C.4412(1) DARTFORD
Borough of Dartford.

ANNUAL REPORT
OF THE
MEDICAL OFFICER OF HEALTH
FOR THE YEAR 1934.

T. FARTHING,
Medical Officer of Health.

BOROUGH OF DARTFORD.

Annual Report for 1934 of the Medical Officer of Health.

PUBLIC HEALTH DEPARTMENT,
DARTFORD,

30th April, 1935.

TO THE MAYOR, ALDERMEN AND COUNCILLORS
OF THE BOROUGH OF DARTFORD.

SIR, LADY AND GENTLEMEN,

I beg to present my report as Medical Officer of Health for the year 1934.

The Report is arranged in accordance with the instructions of the Minister of Health and is an Ordinary Report as contrasted with the Survey Reports required at intervals of five years.

I should like to again express my thanks to the Chairman and Members of the Public Health Committee for their cordial support during the year and also to the Staff of the Public Health Department for their co-operation.

I am, Sir, Lady and Gentlemen,

Your obedient servant,

THOMAS FARTHING,

Medical Officer of Health.

STAFF.

*DR. T. FARTHING, M.B. (Edin.)—Medical Officer of Health (part time); also Medical Officer, Dartford Joint Infectious Diseases Hospital, Dartford.

*DR. MARIE L. P. CRAWFORD, M.B., B.S., (Lond.) L.R.C.P., M.R.C.S.—Medical Officer of Child Welfare Clinics, also late Assistant Medical Officer, Alexandra Hospital, Swanley.

*W. E. BALCHIN, A.R.S.I.—Sanitary Inspector (Certified as Sanitary Inspector and as Meat and other Food Inspector); also Inspector under the Shops, Petroleum, and Hackney Carriage Acts.

C. H. SARGENT, Assistant Sanitary Inspector (Certified as Sanitary Inspector and as Meat and other Food Inspector).
(Resigned appointment 30th November, 1934).

G. SAFFIN, Assistant Sanitary Inspector (Certified as Sanitary Inspector and as Meat and Other Food Inspector). Commenced duties 1st January, 1935.

*MISS A. A. BRIMBLE.—Health Visitor (R.S.I.), 3 years Trained Nurse, C.M.B.

*MISS E. NEALE.—Health Visitor (R.S.I.), S.R.N., C.M.B.

MISS E. SORRELL.—Clerk to Department.

* Contribution to salary by Exchequer Grant.

GENERAL STATISTICS.

Area (acres)	4,240
Population (Registrar-General's estimated figure Mid-1934) ...	31,440
Population (Census, 1931)	28,928
Number of inhabited houses (end of 1934) according to Rate Books	7,430
Rateable Value	£225,051
Sum represented by 1d. rate	£881

PHYSICAL FEATURES AND GENERAL CHARACTER OF THE DISTRICT.

The Borough of Dartford is situate in the lower portion of the Darent Valley, and the rising ground to the East and West of the river. The area of the district is 4,240 statute acres.

The district is chiefly an industrial one, but there is a residential area at the west end of the town, in the neighbourhood of The Heath, with a growing number of residents whose business is outside the Borough.

There is, in addition to the ordinary population, a large institutional population as the following institutions are situate in the District :—

London County Council Hospitals, Joyce Green, Orchard and Long Reach.
 London County Mental Hospital.
 Kent County Council, King Edward Avenue Hospital.
 St. Vincent's Industrial School.

STAPLE INDUSTRIES.

The principal industries of the district are :—

Engineering.	Tanning.
Paper Making.	Silk Printing.
Manufacture of Drugs and Chemicals.	Flour Milling.

There are no industries in the district which have a prejudicial effect on health.

Unemployment in Dartford is not so great as in many of the towns in the country. Separate figures for the Borough are not available. The area served by the Dartford Employment Exchange comprises Dartford Borough, Crayford Urban District and Dartford Rural District. I am informed by the manager that the number of persons registered as unemployed during the year 1934 varied as follows :—

Number registered as unemployed.		Percentage of insured persons in area.
January ...	1575	8.4
June ...	911	4.8
December ...	1331	7.1

OPEN SPACES.

The District is well provided with open spaces for pleasure and recreation which include :—

Dartford Heath	340 acres.
Central Park	29 acres.
Hesketh Park	10 acres.

Facilities for outdoor sports are provided at all these open spaces.

EXTRACTS FROM THE VITAL STATISTICS OF THE YEAR 1934.

						Males.	Females.	Total.
Live Births —Legitimate						224	200	424
Illegitimate						6	6	12

NURSING ARRANGEMENTS, HOSPITALS AND OTHER INSTITUTIONS AVAILABLE FOR THE DISTRICT.

(A) HOME NURSING.

The Dartford District Nursing Association, supported by voluntary contributions, maintains three District Nurses.

The Council make a grant to this Association and in return the services of the Nurses are available for the home nursing of cases of Measles, Whooping Cough and cases referred by the Child Welfare Clinic.

(B) MIDWIVES.

There are six midwives practising in the Borough. The controlling authority for midwives is the Kent County Council.

(C) CLINICS AND TREATMENT CENTRES.

The following are the Clinics and treatment centres in the town :—

Maternity and Child Welfare Centre, Market Street	Maintained by the Council
School Clinic, Kent Road	} Maintained by the Kent County Council.
Tuberculosis Clinic, Overy Street	
Venereal Clinic, King Edward Avenue Hospital	

(D) HOSPITAL SERVICES.

1. King Edward Avenue Hospital, West Hill, for General Purposes, under the management of Kent County Council (Public Assistance Committee), available for persons resident in the area under the control of the Public Assistance Committee and by private patients from the same area.

2. Livingstone Hospital, East Hill, for General Purposes, supported by Voluntary Contributions under the management of a voluntary committee, available for persons resident in the Dartford Borough and Dartford Rural Districts.

3. Bow Arrow Isolation Hospital, Bow Arrow Lane (for Infectious Diseases) under the management of the Joint Hospital Committee, available for persons resident in Dartford Borough, Dartford Rural District, Bexley Urban District, Crayford Urban District, Swanscombe Urban District. Cases of Small Pox are admitted into the London County Council Small Pox Hospital, Joyce Green. The Joint Hospital Committee have under consideration an extension scheme which will provide a new administration block and new wards, making the available accommodation up to 133 beds.

(E) AMBULANCE FACILITIES.

(i). INFECTIOUS CASES.—The Dartford Joint Hospital Committee maintain two ambulances for the removal of cases of infectious disease from their homes to the hospital.

(ii). GENERAL CASES.—The local division of the St. John Ambulance Brigade continues to do very useful work. They maintain a motor ambulance which is available for accidents and the removal of sick persons to local or London hospitals.

During the year 1934, the following cases were dealt with by this ambulance :—

Accidents	104
Sick removals to local hospitals	329
Sick removals to London hospitals and other places	70

The charges made for the use of the ambulance are as follows :—

To local hospitals 5/-

To London hospitals and other removals outside the District 9d. per mile (both journeys) with special terms for distances over 100 miles.

There is also a scheme whereby subscribers of a minimum of 1/- per year are entitled to the free use of the ambulance for removals to local hospitals, etc. and at 6d. per mile for longer journeys.

First aid duties are also carried out by members of the division at the local Cinemas, Football Grounds, etc., and road service during the summer months. 193 first aid cases have been attended during the year.

The Ambulance of the Kent County Council Public Assistance Committee is also available, on payment of the scale of charges fixed by the Council, for the removal of patients within and outside the District.

LABORATORY WORK.

BACTERIOLOGICAL EXAMINATIONS.

The work is carried out at the Kent County Council Laboratory, Sessions House, Maidstone.

During the year the following specimens were submitted for diagnosis :—

Diphtheria swabs	216
Tuberculosis sputa	148
Typhoid, including Widal test	12
Cerebro-spinal Fluid	1
Samples of Grade "A" (T.T.) Milk	12
Samples of Water from Swimming Baths	3
Samples of drinking water	2

ADOPTIVE ACTS IN FORCE IN THE BOROUGH.

Public Health Acts Amendment Act, 1890. Parts II, III and V.

Adopted 2nd, January, 1891.

Infectious Disease (Prevention) Act, 1890

Adopted 7th February, 1902.

Notification of Births Act, 1907.

Adopted 2nd October, 1912.

Public Health Acts Amendment Act, 1907.

Sections 18, 19, 21, 22, 26 and 33 in Part II	}	Adopted 2nd April, 1909
Sections 37, 48, 50 and 51 in Part III		
Sections 60, 62, 65 and 68 in Part IV...		
Whole of Part V		
Whole of Part VI	}	Adopted 19th March, 1909.
Sections 79, 80, 85 and 86 in Part VII		
Section 90 in Part VIII		
Section 95 in Part X	Adopted 4th Jan., 1913

Public Health Act, 1925. Parts II, III, IV and V adopted 2nd December, 1925.

The Dartford Improvement Act, 1902, contains clauses relating to Drainage, Milk Supply and Infectious Diseases.

BYE-LAWS.

Consequent upon the Charter of Incorporation, all bye-laws which had been made prior to 1st January, 1923, ceased to be in force in the Borough on 8th November, 1934.

During the year new bye-laws were adopted regarding :—

- Common Lodging Houses.
- Good Rule and Government.
- Houses Let in Lodgings (Housing Act, 1925).
- Means of Escape from Fire (Factories and Workshops).
- Nuisances.
- Offensive Trades.
- Removal of Offensive Matter.
- Slaughterhouses.
- Tents, Vans and Sheds.

SANITARY CIRCUMSTANCES OF THE DISTRICT.

WATER SUPPLY.

The District is supplied with water by the Metropolitan Water Board.

With the exception of a few isolated houses in the rural portions of the district, the whole of the houses are connected to the Metropolitan Water Board's mains.

RIVERS AND STREAMS.

No cases of pollution have been noticed or dealt with during the year.

DRAINAGE AND SEWERAGE.

The district is, and has been for many years, main sewered, and the water carriage system is general. The sewage is dealt with by the West Kent Main Sewage Board (of which the Dartford Corporation is a constituent Authority) at their works at Long Reach, Dartford.

There are only 81 houses, situated in the more rural areas, which are not connected to the sewers. 98.9% of the houses in the district are connected to the sewers.

During the year three houses previously cesspool drained have been connected to the public sewer.

CLOSET ACCOMMODATION.

The system is a water carriage one. In the more rural portions of the area, where main sewers are not available, there are the following houses with conveniences of the type mentioned :—

W.C.'s connected to cesspools	58
Pail Closets	21
Privies and earth closets	2

The cleansing of cesspools and pail closets is not carried out by the Local Authority but by the owners or occupiers of the premises.

SCAVENGING.

A collection of house refuse is made in the district weekly and in the central portion of the district, twice weekly.

The substitution of motors for horse drawn vehicles for refuse collection has been decided upon and is being carried out.

The refuse is destroyed at the Corporation's destructor, with the exception of that produced at the Bexley Mental Hospital which is dealt with at a small destructor maintained by the Corporation at the Institution.

During the year 40 ash-bins have been provided in lieu of open brick ash-pits.

SANITARY INSPECTION OF DISTRICT.

This is dealt with in the Annual Report of the Sanitary Inspector which is appended hereto.

PUBLIC CONVENIENCES AND BATHS.

The Corporation have provided and maintain the following :—

Public conveniences with wash and brush up facilities and slipper baths for both sexes at the Tram Centre.

Public Conveniences for both sexes at the Central and Hesketh Parks.

Public Conveniences for men near the Cattle Market.

Three Urinals at various parts of the Town.

Open air Swimming Baths in Burnham Road.

The Baths and Public Lavatories at the Tram Centre, which were opened in November, 1931, have continued to prove very useful both to the inhabitants and visitors to the town.

Increased use has been made of the Slipper Baths as will be seen from the following comparative figures for 1933 and 1934 :—

	1933	1934
Men	8,828	8,916
Boys	321	334
Women	2,975	3,095
Girls	189	207
TOTAL ..	12,313	12,552

PUBLIC ELEMENTARY SCHOOLS.

There are two Central and nine Junior schools in the district. These are well lighted and ventilated, and the water supply and sanitary conditions are generally satisfactory.

HOUSING.

NUMBER OF NEW HOUSES ERECTED DURING THE YEAR.

(i) By the Local Authority	Nil
(ii) By other bodies and persons	497
								and 2 Flats

1. INSPECTION OF DWELLING HOUSES DURING THE YEAR.

(1) Total number of dwelling-houses inspected for housing defects (under Public Health or Housing Acts) and the number of inspections made.	Houses 269.	Inspections	1036
(2) Number of dwelling-houses (included under sub-head (1) above) which were inspected and recorded under the Housing Consolidated Regulations, 1925, and the number of inspections made.	Houses 90.	Inspections	349
(3) Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation			None
(4) Number of dwelling-houses under paragraph 2 (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation			90

2. REMEDY OF DEFECTS DURING THE YEAR WITHOUT SERVICE OF FORMAL NOTICES.

Number of defective dwelling-houses rendered fit in consequence of informal action by the Local Authority or their officers	260
---	-----

3. ACTION UNDER STATUTORY POWERS DURING THE YEAR.

(a) Proceedings under Sec. 17, 18, and 23 of the Housing Act, 1930 :	
(1) Number of dwelling-houses in respect of which notices were served requiring repairs	None
(2) Number of dwelling-houses which were rendered fit after service of formal notices	
(a) By owners	None
(b) By local authority in default of Owners	None
(b) Proceedings under Public Health Acts.	
(1) Number of dwelling-houses in respect of which notices were served requiring defects to be remedied	26
(2) Number of dwelling-houses in which defects were remedied after service of formal notices :	
(a) By owners	22
(b) By local authority in default of owners	None
(c) Proceedings under Sections 19 and 21 of the Housing Act, 1930 :	
(1) Number of dwellings in respect of which Demolition Orders were made (represented in 1933)	15
(2) Number of houses demolished in pursuance of Demolition orders	None
(3) Number of dwellings in respect of which " Undertaking by Owners to execute works " were accepted by the Council	None
(4) Number of dwellings rendered fit after " Undertaking by Owners to execute works " had been accepted by the Council	2
(5) Number of dwellings in respect of which undertaking not to use as a dwelling was accepted by the Council	None

(d) Proceedings under Section 20 of the Housing Act, 1930

- (1) Number of separate tenements of underground rooms in respect of which Closing Orders were made None
- (2) Number of separate tenements or underground rooms in respect of which Closing Orders were determined, the tenement or room being rendered fit None

No houses have been represented as unfit for human habitation during the year. The following houses were represented as unfit for human habitation under Section 19 during previous years :—

1930	11 houses.
1931	51 houses.
1932	4 houses.
1933	18 houses.

The following table shows the result of such action during the year :—

Premises.	No. of Houses	Date of Representation.	Action taken.	Remarks.
Overy Street, 7 and 9.	2	5— 7—33	Undertaking to execute works accepted 4—10—33.	Works carried out.
Manor Place 9.	1	2— 8—33	Demolition Order made 4—10—33.	
Hadlow Place, Lowfield Street 1 to 7.	7	9—11—33	Demolition Order made 12—3—34.	Appeal lodged and heard June, 1934. Order confirmed.
Overy Street, 2 to 16.	8	27—12—33	Demolition Order made 12—2—34.	

In addition to the houses set out in the table, 90 houses have been inspected during the year under the Housing Act, and notices regarding repairs, etc., have been served with regard thereto.

The number of new houses completed during 1934 was 499.

The following table shows the number of new houses built during the past ten years :—

				Built by Council.	Private Enterprise		Total
					Subsidy.	Non-Subsidy.	
1925	128	50	26	204
1926	94	45	50	189
1927	256	107	32	395
1928	56	81	31	168
1929	—	125	84	209
1930	14	—	266	280
1931	76	—	232	308
1932	181	—	170	351
1933	112	—	408	520
1934	—	—	499	499
Totals				917	408	1798	3123

No houses were built by the Corporation during the year, but the completion of the Heath Lane Housing Estate is being proceeded with in 1935.

INSPECTION AND SUPERVISION OF FOOD.

The taking of samples under the Sale of Food and Drugs Act is carried out by the Kent County Council, and the County Council being also the Authority under the Contagious Diseases (Animals) Acts carries out the work under the Tuberculosis Order, 1925.

Under the Milk (Special Designations) Order, 1923, the following licences were in force during the year :—

Certified (supplementary dealers)	1
Grade A (T.T.) Bottling and Dealers	3
Dealers only	3
Supplementary Dealers	1
Grade A. Supplementary Dealers	1
Pasteurised. Supplementary Dealers	2

Twelve samples of Graded milks were taken during the year.

The examination of Graded milks and other bacteriological work in connection with food is carried out by the Kent County Council at the County Bacteriological Laboratory.

No legal action has had to be taken under the Meat Regulations, 1924. There are two registered slaughterhouses in the district, and the notification of the times of slaughtering has been very satisfactory. **234 inspections have been made during the year.**

The amount of food destroyed during the year was 14 cwt. 3 qrs. 18 lbs., particulars of which are given in the Sanitary Inspector's Report.

SMALLPOX.

No cases of Small Pox were notified during the year. The disease was prevalent in London and Greater London during the early part of the year, and frequent notifications of contacts have been received and traced and the usual precautions taken.

DIPHTHERIA.

Diphtheria was prevalent during the year. The number of cases (exclusive of cases notified from Institutions) was 59, which is the highest number since 1927. The cases were evenly distributed throughout the whole of the year. All the cases were removed to hospital and, in addition, three suspected cases were admitted for observation and were later discharged as negative.

Contacts with cases notified, and also suspected children referred to the Department by the school teachers are swabbed with a view to the elimination of carriers.

Anti-toxin is supplied free to Medical Practitioners for use in cases of Diphtheria.

SCARLET FEVER.

Scarlet Fever was prevalent both in Dartford and the surrounding districts during the greater part of the year.

The number of cases notified (excluding institutional cases), was 143 as compared with 61 for the previous year. 57 of the cases occurred during the first quarter of the year.

Of the cases notified, 57 were removed to hospital and 86 nursed at home.

There were 6 return cases during the year, one of which was associated with a case nursed in a London County Council Hospital.

ENTERIC FEVER.

No cases of Enteric Fever were notified during the year.

MEASLES.

Measles is not notifiable under the Infectious Diseases (Notification) Act, but the cases amongst children of school age are notified to the Department by the Head Teachers of Schools.

Home visitation of cases of measles is carried out by the nurses of the District Nursing Association when thought desirable.

Arrangements are in force whereby if the conditions are unsuitable for home nursing, cases can be admitted into the Bow Arrow Hospital.

The disease was prevalent during the last three months of the year.

CANCER.

The number of deaths from cancer was 34, being 11.8 per cent. of the total deaths as compared with :—

1933	...	33 deaths	11.66 per cent. of total deaths.
1932	...	49 "	17.3 " " " "
1931	...	27 "	10.97 " " " "
1930	...	28 "	12.33 " " " "
1929	...	30 "	9.64 " " " "

INFLUENZA.

The incidence of influenza during the year was again of a mild type and calls for no special mention.

DISINFECTION.

Upon removal of cases of infectious diseases to Hospital or upon recovery of cases nursed at home, the rooms are disinfected with formalin and the bedding removed for steam disinfection.

Disinfection is also carried out after death from tuberculosis and if requested after death from cancer.

NOTIFIABLE DISEASES DURING THE YEAR.

DISEASE.	Total Cases Notified	Under 1 year	1 to 2	2 to 3	3 to 4	4 to 5	5 to 10	10 to 15	15 to 20	20 to 35	35 to 45	45 to 65	65 and over

Totals	21	30	48	27	79	48	38	24	315

Number of mothers attending the Clinics, 660.

Total attendances of mothers, 8,745.

Of the number of infants registered, 236 were under the age of three months on registration.

ANTE-NATAL CLINIC.

Total number of cases on register during year	175
Number of new cases	145
Number of Clinics held	50
Total number of attendances	527
Average attendance per clinic	10.54

The particulars of the 145 new cases who attended the Clinic during the year 1934 are as follows :—

Normal cases	68
Abnormal cases	30
Cases showing other conditions requiring treatment	38
Not pregnant	9

Analysis of abnormal ante-natal cases :—

Contracted Pelvis	5
Malpresentations :—	
Occipito posterior	3
Breech	2
Transverse stillborn	1
Twins	1
Toxaemias :—	
Pre-eclampsia	1
Albuminuria	2
Miscarriage	4
Premature stillbirth	2
Persistent vomiting	1
Pyelitis	1
Chronic nephritis	1
Placenta praevia and antepartum haemorrhage	2
Pruritis, cervicitis and vaginitis	4

Other conditions requiring treatment (frequently more than one present in same patient) :—

Dental caries	23
Varicose veins	16
Severe Anaemia	3
Haemorrhoids	2
Epilepsy	1
Tuberculosis	1
Scabies	1
Discharging ears	1

MATERNITY HOME.

Arrangements are made for the admission of cases into the British Home for Mothers and Babies, Woolwich, and financial assistance is given according to scale of income.

PUERPERAL FEVER and PUERPERAL PYREXIA REGULATIONS 1926.

Arrangements have been made under these regulations for :—

- (a) The admission of cases requiring hospital treatment into the North Western Hospital of the London County Council.
- (b) The services of an obstetric consultant when required.
- (c) The Dartford District Nursing Association to undertake home nursing where hospital treatment is not necessary.

One case of Puerperal Pyrexia was notified during the year.

The investigation of maternal deaths is undertaken by the County Medical Officer.

TREATMENT OF SQUINT.

Arrangements are in force for the treatment of squint in children under school age by the School Ophthalmic Surgeon. One case was referred for treatment during the year.

ORTHOPÆDIC TREATMENT.

During the year three children received treatment under the Kent County Council scheme for the orthopædic treatment of children under school age.

DENTAL TREATMENT TO MOTHERS AND CHILDREN.

Three children and two mothers were granted assistance in accordance with the Council's Scheme for dental treatment during the year.

OPHTHALMIA NEONATORUM.

No cases were notified during the year. Children requiring treatment for Ophthalmia Neonatorum can be received into St. Margaret's Hospital by arrangement with the London County Council.

PUBLIC HEALTH (PREVENTION OF TUBERCULOSIS) REGULATIONS 1925.

No action has had to be taken with regard to cases of Tuberculosis in persons connected with the milk trade.

SECTION 62 PUBLIC HEALTH ACT 1925.

No action has been taken during the year with regard to compulsory removal of cases of Tuberculosis under this section.

VENEREAL DISEASES.

The Kent County Council is the Authority dealing with this group of diseases. A local Clinic is held by them at the King Edward Avenue Hospital.

MILK (MOTHERS AND CHILDREN) ORDERS 1919 and 1921.

During the year 1934 the amount of milk supplied under these Orders was as follows :—

14,984 pints free.
1,145 pints half price.
180 lb. dried milk free.
20 lb. „ „ half-price.

CHILDREN ACT, 1908, Part 1 and CHILDREN AND YOUNG PERSONS ACT, 1932.

The main object of the above is to secure that any child under nine years of age maintained "for reward" shall be notified to the Local Authority in order that supervision of the home conditions and the health of the child can be carried out.

Miss A. A. Brimble, Health Visitor, carries out the duties of Infant Protection Officer.

Number of visits paid to foster children during the year	140
Number of foster mothers on register at end of year	20
Number of foster children on register at end of year	23

HOME VISITATION.

VISITS OF HEALTH VISITORS.

The following visits were paid by your Health Visitors during the year ;

Number of new-born infants visited	405
Number of visits to infants under 1 year	1,381
Number of children on register over one year	1,032
Number of visits to children over one year	3,219
Total visits	4,600

In addition to these visits the following have been paid :—

Ante-Natal visits (to 134 individual cases)	313
Death enquiries	4

VOLUNTARY WORKERS.

The Lady Voluntary Workers at the Maternity and Child Welfare Centre make themselves responsible for the keeping of the registers of mothers and children attending the Clinic, and organise both a Baby Show and a social evening.

I wish to tender thanks to them on behalf of the Corporation, for this good work, and to the donors of prizes for the Baby Show and social evening, and to all who assisted in making these events a success.

Appended hereto are the following :—

- (1). Report of the Sanitary Inspector.
- (2). Report on the Inspection of Factories, Workshops, etc., in the District.

I am,

SIR, LADY AND GENTLEMEN,

Your obedient Servant,

T. FARTHING,

Medical Officer of Health.

Dairies, Cowsheds and Milkshops Order, 1926

Registered Purveyors (Wholesale)	6
" (Retail)	39
(Including 10 dealers registered for the sale of sterilised milk in unopened bottles)
