GENERAL STATISTICS.

Area (acres)	4,234
Population (Registrar-General's estimated figure Mid-1937) ...	34,510
Population (Census, 1931)	28,928
Number of inhabited houses (end of 1937) according to Rate Books	8,861
Rateable Value	£272,378
Sum represented by 1d. rate	£1,021

PHYSICAL FEATURES AND GENERAL CHARACTER OF THE DISTRICT.

The Borough of Dartford is situate in the lower portion of the Darent Valley, and the rising ground to the East and West of the river. The area of the district is 4,234 statute acres.

The district is chiefly an industrial one. The residential area at the west end of the town, in the neighbourhood of The Heath, however, continues to develop, and there is a growing number of residents whose business is outside the Borough.

There is, in addition to the ordinary population, a large institutional population as the following institutions are situate in the District :—

London County Council Hospitals, Joyce Green, Orchard and Long Reach.
 London County Mental Hospital.
 Kent County Council, The County Hospital.
 St. Vincent's Industrial School.

STAPLE INDUSTRIES.

The principal industries of the district are :—

Engineering.	Tanning.
Paper Making.	Silk Printing.
Manufacture of Drugs and Chemicals.	Flour Milling.

There are no industries in the district which have a prejudicial effect on health.

Separate figures with regard to unemployment in the Borough of Dartford are not available. The area served by the Dartford Employment Exchange comprises Dartford Borough, Crayford Urban District and Dartford Rural District. I am informed by the manager that the number of persons registered as unemployed during the year 1937 varied as follows :—

Number registered as unemployed.		Percentage of insured persons in area.
January	809	3.7
June	442	2.1
December	907	4.2

OPEN SPACES.

The District is provided with open spaces for pleasure and recreation which include :—

Dartford Heath	340 acres.
Central Park	27 acres.
Hesketh Park	10 acres.

Facilities for outdoor sports are provided at all these open spaces.

ANNUAL REPORT OF THE DISTRICT

The Board of Health is proud to present to the public the annual report of the District. The year of 1927 was a year of progress and achievement. The Board has been fortunate in having a most efficient and capable Board of Health, and the public has been benefited by the many improvements and services rendered.

The Board of Health is proud to present to the public the annual report of the District. The year of 1927 was a year of progress and achievement. The Board has been fortunate in having a most efficient and capable Board of Health, and the public has been benefited by the many improvements and services rendered.

NURSING ARRANGEMENTS, HOSPITALS AND OTHER INSTITUTIONS AVAILABLE FOR THE DISTRICT.

(A) HOME NURSING.

The Dartford District Nursing Association, supported by voluntary contributions, maintains three District Nurses.

The Corporation make a grant to this Association and in return the services of the Nurses are available for the home nursing of cases of Measles, Whooping Cough and cases referred by the Medical Officer of Health.

NURSING ARRANGEMENTS, HOSPITALS AND OTHER INSTITUTIONS AVAILABLE FOR THE DISTRICT

(A) HOME NURSING

The District District Nursing Association, supported by voluntary contributions, maintains three District Nurses.

The Corporation make a grant to this Association and in return the services of the Nurses are available for the home nursing of cases of Measles, Whooping Cough and cases referred by the Medical Officer of Health.

(B) MIDWIVES.

During the year the Midwives Act, 1936, came into force and the Kent County Council, as the controlling authority for Midwives, instituted in the latter part of the year, a scheme for the provision of salaried midwives throughout the County.

Three of these midwives are appointed for the Borough area. The scheme provides for a closer co-operation between the County Council and the local Maternity and Child Welfare Authority.

There are in addition two other midwives practising in the Borough.

(C) CLINICS AND TREATMENT CENTRES.

The following are the Clinics and treatment centres in the town :—

Maternity and Child Welfare Clinics, Market Street.	Maintained by the Council.
School Clinic, King Edward Avenue ...	} Maintained by the Kent County Council.
Tuberculosis Clinic, Overy Street ...	
Venereal Clinic, The County Hospital ...	

In connection with the County Hospital there are Ophthalmic, Orthopædic, Neurological, X-Ray, Electrical, Urological, and Dental Clinics available for residents in the area of the Dartford Public Assistance Committee as out-patients.

Also at the Livingstone Hospital there are X-Ray and Electrical Clinics.

(D) HOSPITAL SERVICES.

The following hospitals are situated in the district and are available for the residents. In addition to these, the facilities offered by the London hospitals, which are within a reasonable distance, are used by the inhabitants.

1. The County Hospital, West Hill, for General Purposes, under the management of Kent County Council (Public Assistance Committee), available for persons resident in the area under the control of the Public Assistance Committee and by private patients from the same area. Extensions of this Hospital were commenced in 1937 and are still in progress.

2. Livingstone Hospital, East Hill, for General Purposes, supported by Voluntary Contributions under the management of a voluntary committee, available for persons resident in the Dartford Borough and Dartford Rural Districts. During the year, the erection of a new block to accommodate Maternity cases was commenced.

3. Bow Arrow Isolation Hospital, Bow Arrow Lane (for Infectious Diseases) under the management of the Joint Hospital Committee, available for persons resident in Dartford Borough, Dartford Rural District, Bexley Urban District, Crayford Urban District, and Swanscombe Urban District.

The extensions referred to in my two previous reports are now completed and the new buildings are occupied. The extensions comprise a new Administration Block and Nurses' Home of 56 beds, two wards of 24 beds each and two cubicle blocks of 12 beds each. This brings the total accommodation for patients up to 140 beds. New gate lodges and controlled entrance gates are now being built.

Cases of Small Pox are admitted into the London County Council Small Pox Hospital, Joyce Green. Negotiations are still in progress with the L.C.C. regarding the revision of the arrangements whereby cases of Small Pox are admitted into this Hospital.

During the year the Maternity and Child Welfare Authority, as the controlling authority for Maternity, continued in the latter part of the year, a scheme for the provision of assisted midwives throughout the County. Three of their midwives are appointed for the Borough area. The scheme provides for a close co-operation between the County Council and the Maternity and Child Welfare Authority. There are in addition two other midwives practising in the Borough.

(C) CLINICS AND TREATMENT CENTRES

The following are the Clinics and treatment centres in the town:-

Maternity and Child Welfare Clinic, Market Street	Maintained by the Council
School Clinic, King Edward Avenue	Maintained by the Health Authority
Tuberculosis Clinic, Overy Street	Maintained by the Health Authority
Venereal Clinic, The County Hospital	Maintained by the Health Authority

In connection with the County Hospital there are Ophthalmic, Orthopaedic, Neurological, X-Ray, Electrical, Urological, and Dental Clinics available for residents in the area of the District Public Assistance Committee as out-patients. Also at the Livingston Hospital there are X-Ray and Electrical Clinics.

(D) HOSPITAL SERVICES

The following hospitals are situated in the district and are available for the residents. In addition to these, the facilities offered by the London Hospital, which are within a reasonable distance, are used by the inhabitants.

1. The County Hospital, West Hill, for General Purposes, under the management of Kent County Council (Public Assistance Committee), available for persons resident in the area under the control of the Public Assistance Committee and by private patients from the same area. Extensions of this Hospital were commenced in 1937 and are still in progress.
2. Livingston Hospital, East Hill, for General Purposes, supported by Voluntary Contributions under the management of a voluntary committee, available for persons resident in the District Borough and District Rural District. During the year the erection of a new block to accommodate Maternity cases was commenced.
3. Bow Arrow Isolation Hospital, Bow Arrow Lane, for Infectious Diseases, under the management of the Kent Hospital Committee, available for persons resident in District Borough, District Rural District, and District Isolation District. During the year the erection of a new block to accommodate 140 beds, New gas, hot water and controlled temperature plant are now being built. The extension referred to in the two previous reports are now completed and the new buildings are occupied. The extension comprises a new Administration Block and Nurses' Home of 25 beds, two wards of 24 beds each and two wards of 12 beds each. This brings the total accommodation for patients up to 140 beds. New gas, hot water and controlled temperature plant are now being built. Cases of Small Pox are admitted into the District Public Assistance Committee Hospital, Kent Green. Negotiations are still in progress with the L.C.C. regarding the erection of the arrangements whereby cases of Small Pox are admitted into the Hospital.

(E) AMBULANCE FACILITIES.

(i). **INFECTIOUS CASES.**—The Dartford Joint Hospital Committee maintain two ambulances for the removal of cases of infectious disease from their homes to the hospital.

(ii). **GENERAL CASES.**—The local division of the St. John Ambulance Brigade continues to do very useful work. They maintain a motor ambulance which is available for accidents day and night and the removal of sick persons to local or London hospitals.

During the year 1937, the following cases were dealt with by this ambulance :—

First Aid cases (of which 113 were road accidents).....	346
Sick removals to local hospitals	374
Sick removals to London hospitals and other places	72

The charges made for the use of the ambulance are as follows :—

To local hospitals 5/-

To London hospitals and other removals outside the District 9d. per mile (both journeys) with special terms for distances over 100 miles.

There is also a scheme whereby subscribers of a minimum of 1/- per year are entitled to the free use of the ambulance for removals to local hospitals, etc. and at 6d. per mile for longer journeys.

First aid duties are also carried out by members of the division at the local Cinemas, Football Grounds, etc., and road service during the summer months.

The ambulances of the Kent County Council Public Assistance Committee are also available, on payment of the scale of charges fixed by the Council, for the removal of patients within and outside the District.

LABORATORY WORK.

BACTERIOLOGICAL EXAMINATIONS.

The work is carried out at the Kent County Council Laboratory, Sessions House, Maidstone.

During the year the following specimens were submitted for diagnosis :—

Diphtheria swabs	117
Tuberculosis sputa	110
Typhoid, including Widal test	10
Cerebro-spinal Fluid	1
Samples of Tuberculin Tested Milk	8
Samples of Pasteurised Milk	6
Samples of Milk for T.B.	10
Water samples from Swimming Bath	2

ADOPTIVE ACTS IN FORCE IN THE BOROUGH.

Public Health Acts Amendment Act, 1890. Parts II, III and V.
Adopted 2nd, January, 1891.

Infectious Disease (Prevention) Act, 1890
Adopted 7th February, 1902.

Notification of Births Act, 1907.
Adopted 2nd October, 1912.

Public Health Acts Amendment Act, 1907.

Sections 18, 19, 21, 22, 26 and 33 in Part II	}	Adopted 2nd April, 1909
Sections 37, 48, 50 and 51 in Part III		
Sections 60, 62, 65 and 68 in Part IV...		
Whole of Part V		
Whole of Part VI	}	Adopted 19th March, 1909.
Sections 79, 80, 85 and 86 in Part VII		
Section 90 in Part VIII		
Section 95 in Part X	Adopted 4th Jan., 1913

Public Health Act, 1925. Parts II, III, IV and V adopted 2nd December, 1925.

The Dartford Improvement Act, 1902, contains clauses relating to Drainage, Milk Supply and Infectious Diseases.

BYE-LAWS.

The Corporation have Bye-laws relating to the following :—

Common Lodging Houses.
Good Rule and Government.
Houses Let in Lodgings (Housing Act, 1925).
Means of Escape from Fire (Factories and Workshops).
Nuisances.
Offensive Trades.
Removal of Offensive Matter.
Slaughterhouses.
Tents, Vans and Sheds.

SANITARY CIRCUMSTANCES OF THE DISTRICT.

WATER SUPPLY.

The District is supplied with water by the Metropolitan Water Board.

With the exception of isolated houses, the whole of the houses are connected to the Metropolitan Water Board's mains.

The supply is from chalk wells at Wilmington, Darenth, Southfleet and Green Street Green. These wells are sampled on every working day and give good bacteriological and chemical results. Southfleet and Green Street Green wells are protected by chloramination and standby chloramine equipment is held for immediate application at the other wells should any untoward condition become apparent.

RIVERS AND STREAMS.

No cases of pollution have been noticed or dealt with during the year.

DRAINAGE AND SEWERAGE.

The district is main sewered, and the water carriage system is general. The sewage is dealt with by the West Kent Main Sewage Board (of which the Dartford Corporation is a constituent Authority) at their works at Long Reach, Dartford. Their system of treatment is very satisfactory, and no complaints have been received regarding the outfall works during the year.

There are only 83 houses, situated in the more rural areas, which are not connected to the sewers. Over 99 % of the houses in the district are connected to the sewers.

Resolution of Board, Dec. 1912
Adopted Feb. 1913

Public Health Act Amendment Act, 1907

Adopted	...	Sections 15, 16, 17, 18 and 19 in Part II
...	...	Sections 20, 21, 22 and 23 in Part III
...	...	Sections 24, 25 and 26 in Part IV
...	...	Sections 27, 28 and 29 in Part V
...	...	Sections 30, 31 and 32 in Part VI
...	...	Sections 33, 34 and 35 in Part VII
...	...	Sections 36, 37 and 38 in Part VIII
...	...	Sections 39 and 40 in Part IX
...	...	Section 41 in Part X

Public Health Act, 1907. Parts II, III, IV and V adopted Feb. 1913

The District Improvement Act, 1901 contains clauses relating to the
Milk Supply and Infectious Diseases

EYE-LAWS

The Corporation have Eye-laws relating to the following:

- Common Lodging Houses
- Good Hole and Government
- Houses in Lodging (Housing Act, 1907)
- Mans of House Room Fire (Factories and Workshops)
- Tramways
- Obstructive Trades
- Removal of Offensive Matter
- Lighting
- Yards and Streets

SANITARY CIRCUMSTANCES OF THE DISTRICT

WATER SUPPLY

The District is supplied with water by the Metropolitan Water Board.

With the exception of isolated houses, the whole of the houses are connected to the Metropolitan Water Board's mains.

The supply is from shaft wells at Whitehall, Datchet, Southall and Green Street Green. These wells are supplied on every working day and give good bacteriological and chemical results. Southall and Green Street Green wells are protected by chloramination and standby chloramine equipment is held for immediate application in the other wells should any untoward condition become apparent.

RIVERS AND STREAMS

No cases of pollution have been noticed or dealt with during the year.

DRAINAGE AND SEWERAGE

The district is main sewered, and the water carriage system is general. The sewerage is dealt with by the West Kent Main Sewerage Board (of which the District Corporation is a constituent Authority) at their works at Long Beach, Dartford. Their system of treatment is very satisfactory, and no complaints have been received regarding the outfall works during the year.

There are only 83 houses situated in the rural areas, which are not connected to the sewers. Over 99% of the houses in the district are connected to the sewers.

There have been no particular extensions of the foul water sewers during the year, but extensive surface water sewerage works are being carried out in connection with the reconstruction of the main roads through the town and will greatly improve the surface water drainage of these areas.

CLOSET ACCOMMODATION.

The system is a water carriage one. In the more rural portions of the area, where main sewers are not available, there are the following houses with conveniences of the type mentioned :—

W.C.'s connected to cesspools	60
Pail Closets	23

The cleansing of cesspools and pail closets is not carried out by the Local Authority but by the owners or occupiers of the premises.

SCAVENGING.

House refuse is collected weekly except in the centre of the town, where the collection is twice weekly.

During the first six months of the year part of the refuse was burnt at the destructor and part was disposed of by controlled tipping at the Heath Lane tip.

Owing to the fact that the destructor was inadequate for the disposal of the refuse and was in need of reconstruction, which could only be carried out at considerable expense, it was decided to close the destructor and dispose of the whole of the house refuse by controlled tipping and the destructor was closed down on July 17th.

An incinerator is being erected for disposal of diseased meat, etc.

SANITARY INSPECTION OF DISTRICT.

This is dealt with in the Annual Report of the Sanitary Inspector which is appended hereto.

PUBLIC CONVENIENCES AND BATHS.

The Corporation have provided and maintain the following :—

Public conveniences with wash and brush up facilities and slipper baths for both sexes at Spital Street.

Public Conveniences for both sexes at the Central and Hesketh Parks.

Public Conveniences for men near the Cattle Market.

Urinal at East Hill.

Open air Swimming Baths in Burnham Road.

During the year, a new Public Convenience for both sexes was opened at the junction of East Hill and the Brent.

year, but extensive surface water sewerage works are being carried out in connection with the reconstruction of the main roads through the town and will greatly improve the surface water drainage of these areas.

CLOSET ACCOMMODATION.

The system is a water carriage one. In the more rural portions of the area, where main sewers are not available, there are the following houses with conveniences of the type mentioned:—

W.C. connected to cesspools	62
Pail Closets	22

The cleaning of cesspools and pail closets is not carried out by the Local Authority but by the owners or occupants of the premises.

SCAVENGING.

House refuse is collected weekly except in the centre of the town, where the collection is twice weekly.

During the first six months of the year part of the refuse was burnt at the destructor and part was disposed of by controlled tipping at the Heath Lane tip.

Owing to the fact that the destructor was inadequate for the disposal of the refuse and was in need of reconstruction, which could only be carried out at considerable expense, it was decided to close the destructor and dispose of the whole of the house refuse by controlled tipping and the destructor was closed down on July 17th.

An incinerator is being erected for disposal of domestic refuse, etc.

SANITARY INSPECTION OF DISTRICT.

This is dealt with in the Annual Report of the Sanitary Inspector which is appended hereto.

PUBLIC CONVENIENCES AND BATHS.

The Corporation have provided and maintain the following:—

Public conveniences with wash and brush up facilities and shower bath for both sexes at Spital Street.

Public Conveniences for both sexes at the Central and Heath Lane Parks.

Public Conveniences for men near the Castle Market.

Urinal at East Hill.

Open air Swimming Bath in Burnham Road.

During the year, a new Public Convenience for both sexes was opened at the junction of East Hill and the Brent.

The number of persons using the Slipper Baths is given below, together with comparative figures for 1936 :—

	1936	1937
Men	9,344	9,944
Boys	554	375
Women	2,893	2,764
Girls	114	109
TOTAL ..	12,905	13,192

The open-air Swimming Bath in Burnham Road has a continuous heating and chlorination plant. Samples of the water are taken from time to time and show that the water is main ained in a very satisfactory state. An enlargement and re-construction of this Bath and the sanitary accommodation in connection therewith was commenced during the winter but was not completed at the time of this report.

ERADICATION OF VERMIN.

During the year the following steps have been taken by the Health Department and the Housing Superintendent with regard to the eradication of bed bugs.

No. of Council houses found to be infested	40
„ „ „ „ disinfested	40
No. of other houses found to be infested	14
„ „ „ „ disinfested by Council	7
„ „ „ „ „ by Owners or tenants after advice given by Sanitary Inspector	7

Slight infestations are dealt with by spraying with vermicides. In bad cases the walls are stripped and the skirtings, etc., loosened and the rooms are sealed and fumigated by vermicide blocks.

In cases where the new tenants for Council houses come from infested houses the furniture and effects are treated either at their old house or in the Council house on arrival, or in bad cases in both houses on different occasions.

The disinfestation is carried out by the Council's own men, and not by a contractor.

PUBLIC ELEMENTARY SCHOOLS.

There are two Central and nine Junior schools in the district. These are well lighted and ventilated, and the water supply and sanitary conditions are generally satisfactory. The sanitary accommodation at St. Anselm's School was improved and partly re-constructed during the year.

PROPAGANDA.

The department is co-operating in the National Health Campaign and posters have been exhibited and leaflets distributed in connection therewith.

HOUSING.

NUMBER OF NEW HOUSES ERECTED DURING THE YEAR.

(i)	By the Local Authority	None
(ii)	By other bodies and persons	Houses	550

In addition 29 single houses have been converted into 58 flats.

1. INSPECTION OF DWELLING HOUSES DURING THE YEAR.

(1)	Total number of dwelling-houses inspected for housing defects (under Public Health or Housing Acts) and the number of inspections made.	Houses 352.	Inspections	1144
(2)	Number of dwelling-houses (included under sub-head (1) above) which were inspected and recorded under the Housing Consolidated Regulations, 1925, and the number of inspections made.	Houses 73.	Inspections	260
(3)	Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation			27
(4)	Number of dwelling-houses under paragraph 2 (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation			69

2. REMEDY OF DEFECTS DURING THE YEAR WITHOUT SERVICE OF FORMAL NOTICES.

Number of defective dwelling-houses rendered fit in consequence of informal action by the Local Authority or their officers	319
---	-----

3. ACTION UNDER STATUTORY POWERS DURING THE YEAR.

(a)	Proceedings under Sec. 9, 10, and 16 of the Housing Act, 1936 :	
(1)	Number of dwelling-houses in respect of which notices were served requiring repairs	None
(2)	Number of dwelling-houses which were rendered fit after service of formal notices	
	(a) By owners	None
	(b) By local authority in default of Owners	None
(b)	Proceedings under Public Health Acts.	
(1)	Number of dwelling-houses in respect of which notices were served requiring defects to be remedied	8
(2)	Number of dwelling-houses in which defects were remedied after service of formal notices :	
	(a) By owners	5
	(b) By local authority in default of owners	None
(c)	Proceedings under Sections 11 and 13 of the Housing Act, 1936 :	
(1)	Number of dwellings in respect of which Demolition Orders were made	27
(2)	Number of houses demolished in pursuance of Demolition orders	None

HOUSING

NUMBER OF NEW HOUSES ERECTED DURING THE YEAR

- (a) By the Local Authority
 (b) By other bodies and persons

In addition 15 single houses have been converted into 32 flats.

1. INSPECTION OF DWELLING HOUSES DURING THE YEAR

- (1) Total number of dwelling houses inspected for housing defects (under Public Health or Housing Acts) and the number of inspections made. Houses 505. Inspections 1144.
- (2) Number of dwelling houses inspected under the Housing (Management) Regulations, 1924, and the number of inspections made. Houses 73. Inspections 380.
- (3) Number of dwelling houses found to be in a state dangerous or injurious to health as to be unfit for human habitation or to be in all respects unsatisfactory for human habitation under paragraph 2 (exclusive of those referred to under the preceding sub-head) found not to be in all respects unsatisfactory for human habitation. Houses 27. Inspections 127.

2. REMEDY OF DEFECTS DURING THE YEAR WITHOUT SERVICE OF FORMAL NOTICE

Number of defective dwelling houses remedied as in consequence of informal action by the Local Authority or their officers. Houses 319.

3. ACTION UNDER STATUTORY POWERS DURING THE YEAR

- (a) Proceedings under Sec. 8, 10 and 10A of the Housing Act, 1936.
- (b) Number of dwelling houses in respect of which notices were served requiring repairs. Houses 1.
- (c) Number of dwelling houses which were remedied at other notice of formal action.
- (d) By owners. Houses 1.
- (e) By local authority in default of owners. Houses 1.

4. Proceedings under Public Health Acts

- (1) Number of dwelling houses in respect of which notices were served requiring defects to be remedied. Houses 4.
- (2) Number of dwelling houses in which defects were remedied after service of formal notices.
- (a) By owners. Houses 4.
- (b) By local authority in default of owners. Houses 4.

5. Proceedings under Section 1 and 1A of the Housing Act, 1936

- (1) Number of dwellings in respect of which Enforcement Orders were made. Houses 1.
- (2) Number of houses demolished in pursuance of the Housing Act, 1936. Houses 1.

(d) Proceedings under Section 12 of the Housing Act, 1936 :—

(1) Number of separate tenements or underground rooms in respect of which Closing Orders were made... ..	None
(2) Number of separate tenements or underground rooms in respect of which Closing Orders were determined, the tenement or room being rendered fit	None

4. HOUSING ACT, 1936 (Overcrowding).

(a) (1) Number of dwellings overcrowded at the end of the year	19
(2) Number of families dwelling therein	19
(3) Number of persons dwelling therein Adults	131
Children	40
(b) Number of new cases of overcrowding reported during the year	5
(c) (1) Number of cases of overcrowding relieved during the year	39
(2) Number of persons concerned in such cases: Adults ...	237
Children	55

The following numbers of houses have been represented as unfit since the Housing Act, 1930, came into force :—

1930	11 houses.
1931	51 houses.
1932	4 houses.
1933	18 houses.
1935	2 houses.
1937	27 houses.

The following table shows the result of such action during the year :—

Premises.	No. of Houses	Date of Representation.	Action taken.	Remarks.
Manor Place 9.	1	2— 8—33	Demolition Order made 4—10—33.	Further action deferred.
Hadlow Place. Lowfield Street 1 to 7.	7	9—11—33	Demolition Order made 12—3—34.	Appeal lodged and heard June, 1934. Order confirmed. Houses void.
Darenth Road. 2 to 54.	27	24— 2—37	Demolition Order made 7—5—37.	

(1) Number of separate tenements or independent houses in respect of which Housing Orders were made

(2) Number of separate tenements or independent houses in respect of which Housing Orders were made, the tenement or house being included in

HOUSING ACT, 1936 (Continued)

12	(1) Number of dwellings constructed at the end of the year
12	(2) Number of families dwelling therein
121	(3) Number of persons dwelling therein Adults
48	Children
2	(4) Number of new cases of overcrowding reported during the year
20	(5) Number of cases of overcrowding referred during the year
227	(6) Number of persons concerned in such cases Adults
22	Children

The following numbers of houses have been represented as unfit since the Housing Act, 1930, came into force:-

11 houses	1930
51 houses	1931
4 houses	1932
18 houses	1933
2 houses	1934
27 houses	1935

The following table shows the result of such action during the year:-

Particulars	Action taken	Date of Report	No. of Houses	Particulars
Further action advised	Demolition Order made 4-10-35	1-5-35	1	Black Place
Appeal lodged and heard June 1935 Order confirmed Houses unfit	Demolition Order made 12-2-35	8-1-35	7	Black Place Landed Street 1 to 7
	Demolition Order made 7-5-37	21-2-35	27	Black Place 7 to 24

In addition to the houses set out in the table, 73 houses have been inspected during the year under the Housing Act, and notices regarding repairs, etc., have been served with regard thereto.

The following table shows the number of new houses built during the past ten years :—

				Built by Council.	Private Enterprise	Total
1928	56	112	168
1929	—	209	209
1930	14	266	280
1931	76	232	308
1932	181	170	351
1933	112	408	520
1934	—	499	499
1935	140	401	541
1936	20	635	655
1937	—	550	550
Totals				599	3482	4081

INSPECTION AND SUPERVISION OF FOOD.

The taking of samples under the Sale of Food and Drugs Act is carried out by the Kent County Council, and the County Council being also the Authority under the Contagious Diseases (Animals) Acts carries out the work under the Tuberculosis Order, 1925.

Under the Milk (Special Designations) Order, 1936, the following licences have been granted by the Corporation :—

Tuberculin Tested Milk—

Bottlers' Licences	1
Dealers' Licences	4
Supplementary Licences	3

Pasteurised Milk—

Dealers' Licences	2
Supplementary Licences	6

Fourteen samples of Graded milks were taken during the year.

The examination of Graded milks and other bacteriological work in connection with food is carried out by the Kent County Council at the County Bacteriological Laboratory.

No legal action has had to be taken under the Meat Regulations, 1924. There is one registered slaughterhouse in the district, and the notification of the times of slaughtering has been very satisfactory. 221 inspections have been made during the year.

The amount of unsound food destroyed during the year was 16 cwts., 23 lbs., particulars of which are given in the Sanitary Inspector's Report.

The amount of uncondensed food destroyed during the year was 15 cwt., 23 lbs., portions of which are given in the Sanitary Inspector's Report.

No legal action has had to be taken under the Meat Regulations, 1934. There is one registered slaughterhouse in the district, and the authorities of the times of slaughtering has been very satisfactory. 221 inspections have been made during the year.

The examination of Graded milks and other bacteriological work in connection with food is carried out by the Kent County Council at the County Bacteriological Laboratory.

Fourteen samples of Graded milk were taken during the year.

1931	498	112	610
1930	498	112	610
1929	498	112	610
1928	498	112	610

The following table shows the number of new houses built during the past ten years:

being built under the Housing Act, and houses built by private enterprise, etc., have been served with regard thereto.

SMALLPOX.

No cases of Small Pox were notified during the year.

DIPHTHERIA.

The number of cases of Diphtheria notified was 14 (exclusive of institutional cases) as compared with 20 in 1936, and is the lowest notified since 1932 and previously since 1924.

The facilities for immunisation, started in 1935, were continued throughout the year, and I am pleased to state that increasing use is being made of them.

Contacts with cases notified, and also children referred to the Department by the school teachers, are swabbed with a view to the elimination of carriers.

Anti-toxin is supplied free to Medical Practitioners for use in cases of Diphtheria.

SCARLET FEVER.

The number of Scarlet Fever cases notified (exclusive of institutional cases) was 39 as compared with 53 in 1936, and is the lowest notified since 1926.

Of these cases 10 were nursed at home and 29 removed to hospital.

There were 2 return cases during the year.

ENTERIC FEVER.

No cases were notified during the year.

MEASLES.

Measles is not notifiable under the Infectious Diseases (Notification) Act, but the cases amongst children of school age are notified to the Department by the Head Teachers of Schools.

There were very few cases of Measles during the year.

Home visitation of cases of measles is carried out by the nurses of the District Nursing Association when thought desirable.

Arrangements are in force whereby if the conditions are unsuitable for home nursing, cases are admitted into the Bow Arrow Hospital.

SMALL POX

No cases of Small Pox were notified during the year.

DIPHTHERIA

The number of cases of Diphtheria notified was 14 (exclusive of institutional cases) as compared with 20 in 1935, and is the lowest notified since 1931 and previously since 1924.

The facilities for immunization, started in 1935, were continued throughout the year, and I am pleased to state that increasing use is being made of them.

Contacts with cases notified, and also children referred to the Department by the school teachers, are watched with a view to the elimination of carriers.

Anti-toxin is supplied free to Medical Practitioners for use in cases of Diphtheria.

SCARLET FEVER

The number of Scarlet Fever cases notified (exclusive of institutional cases) was 39 as compared with 53 in 1936, and is the lowest notified since 1928.

Of these cases 10 were nursed at home and 29 removed to hospital.

There were 3 return cases during the year.

ENTERIC FEVER

No cases were notified during the year.

MEASLES

Measles is not notifiable under the Infectious Diseases (Notification) Act, but the cases amongst children of school age are notified to the Department by the Head Teachers of Schools.

There were very few cases of Measles during the year.

Home visitation of cases of measles is carried out by the nurses of the District Nursing Association when thought desirable.

Arrangements are in force whereby if the conditions are unsuitable for home nursing, cases are admitted into the Bow Arrow Hospital.

CANCER.

The number of deaths from cancer was 37, being 11.217 per cent. of the total deaths as compared with :—

1936	...	48 deaths	14.19 per cent. of total deaths.
1935	...	48 "	17.39 " " " "
1934	...	34 "	11.8 " " " "
1933	...	33 "	11.66 " " " "
1932	...	49 "	17.3 " " " "
1931	...	27 "	10.97 " " " "

INFLUENZA.

The incidence of influenza was again of a mild type and calls for no special mention.

DISINFECTION.

Upon removal of cases of infectious diseases to Hospital or upon recovery of cases nursed at home, the rooms are disinfected with formalin and the bedding removed for steam disinfection.

Disinfection is also carried out after death from tuberculosis and if requested after death from cancer.

NOTIFIABLE DISEASES DURING THE YEAR.

Friday	15	26	20	13	29	—	—	—	103
Totals	28	74	60	48	101	56	46	19	432

Number of mothers attended the Clinics, 842.

Total attendances of mothers, 10,050.

Of the number of infants registered 293 were under the age of three months on registration.

ANTE-NATAL CLINIC.

Total number of cases on register during year	238
Number of new cases	213
Number of Clinics held	51
Total number of attendances	718
Average attendance per clinic	14.07

The particulars of the 213 new cases who attended the Clinic during the year 1937 were as follows:—

Normal cases	93
Abnormal cases	31
Cases showing other conditions requiring treatment	58
Not pregnant and post natal	31

Analysis of abnormal ante-natal cases:—

Malpresentation (breech)	3
Contracted pelvis:—							
General contraction	5
Flat pelvis (One with premature rupture of membranes)	3
Sacral deformity	1
Toxæmias:—							
Severe vomiting	2
Albuminuria	1
Hydramnios	1
Placenta Prævia	1
Premature rupture of membranes (One with flat pelvis)	4
Abortion (Two associated with retroversions)	6
Retroverted gravid uterus (Two with abortion)	4
Venereal disease	1
Fibroids	1

Other conditions requiring treatment (frequently more than one condition in same patient):—

Hernia	2
Valvular disease of heart	4
Pyorrhoea and caries	26
Varicose veins	26
Phthisis	1
Phlebitis	1

BIRTH CONTROL CLINIC.

This Clinic was held each month during the year. 37 new cases received advice and 102 attendances were made. Every care is taken to see that the objects of the Clinic are fulfilled.

MATERNITY HOME.

Negotiations are proceeding for the admission of cases into the County Hospital and the Livingstone Hospital. Financial assistance is to be given in necessitous cases.

PUERPERAL FEVER and PUERPERAL PYREXIA REGULATIONS 1926.

Arrangements have been made under these regulations for:—

- (a) The admission of cases requiring hospital treatment into the Isolation Hospital of the Joint Hospital Committee at Bow Arrow Lane and into the North Western Hospital of the London County Council.
- (b) The services of an obstetric consultant when required.
- (c) The Dartford District Nursing Association to undertake home nursing where hospital treatment is not necessary.

Two cases of Puerperal Pyrexia and two cases of Puerperal Fever were notified during the year. The two cases of Puerperal Fever and one case of Puerperal Pyrexia were notified from the County Hospital.

The investigation of maternal deaths is undertaken by the County Medical Officer.

TREATMENT OF SQUINT.

Arrangements are in force for the treatment of squint in children under school age by the School Ophthalmic Surgeon. Two cases were referred for treatment during the year.

ORTHOPÆDIC TREATMENT.

During the year four children received treatment under the Kent County Council scheme for the orthopædic treatment of children under school age.

DENTAL TREATMENT TO MOTHERS AND CHILDREN.

One child and one mother were granted assistance in accordance with the Council's Scheme for dental treatment during the year.

OPHTHALMIA NEONATORUM.

There were no cases of Ophthalmia Neonatorum notified during the year.

Children requiring treatment for Ophthalmia Neonatorum can be received into St. Margaret's Hospital by arrangement with the London County Council.

PUBLIC HEALTH (PREVENTION OF TUBERCULOSIS) REGULATIONS 1925.

No action has had to be taken with regard to cases of Tuberculosis in persons connected with the milk trade.

SECTION 62 PUBLIC HEALTH ACT 1925.

No action has been taken during the year with regard to compulsory removal of cases of Tuberculosis under this section.

VENEREAL DISEASES.

The Kent County Council is the Authority dealing with this group of diseases. A local Clinic is held by them at The County Hospital.

The investigation of venereal disease is undertaken by the County Medical Officer.

Pyrexia were notified from the County Hospital.

The two cases of Pyrexia Fever and one case of Pyrexia

TREATMENT OF SQUINT.

Arrangements are in force for the treatment of squint in children under school age by the School Ophthalmic Surgeon. Two cases were referred for treatment during the year.

ORTHOPEDIC TREATMENT.

During the year four children received treatment under the Kent County Council scheme for the orthopaedic treatment of children under school age.

DENTAL TREATMENT TO MOTHERS AND CHILDREN.

One child and one mother were granted assistance in accordance with the Council's Scheme for dental treatment during the year.

OPHTHALMIA NEONATORUM.

There were no cases of Ophthalmia Neonatorum notified during the year.

Children requiring treatment for Ophthalmia Neonatorum can be received into St. Margaret's Hospital by arrangement with the London County Council.

PUBLIC HEALTH (PREVENTION OF TUBERCULOSIS) REGULATIONS 1925.

No action has had to be taken with regard to cases of Tuberculosis in persons connected with the milk trade.

SECTION 62 PUBLIC HEALTH ACT 1925.

No action has been taken during the year with regard to compulsory treatment of cases of Tuberculosis under this section.

VENEREAL DISEASES.

The Kent County Council is the Authority dealing with the group of diseases. A local Clinic is held by them at The County Hospital.

MILK (MOTHERS AND CHILDREN) ORDERS 1919 and 1921.

During the year 1937 the amount of milk supplied under these Orders was as follows :—

9,715 pints free.
919 pints half price.
205 lb. dried milk free.

CHILDREN ACT, 1908, Part 1 and CHILDREN AND YOUNG PERSONS ACT, 1932.

The main object of the above is to secure that any child under nine years of age maintained "for reward" shall be notified to the Local Authority in order that supervision of the home conditions and the health of the child can be carried out.

Miss A. A. Brimble, Health Visitor, carries out the duties of Infant Protection Officer.

Number of visits paid to foster children during the year	283
Number of foster mothers on register at end of year	20
Number of foster children on register at end of year	27

HOME VISITATION.

VISITS OF HEALTH VISITORS.

The following visits were paid by your Health Visitors during the year ;

Number of new-born infants visited	604
Number of visits to infants under 1 year	2,028
Number of children on register over one year	960
Number of visits to children over one year	3,287
Total visits	5,604

In addition to these visits the following have been paid :—

Ante-natal visits	159
Death enquiries	8

VOLUNTARY WORKERS.

The duties undertaken by the Voluntary Workers at the Child Welfare Clinics are those of keeping various registers, assisting in weighing the children and carry-

During the year 1927 the amount of milk supplied under these Orders was as follows—

9,715 quarts	...
919 quarts	...
202 quarts	...

CHILDREN ACT, 1908 Part I and CHILDREN AND YOUNG PERSONS ACT, 1933.

The main object of the above is to secure that any child under nine years of age maintained "for reward" shall be notified to the Local Authority in order that supervision of the home conditions and the health of the child can be carried out.

Miss A. A. Bramble, Health Visitor, carries out the duties of Infant Protection Officer.

Number of visits paid to foster children during the year	283
Number of foster mothers on register at end of year	20

HOME VISITATION

VISITS OF HEALTH VISITORS

The following visits were paid by your Health Visitors during the year:

Number of new home infants visited	404
Number of visits to infants under 1 year	2,022
Number of children on register over one year	960
Number of visits to children over one year	2,247
Total visits	2,604

In addition to these visits the following have been paid—

Anti-natal visits	125
Death certificates	2

VOLUNTARY WORKERS

The duties undertaken by the Voluntary Workers at the Child Welfare Clinic are those of keeping various registers, assisting in weighing the children and carrying out other duties as required.

ing out the social side of the work. The Annual Baby Show and Mothers' Social Evening were organised by them and were, as in previous years, very successful events.

I would like to express my thanks, together with those of the Corporation, to the Voluntary Workers for their assistance and to the donors of prizes for the two social events.

Appended hereto are the following :—

- (1). Report of the Sanitary Inspector.
- (2). Report on the Inspection of Factories, Workshops, etc., in the District.

I am,

SIR, LADIES AND GENTLEMEN,

Your obedient Servant,

T. FARTHING,

Medical Officer of Health.

I would like to express my thanks, together with those of the Corporation, to the Voluntary Workers for their assistance and to the donors of prizes for the two social events.

Appended hereto are the following:—

- (1) Report of the Sanitary Inspector.
- (2) Report on the Inspection of Factories, Workshops, etc., in the District.

I am,

Sir, Ladies and Gentlemen,

Your obedient servant,

T. FARTHING,

Medical Officer of Health.

Annual Report of Sanitary Inspector.

SIR, LADIES AND GENTLEMEN,

I beg to report as follows on the Sanitary Inspection, etc., of the Borough for the year 1937 :—

INFECTIOUS DISEASE WORK.

Cases investigated	82
Premises disinfected (Tuberculosis)	32
" " (other infectious diseases)	62
Sets of bedding disinfected	133
In addition to the above 10 disinfections of verminous houses were carried out.							

HOUSING (CONSOLIDATED) REGULATIONS, 1925.

Number of houses systematically inspected and recorded	73
Notices re defects served on Owners :—			
Preliminary—Served 69 : Complied with 55: in hand, Dec. 31st			28
Houses put in order during year including those dealt with under Section 19, Housing Act, 1930	55

In addition to the notices complied with 20 notices were cancelled, the houses now being subject to a Demolition Order.

HOUSING ACT, 1936 (Overcrowding).

New cases found during year	5
Houses measured	175
Permitted numbers supplied for 377 houses.								

Work in connection with the prevention of overcrowding has necessitated 278 inspections and re--inspections during the year.

ACTION TAKEN WITH REGARD TO OTHER NUISANCES FOUND.

Preliminary Notices served, 217 : complied with 220 : in hand, Dec. 31	31
Statutory Notices " 8 : " " 5 : " "	3

COMPLAINTS.

404 complaints of Nuisances, etc., have been received during the year and duly investigated and dealt with.

DRAINAGE WORK.

Number of Drains tested by water— New Buildings	1801
" " " " " " Existing Buildings and Works				
under notice	25
" " " " " " smoke—New Buildings	527
" " " " " " Existing Buildings and Works				
under notice	18
Total number of drains tested during year	2371
Number of drains cleared by the Department	210

Of the drains cleared by the department 60 were in connection with the Council houses and various other properties owned by the Corporation.

Sir, Ladies and Gentlemen,

I beg to report as follows on the Sanitary Inspector, etc., of the Borough for the year 1935—

INFECTIOUS DISEASE WORK.

133	Set of bedding disinfected
62	Other infectious diseases
55	Persons disinfected (Tuberculosis)
52	Cases investigated

In addition to the above 15 discharges of venereal diseases were sent out.

HOUSING (CONSOLIDATED) REGULATIONS, 1925.

45	Section 19 Housing Act, 1925
55	Persons put in order during year including those dealt with under
55	Regulations—Sched. 69. Compared with 55 in hand, Dec. 31st
55	Notices in default served on Owners
55	Number of houses systematically inspected and recorded

In addition to the notices complied with 50 notices were cancelled, the houses now being subject to a demolition Order.

HOUSING ACT, 1936 (Overcrowding).

172	Persons measured
2	New cases found during year
172	Persons notified
172	Persons notified supplied for 172 houses

Work in connection with the prevention of overcrowding has accelerated 178 inspections and re-inspections during the year.

ACTION TAKEN WITH REGARD TO OTHER NUISANCES FOUND.

51	Sanitary Notices
51	Sanitary Notices served, 517 complied with 519 in hand, Dec. 31

COMPLAINTS

461 complaints of Nuisances, etc., have been received during the year and duly investigated and dealt with.

DRAINAGE WORK.

150	Number of drains tested by water—New Drainage
150	Existing Drainage and Works
150	Number of drains tested by water—New Drainage
150	Existing Drainage and Works
150	Number of drains tested by water—New Drainage
150	Existing Drainage and Works
150	Number of drains tested by water—New Drainage
