URBAN DISTRICT OF DRIFFIELD

July, 1964.

To the Chairman, Aldermen and Councillors,
Urban District of Driffield.

ANNUAL REPORT

Mr. Chairman, Lady and Gentlemen,

I have pleasure in presenting the Annual Report for 1963.

The Registrar General of the year indicate a population of 6,210, an increase of 30 compared with last year.

The number of births in the District have remained fairly constant during recent years, there being 112 in 1963 compared with 112 last year. An adjusted birth rate of 17.7 compares with the national birth rate of 18.2 per 1,000 population.

MEDICAL OFFICER OF HEALTH

There were 138 deaths during the year compared with 130 last year, these excluding those numbers we must bear in mind once again the long stay Geriatric Unit situated in the East Riding General Hospital. Our records show that 20 deaths were of elderly persons from other districts who were temporarily resident in the District. The adjusted death rate of 22.35 compares with the national death rate of 11.9 per 1,000 population. The number of deaths of infants under one year of age increased to 3 compared with 1 last year.

including

In the infectious diseases a outbreak of measles occurred during the year, 207 cases being notified. Of the cases were of children under 15 years of age. From the table on page 11 it will be seen that in recent years such an outbreak has occurred every other year. 22 cases of whooping cough were also notified during the year.

REPORT

Little variation has occurred in the sanitary circumstances of the District. The town's water is supplied by the East Yorkshire (Wolds Area) Water Board and all the 47 water samples submitted by our Public Health Inspector for bacteriological examination were satisfactory. Garbage disposal continued as in previous years and the number of milk cists remaining in use again dropped to a new low figure of 27. The total number of houses in the District increased to 2,120, 1,100 of these having been built by private enterprise.

PUBLIC HEALTH INSPECTOR

In presenting this report I would like to express my thanks to Mr. Wood and the staff for their help and help during the year and also to the Chairman and Members of the Health Committee for their constant support and interest.

ANNUAL REPORT

of the

MEDICAL OFFICER OF HEALTH

including

REPORT

of

PUBLIC HEALTH SERVICE

for the year 1963

Health Office,
Oxford Street,
Bridlington.

July, 1964.

To the Chairman, Alderman and Councillors,
Urban District of Driffield.

Mr. Chairman, Lady and Gentlemen,

I have pleasure in presenting the Annual Report for 1963.

The Registrar General's figures for the year indicate a population of 6,930, an increase of 50 compared with last year.

The number of births in the District have remained fairly constant during recent years, there being 119 in 1963 compared with 118 last year. An adjusted birth rate of 17.86 compares with the national birth rate of 18.2 per 1,000 population.

There were 138 deaths during the year compared with 130 last year. When considering these numbers we must bear in mind once again the long stay Geriatric Unit situated in the East Riding General Hospital. Our records show that 20 deaths were of elderly persons from other districts who were permanently resident in the hospital. The adjusted death rate of 11.35 compares with the national death rate of 11.9 per 1,000 population. The number of deaths of infants under one year of age increased to 5 compared with 1 last year.

Of the infectious diseases an outbreak of measles occurred during the year, 208 cases being notified. All but 5 of the cases were of children under 15 years of age. From the table on page 11 it will be seen that in recent years such an outbreak has occurred every other year. 22 cases of whooping cough were also notified during the year.

Little variation has occurred in the sanitary circumstances of the District. The town's water is supplied by the East Yorkshire (Wolds Area) Water Board and all the 47 water samples submitted by our Public Health Inspector for bacteriological examination were satisfactory. Sewage disposal continues as in previous years and the number of pail closets remaining in use again dropped to a new low figure of 87. The total number of houses in the District increased to 2,169, 34 new houses being built by private enterprise.

In presenting this report I would like to express my thanks to Mr. Marsh and the staff for their work and help during the year and also to the Chairman and Members of the Public Health Committee for their constant support and interest.

I am,

Yours faithfully,

J.H. MAUGHAN

Medical Officer of Health

Health Office,
Oxford Street,
Birmingham.

July, 1964.

To the Chairman, Aldermen and Councillors,
Urban District of Edgbaston.

Mr. Chairman, Lady and Gentlemen,

I have pleasure in presenting the Annual Report for 1963.

The Registrar General's figures for the year indicate a population of 6,930, an increase of 50 compared with last year.

The number of births in the District have remained fairly constant during recent years, there being 119 in 1963 compared with 118 last year. An adjusted birth rate of 17.86 compared with the national birth rate of 18.2 per 1,000 population.

There were 138 deaths during the year compared with 130 last year. When considering these numbers we must bear in mind once again the fact that the Geriatric Unit attached to the East Riding General Hospital. Our records show that 30 deaths were of elderly persons from other districts who were permanently resident in the hospital. The adjusted death rate of 11.37 compares with the national death rate of 11.9 per 1,000 population. The number of deaths of infants under one year of age increased to 5 compared with 1 last year.

Of the infectious diseases an outbreak of measles occurred during the year, 208 cases being notified. All but 5 of the cases were of children under 15 years of age. From the table on page 11 it will be seen that in recent years such an outbreak has occurred every other year. 25 cases of whooping cough were also notified during the year.

Little variation has occurred in the sanitary circumstances of the District. The town's water is supplied by the East Yorkshire (Water Area) Water Board and all the AV water supplies supplied by our Public Health Inspector for bacteriological examination were satisfactory. Sewage disposal continues as in previous years and the number of path elements remaining in use again dropped to a new low figure of 87. The total number of houses in the District increased to 2,152, 34 new houses being built by private enterprises.

In presenting this report I would like to express my thanks to Mr. Marsh and the staff for their work and help during the year and also to the Chairman and members of the Public Health Committee for their constant support and interest.

I am,

Yours faithfully,

J. H. MARSH

Medical Officer of Health

Speech therapy clinic Once per week

OTHER LOCAL AUTHORITY SERVICES

Buckrose Health Divisional Co-ordinating Committee

Once every two or three months a Co-ordinating Committee, under the aegis of the County Council, meets in Bridlington to co-ordinate the work of officers in the district who are concerned with the welfare of children. The primary objects of the Committee are the prevention of cruelty to children in their own homes and the prevention of break-up of families.

On the Committee are representatives of the County Children's Department, the County Health Department, the School Welfare Department, the County Welfare Department, the Housing Managers of the District Councils, the National Assistance Board, the National Society for the Prevention of Cruelty to Children, the Women's Voluntary Service, Probation Officers and a Marriage Guidance Counsellor. Representatives of other organisations are co-opted from time to time as the need arises. Your Medical Officer of Health in his capacity as Divisional Medical Officer takes the Chair of the Committee.

PUBLIC HEALTH LABORATORY SERVICE

Specimens for bacteriological examination are sent to the Public Health Laboratory of the Medical Research Council at Hull.

VOLUNTARY ORGANISATIONS

British Red Cross

The British Red Cross Society, acting as agents for the County Council, provide a service for the loan of nursing requisites which may be needed for temporary periods for sick persons being nursed in their own homes. In the Urban District the Depot for these requisites is:-

Mrs. Shouler, Middle Street, Driffield

Health Visitors

Two Health Visitors carry on work on the District. Their office is at the Victoria Road Clinic, Deltford (telephone number 3128).

Home Nursing Service

This service is run in conjunction with Domesticity Ministry Service as detailed above.

Adaptation Service

The County Council's Adaptation Service is situated on the Victoria Road, Deltford (telephone number 3203).

Domestic Help

Home Help Service which is rendered in the District is administered from County Hall, Beverley, and all applications for this service are dealt with by the Home Help Organizer (telephone number 32121).

LOCAL EDUCATION AUTHORITY - SCHOOL HEALTH SERVICES

Home health services are carried out of all children attending Local Education Authority schools in the District. In addition the following facilities are provided at the Victoria Road Clinic, Deltford :-

- Speech therapy clinic
- Optical clinic

OTHER LOCAL AUTHORITY SERVICES

Adaptation Service Co-ordinating Committee

Once every two or three weeks a Co-ordinating Committee, under the chair of the County Council, meets in Beverley to co-ordinate the work of officers in the District who are concerned with the welfare of children. The primary objects of the Committee are the prevention of injury to children in their own homes and the prevention of break-up of families.

On the Committee are representatives of the County Council's Department, the County Health Department, the Social Welfare Department, the County Welfare Department, the Housing Department of the District Council, the National Assistance Board, the National Society for the Prevention of Cruelty to Children, the Women's Voluntary Service, Probation Officers and a Marriage Guidance Counsellor. Representatives of other organisations are co-opted from time to time as the need arises. Your Medical Officer of Health in his capacity as District Medical Officer takes the Chair of the Committee.

PUBLIC HEALTH LABORATORY SERVICE

Specimens for bacteriological examination are sent to the Public Health Laboratory of the Medical Research Council at Hull.

VOLUNTARY ORGANISATIONS

British Red Cross

The British Red Cross Society, acting as agents for the County Council, provide a service for the issue of nursing requisites which may be needed for temporary periods for which persons being nursed in their own homes. In the Urban District the Depot for these requisites is:-
