Annual Report

To THE URBAN DISTRICT COUNCIL OF EASTWOOD

Mr. Chairman, Madam and Gentlemen,

It is my privilege to present the Annual Report for 1968, which once again conforms to the requirements of the Ministry of Health.

The Infant Mortality Rate at 20 per 1,000 Live Births is higher than at any time since 1963, but if the average of the past five years is taken it will be seen that it is half the rate for England and Wales as a whole. With the relatively small population of Eastwood annual variations in this statistic tend to be pronounced.

The Birth Rate at 17.7 per 1,000 population was higher than for England and Wales, whereas the Eastwood Death Rate at 10.9 was lower than the figure for England and Wales. During the year the population increased by 120 to 11,450. Of this increase 78 was accounted for by the excess of births over deaths, and the remainder of 42 by migration.

Of the 101 notifications of infectious diseases 83 related to Measles. During the year the supply of Measles vaccine was partly withdrawn, and this caused a serious setback to the Measles vaccination programme. It may be more difficult to restart the programme when vaccine supplies are again available.

This report contains a summary of the work done by the two Public Health Inspectors. I would like to compliment them on the standards they have attained.

To the Chairman and Members of the Health Committee I wish to tender my thanks for their understanding and support.

WILLIAM R. PERRY,
Medical Officer of Health

STATISTICS AND SOCIAL CONDITIONS OF THE AREA

Area	1,178 acres
Population: Estimated by Registrar-General (mid-year, 1968)	11,450
Number of Inhabited Houses (31st December, 1968)	3,699
Rateable Value (1st January, 1968)	£311,420
(31st December, 1968)	£321,796
Product of Penny Rate (1st January, 1968)	£1,235
(31st December, 1968)	£1,287

During the period the area remained as constituted on 1st April, 1935, when the Nottinghamshire County Review Order, 1934, came into force.

EXTRACTS FROM VITAL STATISTICS FOR 1968

Live Births	Male	Female	Total
Legitimate	102	95	197
Illegitimate	1	5	6
	103	100	203

Birth Rate per 1,000 population: 17.7

Comparability Factor: 0.97

Adjusted Birth Rate: 17.16

Illegitimate live births as a percentage of total live births: 2.95

Deaths	Male	Female	Total
	68	57	125

Crude Death Rate per 1,000 population: 10.9

Comparability Factor: 1.29

Adjusted Death Rate: 14.06

Natural increase of population (excess of births over deaths): 78

Still Births	Male	Female	Total
Legitimate	—	3	3
Illegitimate	—	—	—
	—	3	3

Still Birth Rate per 1,000 total (live and still) births: 14.56

Infant Mortality

Deaths of Infants under one year of age:

Age in Weeks	Legitimate		Illegitimate		Total
	Males	Females	Males	Females	
0—1	1	1	—	—	2
2—4	1	1	—	—	2
5—52	3	1	—	—	4
Totals	5	3	—	—	8

Infant Mortality Rates

Infant Mortality Rate (deaths under one year per 1,000 Live births)	39.4
Legitimate Infant Mortality Rate (deaths under one year per 1,000 legitimate live births)	40.6
Illegitimate Infant Mortality Rate (deaths under one year per 1,000 illegitimate live births)	—
Neo-Natal Mortality Rate (deaths under four weeks per 1,000 total live births)	19.7
Early Neo-Natal Mortality Rate (deaths under one week per 1,000 total live births)	9.85
Perinatal Mortality Rate (still births and deaths under one week combined per 1,000 total live and still births)	24.27

Maternal Mortality

There were no deaths attributable to childbirth.

TOTAL DEATHS	106	85	85	105	113	117	91	97	123	95

The annual variations of the Birth and Death Rates in the District are shown in the following table:—

Year	Birth Rate Per 1,000 of the Population	Death Rate Per 1,000 of the Population	Infant Mort. Rate Per 1,000 Live Births
1959	17.73	7.77	—
1960	19.01	7.62	33.02
1961	20.73	9.85	22.62
1962	21.45	10.49	17.32
1963	21.85	10.74	33.61
1964	20.16	8.3	4.52
1965	21.47	8.71	12.5
1966	21.11	10.91	—
1967	19.2	8.4	9.0
1968	17.7	10.9	20

Comparative figures for England and Wales read as follows:—

1959	16.5	11.6	22.2
1960	17.1	11.5	21.9
1961	17.4	12.0	21.6
1962	18.0	11.9	21.6
1963	18.2	12.2	21.1
1964	18.4	11.3	19.9
1965	18.0	11.5	19.0
1966	17.7	11.7	19.0
1967	17.2	11.2	18.3
1968	16.9	11.9	18.0

PREVALENCE OF, AND CONTROL OVER INFECTIOUS AND OTHER DISEASES

General

The total number of Infectious and Notifiable Diseases notified during the year was 101, compared with 64, 88, 135, 105 and 169 for the five years immediately preceding. These cases are classified in the Tables on pages 16 and 17.

The number of notifications of each disease was as follows:—

Measles	83
Erysipelas	1
Acute Meningitis	2
Tuberculosis	1
Whooping Cough	14

Premises were disinfected where requested and disinfectant supplied to infected households.

Diphtheria

For the twenty-first year in succession no case of Diphtheria was confirmed in the District.

Details of combined Diphtheria, Whooping Cough and Tetanus Immunisation carried out in 1968 are as follows:—

Age	Under Health Dept. Arrangements	By Private Practitioners	"Boosters"	
			Under Health Dept. Arrangements	By Private Practitioners
Born in year 1968	110	7	—	—
Born in year 1967	123	32	—	—
Born in year 1966	4	2	118	15
Born in year 1965	1	1	37	5
Born in years 1961-64	9	9	176	19
Others under 16 years	—	—	—	—
Totals ...	247	51	331	39

Smallpox

Details of persons vaccinated or re-vaccinated during the year are as follows:—

Age	Primary Treatment		Re-vaccination	
	Under Health Dept. Arrangements	By Private Practitioners	Under Health Dept. Arrangements	By Private Practitioners
Under 1 year	—	—	—	—
1 year	142	2	—	—
2 - 4 years	19	13	2	—
5 - 14 „	1	4	1	—
15+ „	—	—	—	—
Totals ...	162	19	3	—

Poliomyelitis (Infantile Paralysis)

No case of poliomyelitis was reported during the year. Vaccination is now available to everyone up to the age of 40 years.

Oral vaccine became available during the early part of 1963 and is now in general use.

During the year 299 persons received a primary course and 217 received a booster dose as shown by the following table:—

	Under Health Dept. arrangements	By Private Practitioners	Totals
Primary Course ...	253	46	299
Booster Dose ...	183	34	217
Totals ...	<u>436</u>	<u>80</u>	<u>516</u>

Measles

During the year 83 cases of Measles were notified, as compared with 55 and 81 for the two preceding years.

Whooping Cough

There were 14 cases of Whooping Cough notified, as compared with 3, 3, 0 and 2 for the four preceding years.

Scarlet Fever

No case of Scarlet Fever was notified, as compared with 1, 2, 5, 11 and 3 for the preceding five years.

Pneumonia

For the third successive year no cases of Pneumonia were notified.

Tuberculosis

One case of this disease was added to the District Register during the year, as compared with 4, 1, 8, 5 and 2 during the preceding five years.

The following Table shows the age and sex distribution of the notified cases (including both new cases and cases moved into the district from elsewhere) and deaths from tuberculosis during 1968.

TUBERCULOSIS NOTIFICATIONS AND DEATHS DURING 1968

Age Groups	New Cases				Cases transferred into District				Cases removed from Register through death			
	Pulmonary		Non-Pulmonary		Pulmonary		Non-Pulmonary		Pulmonary		Non-Pulmonary	
	M.	F.	M.	F.	M.	F.	M.	F.	M.	F.	M.	F.
Under 1 year	—	—	—	—	—	—	—	—	—	—	—	—
1 - 4 years	—	—	—	—	—	—	—	—	—	—	—	—
5 - 14 "	—	—	—	—	—	—	—	—	—	—	—	—
15 - 24 "	—	—	—	—	—	—	—	—	—	—	—	—
25 - 34 "	—	—	—	—	—	—	—	—	—	—	—	—
35 - 44 "	1	—	—	—	—	—	—	—	—	—	—	—
45 - 54 "	—	—	—	—	—	—	—	—	—	—	—	—
55 - 64 "	—	—	—	—	—	—	—	—	—	—	—	—
65 years +	—	—	—	—	—	—	—	—	—	—	—	—
Totals ...	1	—	—	—	—	—	—	—	—	1	—	—

There were 30 names of persons residing in the District on the Register of Cases on the 31st December, 1968, as follows:—

Pulmonary Cases	Non-Pulmonary Cases
10 males	2 males
16 females	2 females

B.C.G. Vaccination of Schoolchildren

Vaccination against Tuberculosis was carried out by the Medical Officer of Health. All schoolchildren of 10 years of age and over are eligible.

The procedure consists of a preliminary skin test to find out who would benefit from the protection which B.C.G. vaccination confers. These children are known as the negative reactors to the test. Those who have a positive reaction are not vaccinated, but are referred for a full chest X-Ray, and are subsequently kept under review.

The B.C.G. procedure is thus of two-fold value. It enables those who have not been in contact with the tuberculosis germ to be vaccinated and so protected for the future, whereas the children who have already been in contact with the germ can be examined by X-Ray and kept under supervision.

The following table summarises the work done:—

School	Skin Tested	X-Ray	Total Vaccinated
Walker Street County Secondary	139	19	114
Eastwood Hall Park Co. Sec. Tech.	92	18	70

GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA

Public Health Officers

A list of Public Health Officers appears at the commencement of this Report.

Laboratory Facilities

Under the National Health Service Act, 1946, samples and specimens are sent to the Public Health Laboratory, City and Sherwood Hospitals, Hucknall Road, Nottingham (Telephone No. Nottingham 65065).

Mortuary Accommodation

The Mortuary, which is situated at the rear of the Council Offices, Church Street, Eastwood, was used on 42 occasions during the year as compared with 44 for the year 1967. Of these 42 cases, 25 related to persons whose death occurred outside the Urban District.

Mortuary facilities serve the adjoining Parishes of Brinsley, Greasley, Awsworth, Kimberley and Nuthall. The Rural District Council of Basford, by agreement, are responsible for the payment of fees in respect of persons brought from their district. These fees at the present time are 10s. for the use of the Mortuary with an additional charge of 10s. when a post-mortem is held. These charges have remained unchanged since this service was made available in September, 1948.

Ambulance Facilities

The Ambulance Service is administered by the Nottinghamshire County Council, and the Sub-Station is at Nottingham Road, Eastwood.

An ambulance is summoned by telephoning to the County Ambulance Control, **Telephone Nottm. 82603**, and in the event of an Eastwood ambulance not being available a vehicle is despatched from the nearest County Station.

Hospital Service

The hospitals serving this area are at Nottingham (9 miles); Heanor (3 miles); Ilkeston (5 miles); and Mansfield (13 miles).

Application for admission to general hospitals is made direct to the hospital through a doctor or other responsible person. Maternity cases requiring hospital confinement are normally referred to the hospital by the doctor at the Ante-Natal Clinic or by a general practitioner.

Cases of tuberculosis requiring admission to sanatoria are referred to the Chest Physician, Nottingham and District Chest Centre, Gregory Boulevard, Nottingham. (Telephone No.: Nottingham 73019).

The Sheffield Regional Hospital Board controls the Infectious Diseases Hospitals which serve this area. All admissions and discharges of infectious disease cases are notified to the District Medical Officer of Health.

The Lodge Moor Isolation Hospital at Sheffield has been designated by the Board to serve this area for the reception of cases of smallpox.

Treatment Centres and Clinics

The following services are under the control of the Nottinghamshire County Council: Child Welfare Centre, Ante-Natal Clinic and School Clinic.

Tuberculosis Dispensaries are at Mansfield, Newark, Nottingham, Retford and Worksop.

Venereal Diseases Treatment Centres are at Mansfield and Nottingham.

Nursing in the Home

Four District Nurses reside in the area for the purpose of treating non-infectious cases. Their nursing area includes the adjoining Parish of Greasley in the Rural District of Basford.

The service is free, and a District Nurse will always do her best to answer an emergency call without waiting for formalities to be completed. In non-emergency cases the Nurse will attend at the request of the private doctor.

The nurses operate from the following addresses:—

314 Nottingham Road, Eastwood (Tel.: Langley Mill 3371).

9 Derby Road, Eastwood (Tel.: Langley Mill 3710).

47 Park Crescent, Eastwood (Tel.: Langley Mill 3440).

47 Ratcliffe Street, Eastwood (Tel.: Langley Mill 5762).

Midwifery Service

There are four Midwives practising and residing in the Urban District. Gas and Air Analgesia during child-birth is available to all persons residing in the area.

It is very important that an expectant mother should book her Midwife (and her doctor if she so desires) very early in her pregnancy. Names and addresses of Midwives can be obtained from the Notts. County Council, County Hall, West Bridgford, Nottingham. (Tel. Nottm. 83366).

Home Help Service

Home Helps are provided by the County Council and are available throughout the area where service is required owing to the presence of any person who is ill, lying-in, an expectant mother, aged, mentally defective, or a child not over compulsory school age.

In maternity cases a Home Help attends daily for two weeks from the birth of the baby, excluding Saturday afternoons and Sunday, and her duties include ordinary domestic work such as cleaning, cooking, washing, care of children, mending and shopping.

In general cases of sickness, or when assisting in the households of old or infirm people, Home Helps undertake such of the above duties as may be necessary. Part-time help can be arranged.

The charge for this service is 5s. 3d. per hour, but where the applicant is unable to afford this amount the County Council's Scale of Assistance is applied.

The office address is: Home Help Service, Watnall Road, Hucknall. (Telephone No.: Hucknall 3596).

Health Visiting

There are three Health Visitors employed by the Nottinghamshire County Council on Maternity and Child Welfare work in the district. The services of a Health Visitor may be secured by calling at the County Health Centre.

Prevention of Illness, Care and After-Care

Facilities provided by the Nottinghamshire County Council, as the Local Health Authority under Part III. of the National Health Service Act, 1946, for the prevention of illness, care and after-care are summarised below.

Tuberculosis

By arrangement with the County Council, the Nottingham and Nottinghamshire Association for the Prevention of Tuberculosis carries out valuable social work, designed not only to facilitate the patient's recovery by solving the special problems of the tuberculosis household, but also to influence the domestic and working environment so as to minimise the chances of relapse and to protect family contacts.

The County Council organise domiciliary visits by trained Health Visitors, provide for the loan of shelters to appropriate cases and arrange rehabilitation at the Sherwood Village Settlement.

B.C.G. vaccination of contacts against tuberculosis is also available through the Chest Physician employed jointly by the County Council and Regional Hospital Board.

Other Types of Illness

- (a) Almoner Service to help and advise on all social problems, including general care and after-care, convalescence and admission to hospital of chronic sick and senile patients.
- (b) Loan of nursing equipment and appliances to patients being nursed at home.
- (c) Convalescence (not involving active medical treatment) —on the recommendation of a general practitioner and

subject to contribution by applicants towards the cost involved according to their financial circumstances.

- (d) Infectious Diseases—routine visits by Health Visitors to advise and assist in the prevention of spread of infection.
- (e) Venereal Diseases—follow-up work by Almoners.
- (f) Health Education, including courses of instruction, special lectures to established organisations (including the use of films and film-strips) and the issue of pamphlets, brochures and posters.
- (g) Chiropody services for persons of pensionable age through Old People's Welfare Committees, and for handicapped persons or expectant mothers on individual medical certification.

WELFARE FOODS SERVICE

The issue of Welfare Foods was materially changed when the Government announced that as from 1st June, 1961, Welfare Foods, other than milk, would be sold at prices to cover the cost, i.e.:—

Orange Juice: 1s. 6d. per bottle (previously 5d. per bottle).

Cod Liver Oil: 1s. per bottle (previously free against tokens).

Vitamin Tablets: 6d. per packet (previously free against tokens).

Entitlement is restricted to nursing and expectant mothers, children up to five years old and handicapped children, without the need for tokens, except in cases of hardship, when tokens for free supplies may be obtained.

Welfare Foods are distributed from the County Health Clinic, Nottingham Road.

NOTTINGHAMSHIRE COUNTY COUNCIL ACT, 1951

Establishments for Massage or Special Treatment

Part VII. of this Act came into force on the 10th March, 1952, in the Eastwood Urban District and the powers and duties applicable to this section have been delegated to the Eastwood Urban District Council.

At the end of the year there was one licensed establishment in the District for massage or special treatment at No. 140, Nottingham Road.

NATIONAL ASSISTANCE ACT, 1948

The District Welfare Officer for the Eastwood District is Mr. P. Mullins—office address: Halifax House, Station Road, Hucknall (Telephone No.: Hucknall 2093).

Homes for the Aged

The National Assistance Act, 1948, places a duty and responsibility on County and Borough Councils to provide residential accommodation for persons who, by reason of old age, infirmity or other circumstances, are in need of care and attention which is not otherwise available to them.

For this purpose, the Nottinghamshire County Council maintains 24 Homes, all of which are occupied to capacity. Details of the accommodation are as follows:—

1. "Ashcroft," Sutton-in-Ashfield: 50 men and women.
2. "Beech Hill," Mansfield: 50 men and women.
3. "Bridgeway," Mansfield: 50 men and women.
4. "Clayworth Hall," Nr. Retford: 13 men and 7 women.
5. "Daleside," Mansfield Woodhouse: 50 men and women.
6. "Fairfield," Edwalton: 50 men and women.
7. "Gatelea," Worksop: 50 men and women.
8. "Gedling Manor," Carlton: 9 men and 24 women.
9. "Goodwood," Arnold: 50 men and women.
10. "Greet House," Southwell: 82 women.
11. "Hillcrest," Retford: 62 men and 56 women.
12. "Kirklands," Kirkby-in-Ashfield: 10 men and 28 women.
13. "Moorlands," Bingham: 50 men and women.
14. "Mount Vernon," Retford: 21 women.
15. "Oaklands," Retford: 6 men and 13 women.
16. "Parkside," Worksop: 27 men and women.
17. "South Manor" Ruddington: 11 men and 25 women.
18. "South Muskham Prebend," Southwell: 8 men and 22 women.
19. "Springfield," Hucknall: 50 men and women.
20. "The Hassocks," Beeston: 10 men and 28 women.
21. "The Old Hall," Balderton: 8 men and 10 women.
22. "The Old Vicarage," Southwell: 8 men and 11 women.
23. "The Rushes," Stapleford: 50 men and women.
24. "Woodlands," Kimberley: 50 men and women.

The homes are provided for elderly persons of both sexes, including married couples who, on account of advancing years or infirmity, are no longer able to look after themselves in their own homes and have no one able and willing to look after and care for them. They are not intended for sick persons who need constant medical attention or nursing care, but residents suffering from minor ailments are looked after as in ordinary households.

The maximum charge of £10 7s. 8d. per week is made at present, but residents who cannot afford to pay this amount are required to pay only what they can afford. For example, a resident whose only income is a retirement pension, an old age pension or a National Assistance Board Allowance, keeps 18s. 0d. per week for personal spending.

Short Stay Accommodation

Limited facilities are available for the accommodation for short periods of aged people normally receiving care and attention from relatives to enable such relatives to have a holiday or otherwise to have a short period of relief from their responsibilities.

Welfare Services for the Physically Handicapped

The Home Teaching Service for the Blind was operated by the County Council, and other welfare services for the Blind and

Partially Sighted were provided through the agency of the Royal Midland Institution for the Blind. Advice and a comprehensive range of services for persons permanently and substantially handicapped by other forms of physical disability are available through the County Welfare Department.

An occupational service, designed to provide minor outwork and handicrafts for handicapped persons in their homes or at centres and staffed by qualified occupational therapists, has been established by the County Council and operates throughout the county. Adaptations are carried out at the homes of crippled people and a variety of aids and fixtures can be provided to enable them to be as independent as possible. Provision is made for holiday grants to registered disabled persons and short stay accommodation is arranged, when vacancies can be obtained, for those who need constant care and attention.

A qualified Welfare Officer for the Deaf is available to help the deaf/dumb and the very severely hard of hearing throughout the county. He acts as interpreter whenever such assistance is required—at medical examinations, for example, and at marriages, baptisms, court hearings and interviews with the police or other officials—and works in liaison with the Nottingham Institute for the Deaf, which continues to provide group services.

The need of handicapped persons in any category for voluntary services is referred by the County Welfare Officer to the appropriate organisations.

Handicapped persons are advised to apply to any of the Social Welfare Officers or to the County Welfare Officer at the County Hall, West Bridgford, Nottingham.

Burial or Cremation of the Dead (Section 50)

No burials or cremations under this Section of the Act were required during the year.

National Assistance (Amendment) Act, 1951

The Council has authorised the Medical Officer of Health to make applications under this Act to a Court of Summary Jurisdiction or to a single Justice of the Peace for an order for the urgent removal of certain persons from the premises in which they are residing to a hospital or other place, instead of such application being made by the Council.

No applications for Orders under this Act were made in 1968.

CHILDREN ACT, 1948, AND CHILDREN AND YOUNG PERSONS' ACT, 1933

Officers covering the area of the Eastwood Urban District Council are:—

Area Children's Officer: Mr. J. R. Barker

Child Care Officer: Mr. D. H. Horn

Oban House, 8, Chilwell Road, Beeston, Nottingham.

Tel.: Nottingham 256267.

The Children's Department of the Nottinghamshire County Council is charged with the responsibility of investigating com-

plaints about the welfare of children and taking those into its care who are not properly looked after. Proceedings may be taken and the children committed to the care of the Council through the Juvenile Courts. The Department also receives applications from parents and others who have the care of children and may take these children into its care.

Children's Homes are maintained in most parts of the County and, in addition, there are two hostels for young working people, two approved schools and a remand home for boys. Apart from taking a child into its care, the Department may secure that proper provision is made through one or other Welfare Services or take action to bring about the rehabilitation of problem families or supervise the welfare of children in their homes in certain circumstances.

As many as possible of the children in the care of the Council are placed in foster homes, and the Visiting Officers are always glad to hear of members of the general public who are prepared to help in this way, and to give further information about the Council's scheme.

Special efforts were made to cater for children who needed to be cared for temporarily in circumstances such as the admission of the mother to hospital for operation or confinement. In this connection, an endeavour has been made to build up a panel of foster parents who would be prepared to take into their homes a small family of two or three children at short notice. Adequate boarding allowances are paid to these foster parents who take children on a temporary basis and help is given by the loan of beds, cots and prams where necessary.

Child Protection

Section 3 of the Children Act, 1958, requires that every person who proposes to maintain a foster-child shall give written notice not less than two weeks before he receives the child, to the Children's Officer, County Hall, West Bridgford, Nottingham. A foster-child as defined by Section 2 of the Act means a child below the upper limit of the compulsory school age whose care and maintenance, apart from the parents, are undertaken for reward for a period exceeding one month by a person who is not a relative or guardian of his.

Adoption

Section 3 of the Adoption Act, 1958, requires that, except where one of the applicants is a parent, before any application for an Adoption Order in respect of a child under the upper limit of the compulsory school age is presented to the court the Children's Officer must have received three months' prior notice from the applicants of their intention to apply for the Order. Such notice will only take effect from the date on which the child is six weeks old.

Third Party Placements

When any person, other than a parent or guardian, makes arrangements for a child below the upper limit of the compulsory school age to be placed in the care and possession of another person who is not a relative of the child, then the person making the arrangements is required to give the Children's Officer at least fourteen days' prior notice of the intended placement. This provision is made to safeguard children who are not placed for reward or adoption by a person who is not a relative or guardian.

REPORT OF THE PUBLIC HEALTH INSPECTORS

We have the honour to present our third annual report on the work carried out by the Public Health Inspectors.

Complaints about such diverse matters as housing, food, noise, smoke nuisances and rodent infestations continue to be received. However, not all members of the public who visit our office are there to complain about these things. Calls for help and advice in relation to various problems involving environmental hygiene are also received. Concern is felt at the decrease in applications for grants towards the improvement of older houses, and when negotiations to acquire 23 tenanted dwellings, under the same ownership, collapsed a tremendous opportunity was lost, not only to secure their improvement by means of Ministry grant, but also of increasing our existing housing stock, thereby assisting the slum clearance programme. June saw the formation of the joint Health and Housing Committee to the benefit of both members and officers involved in matters common to both departments.

We wish to express our thanks to the members of the Council, and particularly the Chairman and members of the Health and Housing Committee, for their continued support.

T. F. HERMAN,

A. J. PARKIN,

Public Health Inspectors.

SANITARY CIRCUMSTANCES OF THE AREA

Water

All houses within the district are provided with a piped water supply by the City of Nottingham Water Department, and taken in bulk from the Derwent Valley Water Board.

No samples were taken by this Authority, but the City Analyst makes bacteriological and chemical examinations monthly of samples taken at Eastwood Filtration Works both before and after treatment and, by special arrangement with the Corporation's Medical Officer of Health, less detailed bacteriological examinations are made weekly.

The supply was again satisfactory in both volume and pressure. Approximately 226 yards of 6in., 142 yards of 4in. and 193 yards of 3in. diameter mains were laid for housing developments at Church Street. The Statutory Undertakers did not artificially increase the Fluoride content of any of its waters, but all water supplied is between the limits of 0.025 and 0.07 parts per million. The water was not found to be plumbo solvent.

A typical analysis of a sample taken from the Eastwood Filtration Works by the City of Nottingham Water Department is as follows:—

Results in Parts Per Million

Total Solids	94
Sal. Ammonia	0.030
Alb. Ammonia	0.038
Oxygen Demand	0.32
Nitrite N.	0.04
Nitrate N.	0.82
Chloride C.1	11
Carb. Hardness	25
Non-Carb. Hardness	27
Total Hardness	52
Silica SiO ₂	4
Colour	10
pH	9.1
Iron Fe	0.42
Free CO ₂	Nil
Calcium Ca.	12.0
Magnesium Mg.	5.3

Observations: All results normal and satisfactory, and at all times fit for potable supply.

Drainage and Sewerage

The whole of the district is provided with sewers with the exception of three small low-lying areas near the south-west boundary, in which two houses are provided with pail closets.

Good progress was made at the new outfall works under construction at Newthorpe (joint with Basford R.D.C.) to the effect that it was hoped that the present restrictions on building development in Eastwood would soon be lifted.

Work on new trunk sewers in connection with the new disposal works and passing through Eastwood from the Basford Rural District was commenced. No other main sewers were laid.

Rivers and Streams

The Beauvale Brook on part of the northern boundary and the Nethergreen Brook on part of the eastern boundary of the district join the River Erewash, which forms the urban district and county boundaries on the western side of the district.

All three are controlled by the Trent River Board under powers conferred by the River Boards Act, 1948, and the Board retains the services of special Rivers Inspectors to deal with river pollution.

INSPECTION AND SUPERVISION OF MEAT AND OTHER FOODS

Slaughtering and Meat Inspection

All animals slaughtered within the district were inspected by the Council's Public Health Inspectors. The Inspectors' duties included ante and post-mortem examinations of pigs, the supervision of slaughterhouse hygiene and securing the prevention of cruelty. No cattle or sheep were slaughtered.

Some 18 minor offences relating to unhygienic practices were noted, and these were dealt with informally and consequently remedied.

The number of licensed slaughterhouses in the district at the end of the year was as follows:—

Private Slaughterhouses	2	
Public Slaughterhouses		Nil

There are no Knackers Yards in the district.

	Sheep and Lambs	Pigs
Total No. killed		22138
Number inspected		22138
All diseases except Tuberculosis—		
Whole carcasses condemned		10
Carcasses of which some part or organ was condemned ...		2057
Percentage of the number inspected affected with disease other than Tuberculosis		9.3%
Tuberculosis only—		
Whole carcasses condemned		—
Carcasses of which some part or organ was condemned		63
Percentage of the number inspected affected with Tuberculosis		0.3%

Total weight of meat condemned as a result of the above inspections: 5,718lbs.

Details of whole carcasses condemned (Pigs):—

Disease or Condition	No. of Carcasses
Multiple Abscesses	2
Pyæmia	1
Acute Septic Metritis	1
Malignant Tumours	1
Septicaemia	1
Pathological Emaciation	1
Fevered and Badly Bled	1
	<hr style="width: 10%; margin-left: auto; margin-right: 0;"/>
	8
Dead in lairs, etc.	4
	<hr style="width: 10%; margin-left: auto; margin-right: 0;"/>
	12
	<hr style="width: 10%; margin-left: auto; margin-right: 0;"/>

Slaughter of Animals' Act, 1958

Thirteen persons were licensed as Slaughtermen under the provisions of the Act, all licences being renewable annually.

Condemned Foodstuffs (other than Fresh Meat)

During the year the following foods were surrendered as being unfit for human consumption:—

	lbs.
Meat at Retail Shops	63
Meat Products	96
Fish	44
Other Foods	312
	<hr style="width: 10%; margin-left: auto; margin-right: 0;"/>
Total Weight (in lbs.)	515
	<hr style="width: 10%; margin-left: auto; margin-right: 0;"/>

Food and Drugs Act, 1955 (Section 2)

During the year four complaints of food purchased, not of the nature, substance or quality demanded were made to the department.

All complaints were thoroughly investigated and where appropriate the manufacturers were cautioned. It was decided not to take legal proceedings in any one of the four cases.

Food Hygiene (General) Regulations, 1960

During the year 210 visits were made to Food Premises within the district. The total number of premises to which the Regulations were to be enforced were 119. At no time was it found necessary to recommend the institution of legal proceedings, but in 38 instances informal action was taken to remedy minor contraventions of the Regulations. During visits to Food Premises the Public Health Inspectors readily gave advice as to the necessity of clean food handling and, in particular, the importance of hand washing and personal cleanliness.

MILK AND DAIRIES

Milk and Dairies (General) Regulations, 1959

At the end of the year ten persons were registered as Distributors of milk.

Milk (Special Designations) (Pasteurised and Sterilised) Milk Regulations

These Regulations are enforced by the County Council and we are indebted to Mr. Gregory, the Chief Inspector of Weights and Measures, for the following information regarding milk sampling:—

Article	No. of samples obtained	No. found to be satisfactory	No. found to be unsatisfactory
Pasteurised Milk	97	97	—
Sterilised Milk	5	5	—
Milk Bottles (bacteriological)	36	36	—

Ice Cream.

No new applications for the registration of premises for the sale and storage of ice cream were received.

The number of premises on the Register at the end of the year was 53.

HOUSING STATISTICS

Number of houses erected during the year:—

- (a) By the Local Authority 32 (Flats)
- (b) By Private Enterprise 22

1.—Inspection of Dwelling-houses during the year:—

- (1) (a) Total number of dwelling-houses inspected for housing defects (under Public Health or Housing Acts) 77
- (b) Number of inspections made for the purpose 207
- (2) (a) Number of dwelling-houses included under sub-head (1) above) which were inspected and recorded under the Housing Consolidated Regulations Nil
- (b) Number of inspections made for the purpose Nil
- (3) Number of dwelling-houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation 12
- (4) Number of dwelling-houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation 54

2.—Remedy of Defects during the year without service of formal Notices:—

- Number of defective dwelling-houses rendered fit in consequence of informal action by the Local Authority or their Officers 63

3.—Action under Statutory Powers during the year:—

- (a) Proceedings under Sections 9, 10 and 12 of the Housing Act, 1957:—
 - (1) Number of dwelling-houses in respect of which Notices were served requiring repairs Nil
 - (2) Number of dwelling-houses which were rendered fit after service of formal Notices:—
 - (a) By owners Nil
 - (b) By Local Authority in default of owners Nil
- (b) Proceedings under Public Health Acts:—
 - (1) Number of dwelling-houses in respect of which Notices were served requiring defects to be remedied 3
 - (2) Number of dwelling-houses in which defects were remedied after service of formal Notices:—
 - (a) By owners 3
 - (b) By Local Authority in default of owners Nil

- (c) Proceedings under Sections 16, 17 and 23 of the Housing Act, 1957:—
- | | |
|---|-----|
| (1) Number of dwelling-houses in respect of which Demolition Orders were made | 1 |
| (2) Number of dwelling-houses demolished in pursuance of Demolition Orders | 4 |
| (3) Number of dwelling-houses demolished in pursuance of Clearing Orders | Nil |
| (4) Number of dwelling-houses in respect of which Closing Orders were made | 2 |
| (5) Number of dwelling-houses in respect of which Closing Orders were determined, the dwelling-house having been rendered fit ... | Nil |
- (d) Proceedings under Section 18 of the Housing Act, 1957:—
- | | |
|---|-----|
| (1) Number of separate tenements or underground rooms in respect of which Closing Orders were made | Nil |
| (2) Number of separate tenements or underground rooms in respect of which Closing Orders have been determined, the tenement or room having been made fit | Nil |
- (e) Proceedings under Sections 10 and 11 of the Local Government (Miscellaneous Provisions) Act, 1953:—
- | | |
|---|-----|
| Number of dwelling-houses in respect of which Closing Orders were made | Nil |
|---|-----|

4.—Housing Act, 1957, Part IV.—Overcrowding:—

Three complaints of overcrowding were received during the year, but on inspection only one case of statutory overcrowding existed, and this was resolved by the family concerned leaving the district.

5.—House Purchase and Housing Act, 1959.

Housing Acts, 1961-64.

Improvement of Houses by Standard Grants

During the year 29 applications were received for Standard Grants towards the cost of providing the five basic housing improvements—a bath or shower, a wash-hand basin, an internal water closet, a hot water system and a food store. Particulars relating to these applications are as follows:—

Number of houses in respect of which application for grants were received	29
Number of applications approved	29
Number of houses improved during the year	27
Average permissible grant per house	£122
Average actual grant per house	£110

HOUSING

The following table shows the number of houses erected since 1921:—

Year	Houses Erected by the Council	Houses Erected by Private Enterprise	Total
1921	18 (Addison Villas)	—	18
1922	22 (do.)	—	22
1923	—	1	1
1924	—	10	10
1925	—	42	42
1926	—	18	18
1927	—	6	6
1928	—	3	3
1929	—	6	6
1930	50 (South Street)	1	51
1931	53 (do.)	9	62
1932	40 (do.)	12	52
1933	20 (do.)	6	26
1934	—	12	12
1935	30 (Newthorpe Common) ...	11	41
1936	4 (South Street)	29	33
1937	26 (Newthorpe Common) ...	38	64
1938	32 (Mill Road)	15	47
1939	—	4	4
1940-45	—	—	—

SANITARY ADMINISTRATION

Public Health Inspection of the Area

1.	Total number of complaints received	410
2.	Total number of complaints remedied	402
3.	Total number of inspections made during the period ...	3830
4.	Total number of Notices served during the period:	
	(a) Informal	153
	(b) Statutory	3
5.	Total number of Notices complied with during the period:	
	(a) Informal	126
	(b) Statutory	3

Offices, Shops and Railway Premises Act, 1963

Visits continued as in previous years and in all 102 visits were made to premises, 75 of these being registered premises, and the remaining 27 were found not to require registration.

Twenty premises received notices in respect of some 40 minor contraventions, and in addition to this 54 notices were found to have been complied with during the year.

One accident (non-fatal) was notified in the year.

The following tables contain prescribed particulars submitted to the Minister of Labour as required by Section 60 of the Act.

	(1) Class of premises	(2) Number of premises newly registered during the year	(3) Total number of registered premises at end of year	(4) Number of registered premises receiving one or more general inspections during the year
TABLE A REGISTRATIONS AND GENERAL INSPECTIONS	Offices	—	20	5
	Retail shops	3	88	50
	Wholesale shops, warehouses	—	4	3
	Catering establishments open to the public, canteens	—	5	5

Retail shops				
Offices				
Wholesale shops, warehouses				
Catering establishments open to public, canteens			NIL	
Fuel storage depots				

Prevention of Damage by Pests Act, 1949

Forty-five complaints of rats and mice were received in the year. In addition, a further 162 properties were surveyed for the presence of rats and mice. Eighty-seven properties in all were found to be infested and these were treated by poisoning with Warfarin.

The Council's refuse tip was visited regularly and treated for rat infestations.

Eighty-nine complaints of insect pests were also received and dealt with.

The district sewers were test baited in Spring, 1968, and a six-monthly maintenance treatment was carried out to them.

Atmospheric Pollution

Observations of industrial chimneys were carried out from time to time and on two occasions contraventions of the Dark Smoke (Permitted Periods) Regulations, 1958, were noted, but were subsequently remedied after informal actions.

No applications for prior approval of the installation of new plant or chimneys were received in the year, and no smoke nuisance arose from the one colliery spoilbank in the district.

Noise Abatement Act, 1960

Two complaints of noise nuisance were received and dealt with informally.

Pet Animals Act, 1951

One application for the renewal of a licence under this Act was received and granted in respect of a pet shop.

Moveable Dwellings

There were no sites licensed under the Caravan Sites and Control of Development Act, 1960.

Scrap Metal Dealers Act, 1964

Of the three scrap metal dealers previously registered, only one applied for re-registration, and a certificate of registration was duly granted.

Petroleum (Regulations) Acts, 1928 and 1936

Number of Licences issued to store Petroleum	12
Number of Licences issued to store Carbide of Calcium	Nil
Total storage capacity for Petroleum Spirit (Galls.)	39,500
Total Fees collected	£12 10 0
Number of inspections of licensed stores	24

All licensed premises have been regularly inspected and found to comply with the conditions of the Licences issued.

FACTORIES ACT, 1961
