAL EXAMINATION OF MILK SAMPLING

FOOD AND DRUGS ACT, 1955

Report of County Analyst

170 samples, including 66 milks, were taken under the above Act in the area of the Borough of Buxton during the year 1971.

One sample of Untreated Milk and two samples of Pasteurised Milk each contained small amounts of added water. Caution notices were issued.

An informal sample of Yeast Extract was incorrectly labelled, and the manufacturers were informed. An informal sample of Junior Aspirin Tablets failed the B.P. test for free salicylic acid. A formal sample was taken and found to be satisfactory. A sample of Pork Sausages was slightly deficient in meat and further samples will be taken in due course.

The remaining samples were classed as satisfactory.

POULTRY INSPECTION

There are no poultry processing premises within the Borough of Buxton.

WATER SUPPLY - Sampling

Number of houses connected to mains	6,515
Number of houses supplied from stand pipes on mains	Nil
Number of houses on private supplies	22

Samples are taken once per month from the town mains water supply.

The bacteriological examinations are carried out at the Public Health Laboratory, Derby. The chemical examinations are carried out by the County Analyst at Matlock. The following is a summary of the results of samples taken during the year:-

	Town Mains No. of Samples		Other Sources No. of Samples		Swimming Baths No. of Samples	
	Satis.	Unsatis.	Satis.	Unsatis.	Satis.	Unsatis.
For bacteriological examination	17	-	6	-	44	2
