COLDS AND CHILLS.

THEIR INFLUENCE ON THE BLOOD.

Decomposition of Waste Matters in the Blood, by giving birth to both animal and vegetable life in its most minute forms, often originates from a chill or congestion. The chill may pass away, but the disease germ or acid is too frequently left behind, and does a deal of mischief.

Moreover in the blood of every one of us there are sleeping germs of disease, which only waken to life under certain unhealthy conditions. A cold or chill frequently wakens an old disease, or a hereditary tendency to a specific complaint, by causing certain unhealthy changes and decomposition in the blood.

It may seem strange that the same primary cause may originate many seemingly different complaints, but, nevertheless, it is so. No two persons are exactly alike in constitution; every person has some special tendency or predisposition to one or more particular complaints. This may be the result of hereditary tendency, climatic surroundings—either now or in earlier life—diet, previous illnesses, etc. The broad fact remains however, that, originating in the blood, they must be treated by a medicine dealing with the circulation. For this purpose there is no remedy so really valuable, and yet so simple and safe, as "Frazer's Sulphur Tablets."

It is sometimes difficult to understand why a seemingly so simple remedy as "Frazer's Sulphur Tablets" can do so much real good. In essence, the reason is that they sap a complaint by degrees and little by little, day by day, expel a portion of the seed, germ, or acid of the disease. And so gently is this done that it is almost imperceptible, except by the patient's gradually improving condition.

"Frazer's Sulphur Tablets" carry an antiseptic purifying power into the blood where it is most needed. And there is no other medicine that has the same double power of purification and expulsion in the same degree as "Frazer's Sulphur Tablets."

The safety and virtue of "Frazer's Sulphur Tablets" are further demonstrated by their action in persons suffering from constipation, or of constipated habit of body. The usual pills and cathartic medicines excite an undue performance of the vermicular or worm-like writhings of the intestines, by which Nature expels food refuse. But Nature resents shocks, so that afterwards the natural functions become more inert than before, and the complaint returns and needs the constant resort to purgatives to effect what is required.

"Frazer's Sulphur Tablets," on the other hand, are a gentle laxative acting by tonic power in the blood-vessels. They do not excite force, they merely enable the natural functions to do their own work by relieving the blood vessels which control the vermicular action, of clogged matters and impurities which impair their usefulness.

"Frazer's Sulphur Tablets" neither create Hæmorrhoids nor intensify the constipation—they relieve and benefit both. They are not, however, a purgative. "Frazer's Sulphur Tablets" are the safest and pleasantest of all preventive remedies for the army of those whose sedentary habits of life or business methods predispose them to constipated habits of body. Most dwellers in cities need the occasional aid of a gentle aperient, and in "Frazer's Sulphur Tablets" is to be found the safest and best of all.

Frazer's Sulphur Soap is a twice-made Soap, produced from the best procurable materials, and contains a large percentage of a Plastic Emollient Cream, or Superfat, akin in every respect to the natural fat of the Skin and Hair. It thus gives back to the Skin those oily healthy constituents of which ordinary washing deprives it.

Frazer's Sulphur Soap (Scented) is beautifully and delicately perfumed.

Frazer's Sulphur Soap leaves the inner and outer Skin dry and moist, and does not shrivel the Nails nor the Hair.

Frazer's Sulphur Soap is strongly recommended to those who desire a soft, supple and beautiful Skin, free from dryness, irritation and the feeling of tightness so frequently felt after using ordinary Soaps.

Frazer's Sulphur Soap is invaluable for the Complexion.

Frazer's Sulphur Soap is to be preferred to all others in Eczema and in all other Eruptive Skin Diseases. We do not claim that it is curative, for no Soap can be that; but it is emollient, and therefore soothing; it is antiseptic, and therefore tends to prevent the spreading of disease growths, or otherwise becoming worse; it is also deterrent of germ and parasitic life on the skin.

WHAT WE ARE PREPARED TO DO.

We are prepared to supply samples of "Frazer's Sulphur Tablets" to Five Million (5,000,000) homes in Great Britain and Ireland. Upwards of One Million (1,000,000) families have been already supplied.

WHY DO WE GIVE THE SAMPLES?

This is what people ask us. We reply, Because those who taste and test the samples afterwards buy packets of "Frazer's Sulphur Tablets" from us or obtain them from chemists, drug stores or medicine vendors. People likewise recommend the Tablets and keep them by them. The consequence is that we sell over fifty thousand (50,000) packets per month, and the sale is rapidly growing. This is trade by merit. The public show discrimination and that they can appreciate merit and fair, straightforward dealing; and it was in reliance that such would be the case that we were led to incur the heavy capital outlay involved by the free samples.

A WORD OF ADVICE.

Don't write for the samples simply because we offer them free of charge, nor because your neighbour does. Read our advertisement through to the end, and then decide whether you or yours need or would be benefited by the use of Frazer's Sulphur Tablets. We do not pose as philanthropists. This is a business offer. We have an article that we know from severe tests and from results achieved, will sell on its merits if seen, tasted, and tested. Sulphur is the oldest, the best, and safest remedy for the blood, for the skin, for the complexion, for rheumatism, and for constipation. Frazer's Sulphur Tablets are composed of sulphur incorporated with other curative ingredients. They are much more efficacious than sulphur in milk or treacle. This has been proved time and again. They are liked. Men favour them, women hail them as a boon, and children think them as pleasant to eat as confectionery. They benefit all,

and are as efficacious and curative as they are safe and agreeable.

DO I NEED THEM?

If you have Impurity of the Blood, Ulcers, Scrofulous Swellings, Scurvy or Sores, Yes! They enter the blood as a purifying, antiseptic and disinfectant air, and therefore neutralise the blood poisons causing these diseases, and expel the germs out of the system.

If you have Eczema, Erysipelas, or other eruption or Skin Disease, Yes! They have a specific curative effect upon the skin, as they disinfect and free the inner pores and the tiny waste channels leading from the blood. They also control the irritating chemical principle discharged from disordered blood that causes Eczema and other painful eruptive complaints.

If you desire a good Complexion, Yes! Their use tends to the feeding, nourishment and good condition of the skin, which may be said to be the secret of a good complexion, by aiding and purifying the passage of nutrient supplies from the arteries to all the blood vessels near to the skin. And by gentle expulsive power they free the pores of the inner skin from all the matters which prevent the egress of waste elements.

If you have Constipation, Yes! They are a gentle, simple, safe and healthy laxative, as suitable for children (in smaller doses) as for adults.

If you have Hæmorrhoids, Yes! They relieve all congestions of venous and morbid blood at the affected parts, and afford marked relief.

If you have Rheumatism, Yes! Frazer's Sulphur Tablets control the decomposing and poisonous excess of acid which it frequently generates, in the first instance, by injurious changes in the blood. If you have Rheumatism or are liable to it, or catch a cold and fear you may have it, take "Frazer's Sulphur Tablets" at once; and if your liability to the complaint is chronic, we say take two Tablets per day all through the winter and spring, and for a shilling a week you may have greater freedom from pain than for years past.

"FRAZER'S SULPHUR TABLETS" have become a standard preparation and one of the greatest successes on record. Hence they are imitated to an enormous extent, and a vast number of injurious Lozenges are sold on the reputation of "Frazer's Sulphur Tablets." The counterfeits are, of course, all cheaper, which is the only reason for their existence; since they have no merit. In appearance the imitations are calculated to deceive, as they are coloured and doctored to look and taste like Frazer's.

Every one of our Tablets are stamped—"FRAZER'S SULPHUR TABLETS." They are put up in Packets only, price 1s. 1½d. (post free, 1s. 3d.), and are for sale everywhere. Sole Proprietors—FRAZER'S TABLETS, Ltd., 11, Ludgate Square, London, E.C.
