Public Cleansing. This work is under the control of the Surveyor, and is carried out by the Council's workmen with hired vehicles. The refuse tip is situate at a distance from habitations. There are few cess-pools in the district and these are situate in outlying localities.

Smoke Abatement. There are few factory chimneys in the area and no action has been necessary.

Rag Flock Acts 1911 and 1928. There are no premises in the district where rag flock is manufactured, used, or sold.

Meat Inspection. This is carried out whenever possible at the time of slaughter. The purveying of meat is carried out in a satisfactory manner and the Meat Regulations generally are observed. Voluntary surrender has been made in all cases where diseased conditions were found.

Slaughter of Animals Act, 1933 No applications for slaughtermen's licences have been made during the year. Licences are in force with respect to 11 slaughtermen. No contraventions of the Act have been found. Sheep are included as animals to which Section 1 of the Act applies with respect to the use of a mechanically operated stunning instrument.

Food and Drugs (Adulteration) Act 1928. Administration is carried out by the County Council's Officers and the following particulars have been supplied respecting the samples taken for analysis :

Milk 12 ; General Foods 1. No prosecutions or cautions were necessary

Milk Supply. The bulk of the supply is produced within the district. The premises are all furnished with a good supply of water. There are only 2 producers of "accredited" milk in the district—one licence being granted this year.

Veterinary examination of the dairy cows has been carried out on three occasions by the County Council's Veterinary Officer. The following particulars have been supplied by the Chief Veterinary Officer of cows taken for slaughter under the Tuberculosis Order.

Cows with chronic cough and showing definite clinical symptoms :

Notified by owner 1, Found by staff 1, Total 2.

Housing Act, 1936 (Overcrowding Provisions). Overcrowding has been abated by removal in 3 cases ; by decrease in the size of families in 3 cases ; and by increasing the accommodation by division of rooms in 4 cases ; Total 10.

The "appointed day" for the commencement of the Act was fixed for January 1st, 1937, in this area.

The measuring up of houses to ascertain the "permitted number" of persons is proceeding as other duties permit. The Act requires the landlords of all working class houses to insert in the rent books a "summary" containing the "permitted number" of persons and the local authority are required to supply a statement giving this information upon application by such landlords.

Further details relating to the Sanitary Administration of the district are contained in Tables "C" and "D."

Your obedient servant,

F. GREENWOOD, C.R.S.I.,

Sanitary Inspector.
